**Thinks Ruble
Stole the Hog**

Trouble between the butchers at Sanborn is to be aired in Judge Moe's court next Thursday. Chas. Brandenburg lost a pig from his pen recently and he thinks he knows where it went. At any rate he swore to a complaint charging Henry Ruble with guilty knowledge of its disappearance. After being a guest of Sheriff Kelly Wednesday night Ruble put up \$50 in bail for appearance next Thursday. Ruble and his brother, who are from Fargo, have been in business in Sanborn since April.

GOOD YIELD IN STUTSMAN

Jamestown Capital: The heaviest wheat yield of the season is reported from Windsor where August Wanzek, Sr., living two miles south, threshed 38 bushels of marquis wheat per acre. The land last year was put into corn. The grain weighs very heavy and all of it is being saved for seed for next season. Mr. Wanzek's barley went 54 bushels per acre, and the barley on his son's farm went 50 bushels an acre.

Mrs. Wylie Nielson and daughter, Hazel, return Saturday night from a trip of seven weeks to the Pacific coast. They went out over the Canadian Pacific and are returning by the southern route. While away they met a large number of Barnes county people at different points and have enjoyed the trip immensely.

Talented Teacher at Uxbridge

Rev. Whitehouse, who has been pastor of the M. E. church at Cooperstown the past three months, will teach the Uxbridge consolidated school the coming year. He is a graduate of the University of Manitoba and is a very capable young man. The district is to be congratulated upon getting him.

**Here's a Synopsis of
the New Fall Fashions**

New York, Sept. 3.—Madame, the fall fashions have arrived. In a short time, your best friend, male or female, will not be able to recognize you. You will wear short, voluminous skirts, reaching but a few, a very few, inches below your knees. You know you've got to show the tops of your boots this season, and they're making the boots very high.

If you want to be in the best of form you've got to buy a rainbow pigeon and carry it on your wrist. This will mean that, since it would be rather awkward to ask the pigeon to move every time you wanted to consult your wrist watch you will have to dispense with this ornament.

Instead you will wear an ankle watch. It's a rather perilous procedure, consulting an ankle watch while walking, so the kind Parisian dress-makers are sending you over some divided skirts. They're something like the director's, only more so. The slit is about three inches wide and starts at the hip.

You wear pantalettes under them and the trouserettes have cute fur cuffs at the knee. This makes it a bit easier to get the ankle in the strategic position necessary to consult the watch, but it is probable that a majority of the women will have to catch hold of a policeman or a lamp post to see what time it is.

The Wheat Story Is Growing

Jamestown Alert: A specimen of Egyptian wheat grown on the Fred Noltmeyer farm near Oriska is declared to be one of the finest yields of wheat grown in the state. If this wheat comes up to expectations, Noltmeyer declares he will graft some of it to other varieties, thus relieving the millers of the task of mixing the grain for milling purposes.

P. B. McIntyre, of Sycamore, Ill., who visited A. I. Anderson for the past ten days, left Friday for his home. Mr. McIntyre is secretary of the Illinois Thresher Co., and Barnes county has won a great booster in him.

**Oats Yields
115 Bushels**

Mandan, Sept. 2.—One hundred and fifteen bushels of oats to the acre. Such was the yield secured on some of the plats at the Northern Great Plains Field station, according to an announcement today by Supt. W. A. Peterson. Threshing of the oat plats is now practically finished. None went less than 70 bushels to the acre and the majority were over a hundred.

Last year the greatest yield of any plat was 110 bushels and the lowest 65.

These plats of one-tenth acre each were sown in well prepared soil and since planting have been given no more care than any ordinary farmer gives his crop.

Threshing of the wheat and other grains will be done within the next few days.

**Manitoba Was Swept
By a Terrific Cyclone**

Winnipeg, Man., Sept. 2.—A terrific cyclone doing great damage swept central and northwestern Manitoba this morning. The fields were stripped bare. Houses and barns were overturned and horses and cattle killed. Many animals were driven into forest fires by the terrific wind, to perish in the flames.

A bridge on the Grand Trunk Pacific was blown away and a train went through. The engineer was killed.

Miles of telephone and telegraph wires are down and information is meager.

**HE KILLS MANY HORSES
INFECTED WITH GLANDERS**

Dickinson, N. D., Aug. 29.—State Veterinarian W. F. Crewe spent a week in this part of the state, mostly at the "H. T." horse ranch, 50 miles southwest of Dickinson, where out of a band of 100 horses, 17 were found affected with glanders and were condemned and disposed of. The rest seem to be entirely free from that disease. Mr. Crewe says that last year there were 457 cases of glanders in his district and this year only 100. The Berthold Indian reservation, he says, is free from the disease, but on the Standing Rock reservation he has more tests to make before giving it a clean bill of health.

**Former Business Man
is Visitor at Sanborn**

Sanborn Enterprise: The Enterprise was delighted Wednesday to receive a call from W. E. Covey, an old resident and former leading merchant of Sanborn. It was a pleasure to talk over old times with him. The firm was Covey & Brown, and they sold more goods than any firm between Fargo and Bismarck. Their immense stock of goods was burned in one of the disastrous fires of September, 1885, which practically laid the town in ruins, and Mr. Covey lost heavily. His old Sanborn friends will be pained to learn of the sudden passing of Mrs. Covey, whose death occurred a short time ago.

**Bad Man to Cold
Storage for 40 Days**

Minot, Sept. 2.—James Murray, who was arrested yesterday by the police on a charge of carrying concealed weapons, and who announced that he was a bad man with a reputation for killing and bank robbery, pleaded guilty before Judge K. E. Leighton, of the district court, today to a charge of carrying concealed weapons and was sentenced to 40 days in the county jail.

This is merely a preliminary step on the part of the officials towards sending Murray, who is evidently a bad character, across the road. The 40 days will give the officials time to perfect some other charges against the criminal which will in all probability give him a term in the penitentiary.

NOTICE.

Hunters will please take notice that there will be no hunting allowed in Noltmeyer township, 141-57, without special written permission from the land owners. By order of the township board. JOHN RAVELING, w-s-16 Clerk.

MRS. J. J. ENGEN ENTERTAINS

Wednesday Mrs. J. J. Engen was at home to a number of her lady friends in honor of Mrs. Harry Pickett, at Leal, who has been her guest for several days, and Mrs. Hokanson, of Wheaton, Minn. The home was prettily decorated with dahlias. The time was spent in playing four tables of 500 and social diversion, which ended with the serving of a bountiful and delicious 6 o'clock dinner. Mrs. Storey and Mrs. O. Simons received prizes, the former winning high and the latter low score. Mrs. Engen was assisted in serving by the Misses Amanda Skretting and Florence and Helen Engen.

ENTERTAINED FRIENDS

A social affair was held Wednesday evening at the home of Mrs. M. R. Nelson in honor of Mrs. Hokinson, of Wheaton, Minn., and Mrs. Harry Pickett, of Leal. Four tables of 500 constituted the pastime. A profusion of gladioli made a very tasty setting. Mrs. Geo. M. Young took first honors and the consolation prize was won by Mrs. Wm. Story. At midnight a delicious luncheon was served. Misses Mabel Baarstad, Lila Platow and Florence Engen assisted in serving.

Miss Mary Flavin left Friday morning for Ray.

**Government Decides to Keep
a Patrol on Mexican Border**

Brownsville, Tex., Sept. 3.—A detachment of the 12th cavalry early tonight had a short fight with four Mexican bandits, one of whom was killed and the other three captured, about 12 miles north of here.

None of the cavalry men was injured. The prisoners were taken to San Benito. This information was brought here in an official report tonight.

Mexicans on the Mexican side of the Rio Grande late today fired nearly 100 shots at an American army aeroplane flying over Brownsville and then turned their guns against a squad of American soldiers on guard at the Brownsville electric light plant.

When the firing started the soldiers got behind shelter and returned the fire. There were no casualties.

Lieutenant Joseph Morrow and B. Q. Jones were in the aeroplane. This is the second time within two days that a United States army aeroplane has been fired upon. The aviators knew nothing of the firing of which they were the targets until they landed.

United States soldiers at Los Tullitos ranch, 20 miles north of here, during the past 48 hours have captured and are holding for investigation 10 Mexicans who are supposed to be members of the raiding gang.

To Maintain Patrol on Border

San Antonio, Tex., Sept. 3.—Army officers said here today that the war department had decided to violate the rule of keeping not less than two full regiments on duty in the Philippines in order to solve the problem of transferring regiments which have completed their foreign service without impairing the line of troops now patrolling the Mexican border.

Reports from the department of the south, commanded by Major General Frederick Funston, it was said, showed the inadvisability of decreasing the border patrol at this time.

Brownsville, Tex., Sept. 3.—Search for the band of Mexican marauders who yesterday killed two Americans and lost one of their number in a fight with the United States soldiers was pressed with vigor today.

Spread out in a close cordon, which left no foot of the international boundary unpatrolled, the border guards were ready to shoot on sight if the 15 remaining members of the band made any effort to ford the swollen Rio Grande to Mexico and safety.

In addition to the soldiers there were hundreds of citizens headed by Texas rangers who pursued the trail of the Mexicans to avenge the thefts of cattle, burned barns, terrified women and the deaths of half a dozen United States citizens.

The tactics of the Mexicans yesterday led army and county officers to believe that this band has been responsible for much of the outlawry of the past several weeks in the border counties. First burning a railroad trestle, the bandits yesterday proceeded to make away with a number of ranchers' horses, burned an irrigation pumping station 12 miles north of here and capped the day with the

kidnapping of three Americans.

Earl Donaldson, a farmer of Fayette, Mo., and J. H. Smith, an engine tender were killed and their bodies thrown into a dried lake. Stanley Dodds, a contractor, was unharmd by the Mexicans, presumably because one of the number thought he was a German. Dodds, minus his shoes and hat which had been appropriated by one of the leaders, escaped from the band when attacked by the American soldiers.

Ancieto Pizano, who is said to have been engaged in other outlawry on the lower border and in an effort in Mexico to incite a revolution against the United States, was declared by officers to have been the leader of the bandits.

**Litchville Fears Loss
of Estimable Family**

Litchville Bulletin: A deal was closed Wednesday afternoon by which E. C. Pollard disposed of a major interest in his hardware and harness store to Gust Spencer, formerly of Christine, N. D., and lately of Minneapolis. The new firm is styled as the Pollard-Spencer Hardware Co. Invoice was taken before the deal was made. Mr. Pollard still retains his machine business and the Electric Theatre.

Mr. Spencer is an experienced hardware man, having been in the business practically all his life. He is married and has two daughters. He has leased the St. Ann's parsonage and the family will be located here in the near future. We hope their residence in this village may be both pleasant and profitable.

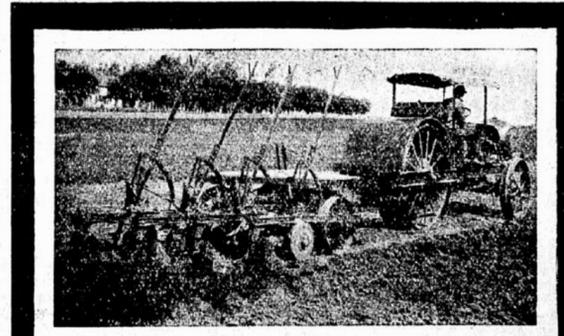

Mr. Pollard has long been one of our most prominent citizens, active in church, school, lodge and civic affairs, and we are sorry to see him take this step. The Pollards will remain here until the end of the year at least, but we regard their possible removal from this city as well-nigh a calamity. Nevertheless, wherever they may go, a host of friends here will remember them and wish them well.

Reidmans Had Pleasant Trip

Long Beach, Cal., Aug. 30.
Times-Record, Valley City, N. D.

Gentlemen: Kindly forward my paper to 2100 Florida street, Long Beach, Cal., as we cannot get along without our home paper. We have had a very delightful trip. We found all kinds of roads, but the Cadillac did not seem to mind them, it pulled our heavy trailer all the way without mishap or accident of any kind. Long Beach is the nicest place we have found and we have decided to remain here for the winter at least. We think we would be perfectly contented if we could have our old friends all with us, but we will look forward gladly to receiving our home paper.

Yours truly,
F. C. RIEDMAN.
