

BAND OF SHEYENNE WARRIORS AT "OLD SETTLERS MEETING"

At the annual meeting of the Barnes County Pioneer Club at the Armory on Friday, Nov. 13th, one of the interesting features will be an Indian War Dance. John Maresch, the old Indian fighter, will be there with a band of Northern Sheyenne Indians and will put on a real dance. Mr. Maresch campaigned with Generals Miles, Scully and Stanley throughout the western part of North Dakota during the early seventies and has seen the Indians dance the real dance. He has assured the writer that his band of braves from the Northern Sheyenne tribe who will be with him at the old settlers meeting and will reproduce the old dance as given during early days. The old Indian fighter will be glad to meet all his old friends on the 13th and trusts that all the Old Settlers of Barnes County will attend this blowout.

The small son of Ben Stuit of Ellington wandered from home and was lost 24 hours on the prairie before found by a searching party of neighbors.

Saturday afternoon the K. P. Hall was the scene of a beautiful party given by four hostesses who were Mesdames Westergaard, D. S. Ritchie, A. W. Macdonald and John Tracy. About one hundred and fifty guests were present. The hours from from 2:30 to 5:30 and the decorations and lunch-ettes were carried out entirely in the Halloween colors and favors. Mrs. L. B. McMullen very ably acted the part of the witch who told the fortunes of the guests. Very delicious refreshments were served and which further carried out the Halloween scheme. This was one of the largest and most enjoyable social events of the season.

FINISH OF TURKEY IS SEEN BY RUSSIA

Rome, Nov. 2.—The Russian ambassador to Italy, A. Krupenski, in a statement here today regarding the Turkish attacks in the Black Sea, said that the action of Constantinople can only be defined as "Turkish." He declared that the Turks had committed a fearful error, and that it would mark the end of Turkey as a European state.

The Servian minister, L. Michalovich, declared that the Turkish invasion would help toward the solution of long pending questions, such as that of the Dardanelles. He said he did not believe that the Balkans would be affected as Turkey would be obliged to gather all her forces against Russia.

PE-RU-NA LAXATIVE-TONIC

"I was taken with a severe headache and cold, which finally brought on constipation and bowel trouble. Physics of all kinds were used, and we were obliged to resort to the fountain syringe for help. I could drink castor oil like water, but it did no good. Salts were of no use. The doctors were puzzled. After using three bottles of Peruna I consider myself entirely well." Mr. John B. Capers, No. 610 Pecan St., Fort Worth, Texas.

LONDON, Nov. 2.—Although official communications do not spread much light upon the situation in West Flanders, other reports emanating from Holland indicate that the German retirement from the coast south of Ostend is imminent. It is again reported the invaders have evacuated Ostend. Those rumors, however, are not confirmed from Berlin, which claims some advance along the Ypres line.

The city of Lille is declared in special dispatches to again be free of German troops, and its hopeful citizens are so confident that the Germans will never return that plans are being made to resume the usual civic functions.

That Germany has by no means given up its determination to take Calais is indicated by the government report from Berlin by way of Copenhagen, that the German general staff has decided that the army of Poland shall fall back to the frontier of Silesia, and remain there on the defensive until the battle in Flanders ends with the capture of Calais. Such a movement would release three or four army corps to be transferred from Silesia to Belgium.

FOOTSORE AND WEARY BESS CAME BACK

Dog stories, like the outlawed fish story, always require considerable proof before they can be submitted, however in this instance Charley Lund the insurance man vouches for the dog being here and having sore feet, which ought to be sufficient evidence for the most skeptical, but to get to the story. About six weeks ago James McIntyre and family left here for their future home in East Colby, Mont., and took with them a hunting dog named Bess, who accompanied them on the train to their new home. Last evening Bess appeared at the door of the home formerly occupied by Mr. and Mrs. McIntyre, hungry, foot sore and bearing all the earmarks of having taken a rather long and strenuous journey. It is about 600 miles to East Colby and assuming that the dog walked all the way it displayed a degree of intelligence hardly to be expected in a dog where.

Allies Hold Own—Germans Rushing In Fresh Troops to Reinforce Points Where Supreme Test Will Come.

Tokio, Oct. 30.—The Russian embassy here announces that Turkey has opened war on Russia.

London, Oct. 30.—The Chronicle's Paris correspondent says that, with a view of detaching France from the allies, Germany has made an offer to conclude peace on the basis of the cession of Metz and possibly a portion of Alsace to France. The report says the offer was rejected.

London, Oct. 30.—The battle of In- ser, and the series of fights which have taken place along the whole front in Belgian and French territory, appear, with the troops now exhausted to have degenerated into numerous isolated attacks in which the gains and losses are about equally divided.

On that part of the battle front which is nearest the sea, where the Germans have been trying to reach Dunkirk and eventually Calais, there has been a day of comparative calm. The Germans seem to have transferred their more serious offerings farther inland, trying to break through the allies' lines from Lille. However, nothing of great moment is likely to occur until new reinforcements arrive to fill the gaps in the tired lines.

Reports indicate the Russians are making marked progress. In South Africa, the situation appears more favorable.

The casualty listed Dated Oct. 24 to Oct. 27, was issued tonight and gives the names of 23 officers killed, 48 wounded and 17 missing. Among the killed are Capt. Hon. Henry Stanley Monck of the Gold Stream guards, heir of Viscount Monck, and Lieutenant Colonel W. L. Loring of the Royal Warwickshire regiment.

Berlin, Oct. 30.—The official report issued by the German general army headquarters today says:

"In the northeastern theatre of war, our attacks are progressing. During the last three weeks 13,500 Russians, 30 cannon and 36 machine guns have been taken.

"In the southeastern war arena the situation is unchanged. Our attacks to the south of Neuport are gaining ground. At Ypres the battle is unchanged.

"In the southeastern war arena the situation is unchanged. Our attacks to the south of Neuport are gaining ground. At Ypres the battle is unchanged.

"To the west of Lille our troops are making good progress. Several fortified positions of the enemy have

been taken. Sixteen British officers were captured. The French counter attacks everywhere have been repulsed. The French battery stationed before the cathedral of Rheims and the artillery observers posted on the steeple of the cathedral have been bombarded.

"In the Argonne region the enemy has been chased from several trenches. Some machine guns have been captured. To the south and west of Verdun severe French attacks have been repulsed. In counter attacks we succeeded in breaking through the French lines to the main position of the enemy, which was occupied. The French suffered terrible losses. To the east of Moselle all attacks of the enemy have been repulsed."

Washington, Oct. 30.—Official dispatches made public by the French embassy here tonight announced that the Germans before the Russian armies in Poland are basing on Edlinsk Radom and Iizab. The Germans are said to have lost prisoners and ammunition. The dispatches added:

"In Galicia the combat continues on the entire front with success for the Russians. In a series of operations along the frontier between Moselle and Vosges rivers, we were able to dislodge some outposts of the enemy. Prisoners were captured almost everywhere."

AMERICAN WOMEN COME TO RESCUE OF THOUSANDS

Several Knitting Factories Started Which Give Employment at Low Wages

London, Nov. 2.—The economic results of war have fallen heavily on the woman wage earners of London, of whom over 60,000 have been discharged from employment since Aug. 1. In the single district of Islington, 800 were discharged the past week by two bottling works, which were forced to close down because their supply of bottles from Germany had been cut off. While the ponderous machinery of Queen Mary's Fund to give work to women is slowly making ready, the Society of American women in London has started a small knitting factory of its own in this populous district.

Mrs. Joseph Wilcox Jenkins started the factory. She walked one day into a labor exchange where 600 women were registered and asked for those who could knit. They were then put to work knitting by hand socks and comforters, and paid on the union scale of three pence an hour. This insures a weekly wage of \$2.50 for forty hours work.

Funds for running the factory are obtained by the sale of socks, caps, and belts, which are knitted expressly for the soldiers and sailors. The purchaser is expected to present the same to the men at the front. Other funds are obtained by contributions.

One of the employes in the American factory is a woman with a husband out of work, a paralyzed sister to care for and seven children ranging in age of three to sixteen years. Her eldest, a girl, earns 60 cents a week in a shop, and the war relief fund gives seven shillings a week to the family. Since getting a place in the American factory the mother has brought the family income up to \$4.85 a week.

A delicate girl of 22 years, a typist out of work, is the sole support of her mother and invalid sister. In addition to her earnings, she gets five shillings a week from the war relief fund, which helps defray her weekly rent of \$1.85.

A pathetic case is that of a one-eyed girl, for whom arrangements have been made to buy a new glass eye, as the enamel had worn off the old one.

It has been brought to the notice of Mrs. Jenkins that there is great suffering among middle class women engaged in the arts. A music teacher said she had earned but \$1.10 a week.

As soon as permanent quarters are found, the committee expects to branch out. Meals at two pence each will be furnished and a nursery for children. Already the homes of the workers are visited and second hand clothing given according to the needs.

The American women have won the gratitude of many families in Islington by their prompt methods. Queen Mary's Fund is equipping a factory with machinery out of its 70,000 pounds, but its members do not seem to understand that what is needed is aid right now, and not when the war is over. Recently the ladies of Greenwich raised a fund to equip a factory, and unable to obtain financial assistance from the Queen's fund, turned to the American Women War Relief Society, which straightway agreed to advance \$75 a week for wages. The factory is now running.

The resident American women backing the Islington factory are Mesdames Jenkins, E. Rickard, Curtis Brown, G. Mower, Arthur Fay, Robert McClellan, G. H. Short, Reed Williams, Lorin Woodruff, E. C. Darling, James Mitchell, C. A. Knight, H. I. Keene and F. W. Wilcox.
