

At Last—A One-Adjustment Cream Separator

BEFORE you buy any cream separator, come in and look at the Primrose. But one adjustment is needed to keep it in perfect operating condition. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make.

The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work.

The Primrose is a well-constructed, close-skimming, durable cream separator, one it will pay you well to buy. When can you arrange to see it?

BRIMER SKANDIA

Sanborn Enterprise, April 13.—Mr. and Mrs. Rutledge Kane, Edna Kane, Mr. and Mrs. James Davis and Miss Almeda Simpson were visitors at the Winfield Scott home in Rose township. Herman Klein started breaking for Martin Conlon on section 27 on Monday. Harry Vadne was in the vicinity this week with Siegfried's medicine wagon. Mr. and Mrs. Thos. Kane visited relatives at Courtenay from Saturday until Monday. Mrs. Herman Klein and daughters, Mary and Celia went to Valley City Friday evening to visit Ida Klein and have some dental work done. They returned Saturday evening. Herman Klein, Fred Carr, James Canfield and Charles Legge were among the first to start field work. C. W. Sherwin is now living on the old P. E. Brown place. Edna Kane visited in Valley City from Friday evening till Sunday. Chas. Veach sold some hogs to Harry Pickett of Leal last week. The Pross family, Mr. and Mrs. Leo Klein and Joseph Didier were company at John Weber's on Sunday. Harold Kane visited the E. B. Willson boys last Sunday. James Davis was a Jamestown business caller last Saturday. Miss Katie Klein is employed in the George O. Willson home at present.

To old customers or users of the Holland Wild Oats Separator: Extra flannel, paste and instructions for re-lining drum on separator will be mailed, parcel post prepaid, for \$1.00. Address, Albert Holland, Fargo, N. D.

Team Runs Away With Boy Clinging to Lines

Quite a little excitement was created in the northwestern part of town Saturday morning by A. G. Wilson's team running away. It was hitched to the milk wagon and becoming frightened ran around the block, while little Joe McIsaacs, about nine years old, hung onto the lines and clung to the tongue of the wagon, in between the horses. Ted Cook stopped them before any serious damage was done, and the lad, who had hung on with rare presence of mind, was uninjured except for a little bump on his knee, where he struck it against a board on the front of the wagon.

Another Letter Is Censored

The Times-Record received another "censored" letter Saturday morning, the same arriving from Canada where it is evident the effects of the war are keenly felt. Although the letter required an extra stamp and the money order enclosed took another, the sender made a good bluff at being cheerful, and as he was a former resident of Valley City we append his epistle:

Groton, Alberta, April 7. Editor Times-Record: Enclosed find renewal of subscription of the T-R—can't do without the home paper—would be lost entirely. Everything on the boom here, seeding in full swing. Last season wheat crop run all the way from 20 to 60 bushels to the acre—a wide range due to the difference in tillage of the soil. In favorable years oats yield as high as 130 bushels. Oh, Sunny Southern Alberta! Please renew and oblige, M. E. WALKS, Postmaster, Groton, Alberta.

Concrete Elevator for Kathryn

Kathryn Recorder: At the stockholder's meeting of the Farmers' Elevator Co., held Saturday, it was decided to build a concrete elevator of 50,000 bushel capacity. This action caused some friction and this decision will probably be reconsidered at a stockholders' meeting to be held in the near future.

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor leader, a poor sort of a parent. The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feeling. Sit down and think it over. See whether you can afford to go on half sick. Some people prefer Peruna Tablets to the fluid Peruna.

MARSHALL'S FATHER DIED SATURDAY

Oakes, N. D., April 13.—F. D. McCarty received word by wire of the death of G. W. Marshall on Saturday night, at his home at Parker, S. D. He was father of our fellow townsmen, Hon. Thomas F. Marshall, and was well known in Oakes, having visited his son here at intervals for several years. The senior Marshall had been a pioneer of Parker. Mr. and Mrs. Thomas F. Marshall had come from California last week to be at the bedside and was with the old gentleman in his last days. The funeral was held Monday.

BIDS WANTED

Sealed bids will be received by School District No. 83 up to 2 o'clock p. m. Tuesday, May 16, 1916, for heating and plumbing work in a school house in the course of erection. Each bid must be accompanied by a certified check for \$100, payable to Martin Gjesvold, president, as a guarantee of good faith to enter into contract. Plans and specifications may be seen at the office of the County Superintendent of Schools at Valley City, N. D., and at the Farmers' State Bank of Nome, N. D. The bids will be opened at the residence of the clerk on Section 34, Raritan township. All bids must be addressed to Hans Skramstad, Nome, N. D. By order of the School Board, HANS SKRAMSTAD, Clerk. Dated at Nome, N. D., April 15, 1916.

Great Danish Virtuoso Coming to Valley City

One of the most brilliant events of the entire season is promised at the Grand on Wednesday, April 26, when the New York Metropolitan singers, six international artists, will appear in moments from grand opera. The company includes Miss Florence Hawkins, a young American singer. Her flute-like voice and charming stage appearance are bound to make an impression with local music lovers. Miss Clara Freuler, Mezzo-soprano, a former member of the Metropolitan

SKOVGAARD The Danish Violinist

company in New York and last season a principal of the Chicago Grand Opera Co., is said to have a voice that compares favorably with that of Madam Sembrich's.

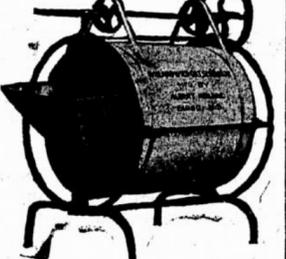

Francis W. Cowles, a well known baritone, has a superb voice. He has style and finish and a fine stage appearance and his diction is admirable. Miss Molly Byerly Wilson, contralto from the Royal opera in Vienna, possesses a voice of most unusual depth. Indeed it has been authoritatively stated that she has the deepest known female voice. Alice McClung, the pianist, is too well known for comment here.

Skovgaard, Denmark's greatest violinist, is the star of the company, and his playing has proved a veritable revelation wherever he appears. He is in the front rank of the leading violinists of the world and can be compared to Kubelik, Ysaye and Kreisler.

James Ferguson, the seven-year-old son of Mr. and Mrs. Chas. Ferguson, fell from the chutes at the Lincoln school Thursday afternoon and broke both wrists. He was taken to his home by the physician who set the bones, and is resting as easy as is possible under the circumstances.

Geo. W. Morrissey, the genial proprietor of the Metropolitan Bakery, has been laid up for a couple of weeks with rheumatism and is still unable to be out of bed, although he is reported to be somewhat better, and it is hoped that he will soon be around again.

Why Do You Sow Wild Oats?

The season of the year is near at hand when the farmers begin to investigate to see how clean seed grain they have been able to secure. Last year they were fairly successful in separating wild oats from oats, barley and wheat by blowing it out with an ordinary fanning-mill. This year, however, it cannot be done in this manner, for the wild oats are just as plump and heavy as the cultivated oats. They have also found, on separating with sieves, that lots of the wild oats are just as short as the barley and will go through the mesh of the sieves. You probably have found that after running seed through a fanning-mill you have from one to three kernels of wild oats left in every quart of seed grain. This is enough to plant one seed in every square rod of your field. You will probably say that you are sowing clean seed wheat. Realizing that this is the case, you are sowing clean seed in your wheat field, are you going to sow this pest, wild oats, back in your barley, oats and rye just to save \$35—the cost of a special wild oats separator? It is sent out on the guarantee to separate wild oats from oats, barley and rye more nearly perfect than any other machine on the market.

If it fails to do this work it can be returned to the factory and money, including transportation charges, refunded. Can you afford to sow any more crops and expect to get rid of wild oats without the use of one of these special wild oats separators? I build these machines in two sizes, the larger which is twice the capacity of the smaller, at \$55 and the smaller or farm size at \$35. I can make prompt shipments from now on and hope to receive your order. ALBERT HOILAND 1221 Front Street Fargo, N. D.

Young Gives Speech On Army Measures

Washington, D. C., April 15.—Congressman George M. Young of North Dakota, in a speech today, assured the house that the North Dakota National Guard officers and men are united upon the subject of army reorganization. He read from letters written by General Tharalson, Colonel Fraine, Major Henry, Captain Ritchie and Captain Hanley urging the increase, encouragement and unification of the National Guard under the supervision and direction of the United States.

Tower City Chautauqua Dates Are Finally Fixed

Tower City, N. D., April 15.—The chautauqua for the towns of Buffalo and Tower City is now as assured facts as far as the guarantee is concerned. With splendid public spirit the business men and others oversubscribed the amount necessary to secure the big feature and now all that remains is to start the ticket selling business until the requisite 500 have been sold. The date has been definitely set for the first week of July and will cover the Old Settlers' picnic and independence day celebrations. Thus the old settlers will be assured of the very best sort of entertainment for their annual reunion. On July 4, in addition to the big attraction of Explorer Cook and accompanying musical companies, races, ball games, fireworks and other entertainment features will be provided to make the celebration one long to be remembered.

John H. Fraine Will Be in Race to Finish

Bismarck, April 16.—Lieutenant Governor John H. Fraine arrived in this city Friday morning on belated No. 1 and nearly all day Friday he was engaged in business matters at the adjutant general's office at the capitol. Mr. Fraine is a candidate for governor and when asked if the reports circulated about his withdrawal had any basis, he said "I am in the race until the end. I have no intention now of withdrawing nor of doing so later on." Mr. Fraine will stay in Bismarck for the next couple of days and then return to his home at Grafton.

In a recent issue the Pythian Advocate gave the Valley City lodge the following complimentary write-up, which shows to good advantage the standing of the local lodge in the order:

Valley City lodge, No. 26, is the second largest lodge in North Dakota, and in that city Pythian knighthood in every relation is "the whole thing" from a fraternal standpoint. During the past two years the lodge has gained in strength and influence by leaps and bounds, and its membership of 300 attests to the great work that has been done under admirable and energetic leadership. On Feb. 16 the lodge conferred the rank of knight on 19 esquires, since which time upwards of 25 additional new members have been secured.

Judge Ingram J. Moe has been the leader in this great work; he has served as chancellor commander for three years, and with him, the interests of the lodge has been his first and prime consideration. Thoroughly and ardently Pythian, he has devoted his splendid energy to the upbuilding of the lodge and the advancement of the order. His efforts have been ably seconded by men who are equally keen in Pythian endeavor. The lodge possess the advantages of a good orchestra, good singers, has a well appointed and attractive club room, and in every way is ideally equipped.

As an index of the character of men who comprise this lodge, and the influence of the order upon the family relation, we instance the membership of that Pythian veteran, Henry Beal, now 72 years of age, who, for 38 years, has been a faithful member of the order. His son, Frank Beal, is an honored and active member of the lodge, also a son-in-law, Walter Emery. Four sons of Brother Emery are members of the lodge. Colonel Milham asks, "How is this for a family record?" Venerable Brother Henry Beal indeed is deserving of the thanks of esteem of all members of this order.

Valley City is not content with having a splendid Pythian lodge. On Feb. 16, 1916, Colonel Edward H. Milham of St. Paul, acting under instructions and by appointment of Major General Loomis, commanding the Pythian military department, mustered in Ried Company No. 2, uniform rank, in Valley City, with 35 charter members. As another index of the earnestness of the members, E. L. Williams came 61 miles to be present, Charles Maier traveled 37 miles and Edward Emery drove 18 miles in order to participate in the institution of the company. Seven other members, all having their equipment, were unable to be present. The new company is officered as follows:

- Captain—Ingram J. Moe. First Lieutenant—N. A. Johnson. Second Lieutenant—H. N. Olsby. Recorder—Fred Fredericksen. Treasurer—A. H. Aldahl. Gaurd—C. A. Wylie. Sentinel—V. O. Swanson. Nels A. Johnson, first lieutenant, has been a member of the local lodge for 18 years and has missed only 18 conventions. The company will be recruited up to not less than 60 members, and without delay. On the Sunday following the muster-in, the company acted as escort to the lodge, attending the Methodist church, where the pastor, a member, delivered a special Pythian sermon commemorative of the order's anniversary and its great work in fraternal endeavor.

We heartily congratulate the knights and sir knights of Vaalley City upon their excellent enterprise, their great and good Pythian work, and especially extend greetings and cordial felicitations to the officers and members of the new company. This tribute would be decidedly incomplete without according full praise to that splendid Pythian, Colonel Milham, whose years of active service in this order have endeared him to the hearts of many thousands in whose behalf he has long fraternally served.

Phone it to the Times-Record, No. 4.
