

# Town and Country Club Is Practically Assured

Wednesday evening, at the Commercial club rooms, John Reuter, Jr., demonstrated to the assembled enthusiasts the various holds and strokes in golf. He had his paraphernalia there and gave a clear and comprehensive talk on the game, explaining the implements of warfare and technical points connected with the game. A general discussion followed and everyone was at liberty to try the different clubs and strokes, an opportunity which many who were present took to become better acquainted with the sport that claims so many followers all over the nation. There was a fairly good attendance, considering the weather, and all are very much interested in the idea of having a club organized here. Nothing definite was done at the meeting Wednesday night, but there is no doubt but that a Town and Country club will be organized within the next two weeks, as 90 shares have already been subscribed and there are many of the main promoters who have not yet been seen owing to their absence from the city.

Frank White was appointed temporary chairman of the meeting Wednesday evening and T. A. Veblen temporary secretary, and although it was an informal meeting, interest was at such a pitch and the scheme looked so good to everyone that they wanted a record of the meeting and something to refer to in future. Mr. Reuter is state golf champion and organizer of the Bismarck and Dickinson clubs, an authority on such an organization and his talk and demonstration, his description of clubs and of games enjoyed, so interesting that all present realized the benefits in many ways to be derived from having a club in this city. From an athletic standpoint as well as from a social side, it presents many favorable points. It is hoped that by the time the season opens plans will have been made for a club second to none in the state.

## Barnes County Pioneer Answers Last Summons

Mrs. Wm. H. Colville died Thursday noon at her home in the Granger Flats, after an illness of several months' duration. She was ill at the hospital last May, and submitted to an operation in September, but lingered in a frail condition until death released her. She was born in Jefferson county, Wisconsin, and was about 63 years old. She has been a resident of Ashtabula township since 1884 until the past year when she removed to Valley City. She was married to Wm. H. Colville about the time of her coming to North Dakota, her husband preceding her to the Great Beyond 18 years ago. She leaves a son, W. H. Jr., and a daughter, Amy, and two brothers, Fred and Henry Kuder, both of Ashtabula township, and a sister in Pardeesville, Wis., Mrs. C. H. Crooker, who spent the past summer and fall with her. No funeral arrangements have been made as yet.

Judge I. J. Moe and Emil Feldman left via the Soo line Thursday for the Twin Cities on matters of business and will take in the opening of the auto show.

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Valley City citizens endorse them. Mrs. William Dighton, Eight avenue and Conklin street, Valley City, says: "One of my family suffered from pains in the back. Doan's Kidney Pills made a cure and there has never been any kidney trouble since." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dighton recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

## Bismarck Finds Hope in Engineer's Report

Bismarck, Jan. 27.—State Engineer J. W. Bliss has put to rest the question of the exact geographical center of the state and has settled the controversy as to whether Bismarck or New Rockford, is near that much coveted spot. He finds it to be on Section 21, Township 146 and Range 77 in Sheridan county, three miles south and west of McClusky. By airline measurements Bismarck is 47 miles from this hub of the state and New Rockford 65 miles, giving Bismarck the best of the situation by 18 miles. Mr. Bliss has prepared a large map not only showing the geographical center of the state but the measurements of all sorts of distances from both New Rockford and Bismarck. Among other interesting discoveries made by the state engineer in connection with this map is the fact that the farthest point from Bismarck is the extreme northeast corner of the state being 222 miles by airline. The farthest point from New Rockford is the southwest corner which is 265 miles. The map shows that Bismarck is 41 miles south and 12 miles west of the geographical center while New Rockford is 16 miles north and 63 miles east.

### RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

## Prof. Wemett Author of Helpful Teachers' Guide

"Am I a Good Teacher?" is the title of a booklet written by Prof. W. M. Wemett and published by the Capital Supply Co., at Pierre, S. D. So well does Mr. Wemett fill a long felt want in the teaching field, that his publishers are experiencing a large sale among the county superintendents of the country, who are buying them in lots and presenting them to their teachers.

In his preface, Prof. Wemett covers the object of the work in the following words:

"This little book is meant for the thousands of young people who enter the teaching profession every year. Its purpose is two fold: To give, in brief form, the untrained beginner an intelligent standard by which to judge of his own teaching ability, and to furnish both the trained and the untrained teacher a constant reminder of the myriads of little things which vitally affect a teacher's success.

"The contents of the book are based upon the familiar fact that more teachers fail through their conduct outside of school than through lack of teaching ability—hence the large proportion of space given to matters of character, conduct and appearance. The question form is used because it is more personal, and therefore, more effective. These pages are not meant to be read with pleasure, but to be thought through with profit."

Mrs. W. W. Smith entertained eight lady friends at her home Friday afternoon at auction bridge. A very enjoyable afternoon was spent, high score being won by Mrs. C. F. Mudgett. A dainty lunch was served by the hostess, unique place cards adding charm to the event.

## THE CITY

Mrs. F. W. Heidel left on No. 3 Saturday for LaMoure to spend Sunday.

Miss Gladys Oglesby, of Leal, is visiting friends in the city and is a guest at the Stiles home.

Mrs. P. A. Schmoll returned a few days ago from Granite Falls, Minn., where she was called by the serious illness and death of her father. She also visited relatives at Stewart, Minn., and in Minneapolis, being absent from home two weeks.

Miss Elsie Heustis arrived from Minot Friday night for an extended visit Miss Veda Brown.

The Haering orchestra went to Enderlin Friday evening to play for a dance at the opening of a hall there.

Miss Jessie Sargent left Friday night for the Twin Cities and other eastern points to buy her spring stock of millinery.

Miss Blanche Rogers, who has been visiting her cousin, Miss Jessie Sargent, will leave Monday for her home in Herman, Minn.

Pres. Geo. A. McFarland returned Saturday on No. 3 from Cleveland, Ohio, where he was called by the death of his mother about a week ago.

Mrs. Arnold Staub returned Saturday morning to Custer, Mont., after a six-weeks' visit with her parents, Mr. and Mrs. John Froelich, who live nine miles west of this city.

The Royal Neighbors held installation of officers in the Odd Fellows' hall Friday night, which was well attended and a splendid time reported. After the regular business was dispensed with and the meeting brought to a

close, a social hour was enjoyed and they rightly earned their title of Royal Neighbors for a royal good time is reported.

C. N. McGillivray returned a few days ago from a four weeks' visit with his parents at Ripley, Ont., and with his sister at London, Ont., Can. He says that while he was enjoying 40 below zero weather here they had it only 8 below, but because of the proximity to the lakes they felt the cold as much as we did the lower dry atmosphere. They had a three days rain during his stay. He reports an interesting trip and left his father, who had been quite ill, much better.

Rev. A. Thoreson returned to Hannaford Saturday, after spending a couple of days in the city on matters of business.

Arthur Wiley, one of the efficient mail carriers in the city, has been laid up for a few days with a gathering on his jaw, caused by an ulcerated tooth, but is somewhat improved and hopes to be out again in a few days.

Mrs. E. Schwenke, of New Richmond, Minn., who has been visiting her sister, Mrs. Louis Risa, nine miles northwest of the city, returned to the city Friday and is now visiting her parents, Mr. and Mrs. Henry Uloth for a couple of weeks.

John McIntyre, a progressive and prosperous farmer living on route 3, about six miles southeast of the city, was a pleasant caller at the Times-Record office Saturday and cheerfully parted with enough of the long green to place his subscription to the Daily well in advance.

Mr. and Mrs. T. Melvin Lee returned Friday morning from the farm home of T. J. Lee, where they attended the wedding of Mr. Lee's sister, Anna, Thursday. They came via Soo, and as No. 107 was over six hours late, they spent the better part of the night waiting in the station at Fingal.

Walter Coop and Chas. G. Anderson left Wednesday evening for St. Paul, where they will meet their wives who have been down there since Sunday, and together they will take in the Winter Sport Carnival and the auto show.

Mrs. Alice Baker Osborne, of Calgary, Alberta, Can., was in the city Wednesday, packing up the belongings of her sister, Phyllis Baker, and sending them to her at Montreal. Their mother, Mrs. Alice Baker, who is so well known here, is still in the hospital there, not quite so well, and it is necessary for Phyllis to stay near her, so she will take up school work there in the university. Mrs. Osborne left Thursday morning for her old home at Dazey where she will visit a short time and will continue her journey from there to her home in Calgary.

Frank Sanford returned Friday evening from his work in connection with state farmers' Institute. He will go out again next Thursday to attend the institutes at Lakota and Minot. He says that in this vicinity we probably know very little of snow. West of Minot the railway companies cut and pile up big chunks of it to use for snow fences. Many of the trains on that line have been running 20 hours late.

## Meets Death In Barn Fire

Bismarck, Jan. 26.—George Cairns, freighter, working between Fort Clark and Center, was burned to death early yesterday morning in a fire that destroyed the livery stable at Fort Clark and burned seven horses. Sheriff Charles Herman, of Oliver county was in Bismarck last evening, en route home from the scene of the fire.

No one knows how the fire started, but it is believed that an overheated stove may have been the cause. When Cairns' body, burned beyond recognition, was discovered, it was upon a bed that had been drawn close to a stove. One theory is that because of the cold weather the freighter drew his bunk up to the stove and probably the bedclothes caught fire and that Cairns was overcome before he could cry for assistance. The barn was totally destroyed.

## Succumbed to Pneumonia

Once again death has entered a Valley City home and taken away a loved one. Sila Florence Gale, youngest daughter of Mr. and Mrs. Thos. Gale, died at Grafton Wednesday, Jan. 26, after an illness of 12 days, of pneumonia. Here remains were brought to Valley City by her brother, Vernon T. Gale, who was with her when the end came. Sila was born in Valley City, May 9, 1896, and was in her twentieth year. She leaves to mourn her loss, besides her parents, two brothers, William, of Weyburn, Sask., and Vernon T., of this city and one sister, Miss Jessie. The funeral services will be held at the Episcopal church Saturday afternoon.

## Volunteer Censor of Morals Is in Trouble

Jamestown, Jan. 28.—A trial resulting from the Hins attempted murder case was brought before Judge Bigelow on Thursday.

One Louis Frolich, a son-in-law of Mr. Hins, and a resident of Canada, receiving word of the attempted murder, crossed the border and came into the United States. He went to Medina and assumed the responsibilities of taking charge of the farm until Mr. Hins should be able to get around again. He found the family in what he considered a very corrupt state of affairs, especially so concerning the young girls and their "fellows." Matters grew worse and Frolich finally attempted to chastise a member of the family. A complaint was made before Justice Stramblad at Medina and he was arrested on the charge of assault and battery. Attorney Arthur Knauf went to Medina as counsel for the defense. States Attorney Chase agreed upon a change of venue and the case was brought before Justice Bigelow where it was tried Thursday.

## DOCTOR PASSES NIGHT IN STRAW STACK

Portal, N. D., Jan. 27.—Dr. C. E. Waddy, Canadian government veterinary here, passed through an experience that he will not soon care to repeat. Receiving a call from a farmer living several miles from town, Dr. Waddy and an assistant left early in the evening and had covered but a short part of their journey when the mercury suffered a relapse and a sudden blizzard set in. They continued traveling but soon lost their way and as no farm dwellings could be located in the storm the lost men chanced on a small strawstack and prepared to remain there till daylight.

The horses were blanketed and the men burrowed their way into the stack. They were soon suffering from the intense cold, however, and were compelled every few minutes to crawl out and find a new location in the straw to avoid being buried alive under the rapidly drifting snow. When morning came the doctor found he had frozen fingers and toes but continued his trip before returning to town for "repairs."

## How Mr. Davis Got Rid of a Bad Cough.

"Some time ago I had a very bad cough", writes Lewis T. Davis, Blackwater, Del. "My brother McCabe Davis gave me a small bottle of Chamberlain's Cough Remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtainable everywhere.

## Call From East for Macdonald

Inspector N. C. Macdonald, now candidate for state superintendent of public instruction, has recently been asked to give a series of lectures on rural school problems before the summer school of the Michigan State Agricultural college; but has declined the invitation as he believes that all his time and talent should be given to the work at home. He was recommended for the place by the U. S. Bureau of Education. This is only one of several similar invitations that have been declined within the past four years.

## Government Plant Is Likely to Be Costly

Washington, Jan. 27.—Estimates were given the senate military committee today by Brigadier General Crozier, chairman of ordinance, showing that a plant costing \$400,000,000 operated by 750,000 men would be required to manufacture ammunition and war materials to keep an army of 1,000,000 men in the field and equip an additional million recruits.

General Crozier strongly disapproved any proposal for government monopoly for war supplies, insisting that the best recruits would be obtained by relying on private establishments to support the outputs of government plants in time of war.

The commission received today from Secretary Garrison a draft of a tentative measure suggested by Chairman Chamberlain which would provide for the authorizing of the proposed continental army in general terms only, leaving the details of the proposed system to be worked out by department regulations.

The original draft of the bill submitted to the war department contains an outline of the entire system. Senator Chamberlain has prepared a tentative bill dealing only with increases for the regular army, and it is assumed that the general authority contemplated on the brief section submitted today by the secretary is intended to be inserted in the Chamberlain bill.

It provides that men in the continental army shall receive not more than three months' training in any year, while serving with the colors, or more than six months' training in active duty.

At the annual meeting of the Zion Lutheran church, held in Getchell township Friday afternoon, Jacob Schafer was elected president for one year; John Froelich, treasurer for one year; Henry Uloth, secretary for one year; Wm. Dotting, trustee for two years; Wm. Rohde, trustee for three years. Finances were found to be in excellent condition.

Ross Hartwick left Friday for the Twin Cities to take in the auto show.

## She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits. That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William Hohmann, 2764 Lincoln Ave., Chicago, Ill. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now. Peruna has cured me." There are others, and there is a reason.

## BOTH FEET FROZEN; PARTS HAD TO BE AMPUTATED

Ft. Yates, N. D., Jan. 27.—The toes and parts of the heel of both feet of Dr. C. G. Andrews have been amputated here. He is a physician in the service of the government on the Standing Rock Indian reservation and during 40 degrees below zero weather recently was stalled on the prairie when his team played out. Both of his feet were badly frozen, and it may become necessary to amputate all of both of them. His condition is still serious.

D. R. Hartman, who was formerly engaged in the livery business at Rogers, arrived in the city Friday morning for an indefinite stay.
