3-4-16d-3tw

On the 1st of April

A. H. Gray & Son will start a campaign for the benefit of every person in Barnes County. But more particular to benefit all who have been sending for their groceries to catalog houses. We have arranged with Eastern Firms to stay by us in this effort of keeping the money at home plan, and to do this we will have Solicitors call on every family in Barnes County with prices at wholesale and goods superior to any for the price. These canvassers will begin work on the 1st day of April, and will call on every family and give them a chance to get good goods at low prices, so be ready for them. Get out your list that you have prepared to send below for prices, and compare same with our canvasser's prices and we will defy any reliable firm to sell you any better goods at any better prices than we will offer you. Be sure and hold your orders until they come and they will figure with you, and be of great benefit in helping you to select the best articles at the best prices.

The men that will call on you are well known and reliable business men, well posted on prices and we know they will interest you. Don't order until you see them. This enterprise will be under the exclusive management of John W. Weiser, a man you all know, a man that has lived among you for many years, a man that you all have confidence in and his long experience in business, and honest dealings will give you confidence in all he does.

**A Big Chi-Namel
Demonstration
That Is Different**

You can ask the Demonstrator to show you any Chi-Namel product you may be interested in, actually applied.

For instance—White Enamel, Porch Furniture Enamel, Gold and Aluminum Paint, Floor Wax, Furniture Polish, Colored Varnishes for staining and varnishing with one application.

She will not merely show you the package containing these materials, but show it IN THE BRUSH, and applied before your eyes—in fact, you can take the brush and apply it yourself.

You can see the actual colors—see how easy it is to apply—how all brush marks disappear before it hardens.

This will be a demonstration worth while for any one who is responsible for the care and good appearance of the interior woodwork and furniture of a home.

By asking for a demonstration of any particular Chi-Namel product you will not place yourself under obligation to buy; this demonstration is to acquaint the public with the use and economy of the home.
