

A Change in Policy and Method

1st—Our line of building material will be the best that cash can buy, and sold at a live and let live price, as we are no longer bound to a foreign corporation who are always long on prices.

2nd—We will extend credit to responsible buyers who can pay cash at time agreed upon.

3rd—We are no longer in the department store business, and will close out at cost all our Wire, Paint, Hog Cholera and Poultry Food Concoctions. Our line will consist of Coal, Lumber, Lime, Lath, Cement, Brick, Plaster and Shingles.

4th—Notice Carefully—No empty cement or plaster bags will be received as a return credit after they have been out of the yard Sixty Days, and at no time will we accept bags that have been allowed to get damp or even slightly wet. Remember this—empty bags are worth money to you and me.

5th—Every account on our ledger older than Thirty Days will be charged 10% interest. We have to pay interest for money to do business with and we will collect interest on what is due us.

6th—Not a dollar of outside capital is interested in this yard. Every dollar spent with the Jeffrey Lumber Co., remains in Valley City.

7th—I want your business and will make it interesting for you to give it to me.

8th—We can help you make your cash buy more.

9th—Make us prove it.

10—It is your move next.

Yours Truly,
JEFFREY LUMBER CO.
W. D. JEFFREY.

Beginning July 1st, 1915, every detail mentioned in this announcement will be carried out to the letter.

BRIMER TOWNSHIP PICNIC WAS VERY SUCCESSFUL

Sanborn Enterprise: The picnic and great neighborhood gathering in Brimer township last Thursday was an event of more than ordinary interest and attracted visitors from all the surrounding towns. It was a new departure in this section and the crowd numbered several hundreds.

The program began before noon and lasted well into the night, and included speech making, ball game and a variety of athletic contests. Among the speakers were Rev. Alex Karr, of Valley City Chautauqua fame, and Mr. Taylor of Fargo, and Editor Cole, of the Fargo Searchlight. A dance was held in a large barn at night and the attendance was so great that the floor was crowded to suffocation. Clure's band furnished the music for the dance.

The Sanborn Boys' band, an organization which is becoming well known in this section of North Dakota, furnished the music throughout the day and came in for a full share of praise and admiration.

The Sanborn ball team played two games and were victorious in both. The first game was the Clementsville, Sanborn winning by a score of 7 to 2. Batteries, Stephan and Schriever. The second game, Sanborn vs. Spiritwood, was won by Sanborn 9 to 3. Batteries, Neuestel and Schriever.

When it is considered that Brimer township is in the extreme west end of the county, that only a few years ago the first settlers arrived in it, many of whom are still living, one cannot but be amazed at the progress and advancement. One of the surprising features was the number of automobiles, scores of which were on the ground where only a few years ago the ox team was the principal motive power and mode of progress. Mr. Andrew Brimer, the first settler in the township, or one of the first, is still living, hale and hearty, on the farm.

The late Morley Wyard, who formerly was in the employ of the writer on The Enterprise in 1881, was one of the original homesteaders in Brimer

OLD FORT RANSOM SITE WANTED FOR STATE PARK

Bismarck, June 30.—For the purpose of preserving the historical value of the old fort, citizens of Ransom county have started a movement to have Fort Ransom converted into a state park. This fort was one of the frontier posts established in this state by the government in the Indian period and troops were first located there 48 years ago, remaining for five years. The fort was abandoned for military purposes in July, 1872.

The military quadrangle, the sites of the buildings and the cellars are easily traceable. It is one of the state's beauty spots, near the sinuous Cheyenne river, and has for many years been a favorite picnic resort for farmers.

State parks have been created at other frontier army posts and those at old Fort Abercrombie, Fort Rice and elsewhere are very popular.
