CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists.

The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it upbuilds the resistive forces of the body to avoid colds and prevent consumption.

If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes. "4-22" Scott & Bowne, Bloomfield, N. J.
