COUNTY CALLS FOR A BIG JOB OF RULING

The Times-Record is making up 4,000 large ruled blanks, each 17x22 inches, for the office of the county auditor. These sheets are first ruled with the familiar red and blue lines and then the headings are printed in. The fact that only a few cities the size of Valley City in the whole country are prepared to do work of this kind tells something of the equipment of the Times-Record. The process of ruling is a very interesting one and those who have not seen it are invited to come in and see how it is done.

KATHRYN.

Kathryn Recorder: The schools are taking their Easter vacation this week.

If the weather should prove to be satisfactory the baseball boys will endeavor to get together next Sunday and see how to line up.

The stork visited Mr. and Mrs. K. O. Abrahamson last Saturday morning about 10 o'clock and left them a present of an eight-pound boy.

Jack Arvis of Hastings has moved his family into the Rasmusson residence. Mr. Arvis will open an automobile repair shop in the building just south of the Thoreson-Runck Co. warehouse.

P. L. Reitan, of Hastings, was a business visitor in the burg Friday afternoon.

Kathryn will be on the baseball map this year, if she does not get completely knocked off.

Mr. Edland and his family arrived Wednesday of last week and have moved into the N. J. Olson house.

E. A. Moe, formerly of Baret, Minn., arrived last Thursday, and will have charge of the creamery.

Mrs. E. A. Moe came Monday to join her husband here.

Sunday will be Easter. How about that Easter bonnet?

Miss Minnie Larson returned last Friday from the Moorhead Normal school.

The Kathryn creamery re-opened Monday morning for business, and it is hoped that all the old patrons and many new ones will bring their cream to the Kathryn creamery instead of shipping it to the cities.

Monday we had the pleasure of meeting the new Hastings editor-printer twice, in the person of Mr. M. McNeill. The first meeting occurred while on the train going west and the second meeting occurred as we got off the eastbound here. Mr. McNeill evidently had fallen in love with Kathryn and paid her an early visit. He has purchased the Hastings Times and is going to plant his plant in that burg, and should certainly make a success of his venture at Hastings, if expectation counts.

ISLAND LAKE.

Mr. and Mrs. Nicholas Hoffart have been visiting their daughter Mrs. Fred Schwarz, north of Sanborn.

Miss Mabel Broughton, of Spiritwood, arrived Monday to be with Mrs. V. L. Green during this week.

Mrs. S. J. Hill, of Fargo, was the guest of Mrs. V. L. Green, of Island Lake farm, Monday night, called here by the death of Capt. Williams.

Miss Elsie Maier spent last Saturday as the guest of Alice and Ruth Whipple, little daughters of Elah Whipple.

Dr. O'Day, of Eckelson, has been attending a sick horse belonging to Mac Simmons west of Island Lake.

Mrs. W. O. Green, who is soon to return to her claim near Dodson, Montana, has been spending some time with her sister, Mrs. Geo. F. Williams, Captain Geo. F. Williams, a civil war veteran, and a pioneer of western Barnes county, died at his home near here very early Sunday morning.

Mrs. Williams has been in ill health for a number of months, but had been about the house until a week before his death. The funeral was held at the home Tuesday afternoon, the services being conducted by the Rev. Mr. Atkinson, pastor of the Congregational church of Sanborn.

Home Will Be Fully Equipped In Every Particular—Boys of City Are Being Considered by Lodge.

At the regular meeting of the Knights of Pythias last Wednesday evening, the question of building a K. of P. home was taken up and the matter was looked at from all sides.

As the meeting progressed and the different features of the plan developed the members became quite enthusiastic and a motion was made that committees be appointed and the good work investigated and be reported on at an early meeting.

One of the features of the plan, and which met with much favor, was the instituting of a boy's gymnasium to be conducted in conjunction with, but separate from the regular gymnasium and club rooms, the same to be under proper supervision and open for all of the boys of the city, it would be a through gym, with all necessary paraphernalia, together with swimming pool, etc. In fact, it would be equally as good, and conducted in the same manner, as the regular gym for the K. of P. members.

The home would be modern and up-to-date in every respect and to meet all of the requirements of a Pythian Home. Reading rooms for the boys, with proper reading matter for the young minds would also be a feature of the venture. Many feel that the time has come that the people of the city should do something for their boys.

Provide proper amusement and a proper place for amusement for your boys and you will find the better side of the boy will be touched, instead of the cigarette fiend and idler you will develop an inspiration for better things, you will inspire the desire for better things, and to do them, not to sit around and dream them all day long, but make of their ideal a reality.

The undertaking of this order is a worthy one and it is hoped that every citizen of Valley City, who believes in the betterment of the boy, the betterment of mankind and the social uplift and advancement of Valley City should put his shoulder to the wheel and push this good work along.

Among the arrivals at the Kindred on Saturday were Wm. J. Zorn and G. C. Brown, both of Minneapolis, V. Paulson, of St. Paul, and S. B. Magaer, of Fargo.

On Wednesday afternoon the ladies of the Congregational Guild held their regular monthly missionary meeting in the parlors of the church. Mrs. Hanna, the leader, had planned a very interesting program and she was assisted by Mesdames Jeffrey, Thompson, Cook, Bailey and Fridd who took part in the program. Every lady present read a beautiful "Easter thought" and this, with an Easter duet by Mesdames Fridd and Hanna, made a very appropriate closing. Mesdames Hilborn, Ellis and Emerson were hostesses of the day and served dainty refreshments, a color note of yellow and green being used. Altogether a very pleasant and profitable afternoon was spent.
