Decision Was No Surprise

Bismarck, Nov. 12.—Attorney General Linde who has just returned, was seen today and when asked for his opinion of Judge Amidon's decision regarding the liquor injunction case against the railroads, he said:

"I am not particularly surprised at Judge Amidon's decision in the liquor injunction cases because the question is in fact a new and novel one, yet, I do not intend to abandon the injunction theory until the question has been passed upon by the United States supreme court. However, these actions have been of substantial value because I am satisfied now that the railroad companies fully realize that the importation of intoxicating liquor for illegal use must be absolutely discontinued.

"Notwithstanding the decision the state, of course, has a powerful weapon to use in enforcing the law prohibiting the importation of liquor in that every agent of every carrier is subject to criminal prosecution and I shall insist on prosecutions being instituted against every case where illegal deliveries are made.

"In fact, the only difference since the injunction has been dissolved is the large cost and expense of a large number of prosecutions, while if the injunctions were kept in force the cost of enforcing the law would be comparatively small by resorting to contempt proceedings.

"I have not yet fully determined whether an appeal will be made from Judge Amidon's decision or not but it is more than likely that an appeal will be perfected."

treasury of a portion of his salary if elected, has been successful in securing a re-hearing before the supreme court, and arguments on the new feature of the case will be made the latter part of the week.

Mr. Totten, in his re-hearing petition, maintained that J. Diehl, the former county judge, who successfully maintained the suit against Totten, was without right to contest the position, and that he is not legally a hold over officer and cannot now hold the position. This feature was not presented to the court in the previous submission of the case.

SOME READABLE VERSE

CANNING TIME.

There's a wondrous smell of spices In the kitchen, Most bewitchin'; There are fruits cut into slices, That just set the palate itchin', There's the sound of spoon on platter, An, a rattle an' a clatter; An' a bunch of kids are hastin' To the splendid joy of tastin', It's the fragrant time of year An' the canning days are here!

There's a good wife gayly smilin' an' perspirin' Some, an' tirin'. An' while the jar on jar she's pillin' An' the necks of 'em she's wirin' I am sittin' here an' dreamin' Of the kettles that are steamin' An' the cares that have been troublin' All have vanished in the bubblin' An' I'm happy that I'm here At the canning time of year. Lord, I'm sorry for the feller That is missin' All the hussin' Of the juices, red' and yellor. An' can never sit an' listen To the rattle an' the clatter Of the sound of spoon on platter. I am sorry for the single, For they miss the thrill an' tingle Of this splendid time of year When the canning days are here. —Detroit Free Press.

LINDSEY ESCAPES FROM COUNTY JAIL

Mandan, Nov. 10.—William Lindsey, who was in the Bismarck jail being held for trial next month for selling liquor contrary to state laws, escaped from jail when the jailer opened the doors to go into his cell. Although officials were notified at once and an effort has been made to locate him, up to the present time he has not been apprehended.

ASKS POLICE TO FIND HIS FAMILY

Fargo, Nov. 10.—The police have a job on their hands. M. C. Lane of Carman, Minn., asked them to locate his wife and eight children. He thinks they are in Fargo. According to Lane the family recently returned to Carman from Finley, N. D., his wife and three-months-old child left their home and came to this city.

The other seven children left by automobile. Lane thinks a man by the name of Smith, living in Fargo, enticed the eldest daughter to come to Fargo with the intention of marrying her, and also forwarded money to other members of the family.

MINOT HAS 35 AWAITING TRIAL ON CRIMINAL CHARGES

Minot, Nov. 11.—J. C. Richardson, Alfred J. Hubert and George Bish waived a preliminary hearing and were held to the district court on charges of burglary. They are charged with entering the residence of a farmer living about four miles from the city and stealing an overcoat, 13 eggs and a package of breakfast food.

Charges of carrying concealed weapons were also lodged against Richardson and Bish. Both had guns on them when arrested. A charge of carrying concealed weapons was also made against A. B. Dill, and he, too, was held to the district court for trial.

Joseph Oppie, John Brown and Charles Duff waived preliminaries and were held to the district court on charges of highway robbery. They are charged with holding up and taking a watch and a pocketbook containing about \$40 from a man in one of the dark places near the Great Northern yards.

There are now about 35 cases of felonies awaiting trial in the district court. The term convenes on Nov. 15, and according to the estimates of the officials, nearly a month will be required to complete the criminal docket. Some of these awaiting a hearing are charged with more than one crime. They will probably be tried only on the more serious offenses, and in the event of conviction will not be tried on the minor one.

How to Prevent Croup

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Ellida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

BAD NEGRO KNOCKED OUT

gate the alleged killing of a bad man who, so the story goes, knocked out a young Finlander and disabled a second lad working on the Krause threshing rig.

The crew claims he robbed one of the boys of \$20 in cash after he had knocked him out with a club. He then started on a third young fellow, a Finlander, who grabbed a club and gave the skilled colored artist a first-class beating up, smashing up his head in bad shape and putting him to sleep for a couple of hours.

When Sheriff Fahrner and Coroner MacKenzie arrived on the scene of conflict the colored individual seemed dead, as he was apparently covered up with straw and debris. They began the collecting of witnesses, when the sheriff noticed the man move one of his arms.

After bringing him back to this mundane sphere he was arrested and taken to the county jail. No complaint being entered against him he was released, but was re-arrested upon a criminal charge, filed by the young man who was relieved of the \$20. He is now being held in durance vile pending the action of the state's attorney in the matter.

BOY IS BADLY HURT IN SMASH

Velva, Nov. 10.—Clinging to the back end of a buggy at the top of a hill, his weight and exertion starting the buggy down the hill, John Flatt, aged 11, was nearly killed when the vehicle crashed into a tree.

The boy was hit on the head by a bolt, the blow fracturing the skull, and almost tearing his scalp off. The physicians removed a good sized piece of bone from the skull, and it is expected the victim will recover.

BURGLARS RAID FOXHOLM STORE

Minot, Nov. 11.—Burglars who raided the Madison & Bugge general store at Foxholm, near here, obtained about \$200 worth of silk, about \$100 worth of jewelry, and \$9 in cash. The work indicates that the men who turned the trick were thoroughly acquainted with the premises. It is believed that the thieves went north, probably traveling in an automobile. Two pieces of jewelry were found on a road near the city to indicate the direction taken by the thieves.

D., Nov. 10.—The Cargill elevator, used by the Imperial Elevator company of Minneapolis, as a second house here, was totally destroyed by fire at 6 o'clock this evening, together with two carloads of grain.
