Nearly every town of any size in the state you will find a chiropractor located therein, fifteen new members were admitted to the state association today, and the officers report that much progress has been made during the last three months, the association now has a nice large membership and is financially strong. A nice box of provisions and clothing besides a sum of money was sent to the Children's Home in Fargo from the Lincoln school. This is an annual act of love and from year to year the children are interested and enthusiastic in the gathering together of gifts. One of the primary rooms enrolling 28 children sent \$2.00 as their gift of money saved. Another room sent a "fruit shower." One boy very proudly gave a big pumpkin expressly for this Thanksgiving box. A little girl brought a tame pet rabbit as her gift, for the children in the Home to love and pet and play with, as she has been happy in doing. Who can say our schools are not creating a true spirit of brotherly love and Christian charity.
