

United States Tires are Good Tires

'Usco' Tread

War Has Multiplied the Value of Good Tires

Never were cars so necessary—both in business and domestic life.

Never was their continuous and economical use so imperative.

Never was freedom from tire trouble and tire expense so absolutely essential.

The rapidly growing demand for United States Tires prove their war-time worth.

Thousands of motorists each week are turning to United States Tires to

get dependability and economy.

United States Tires last longest and carry you farthest at least cost.

They enable you to make the most of your car—passenger or commercial—now, when it is more than ever a vital war-time necessity.

There is a United States Tire for every possible need.

Our nearest Sales and Service Depot will tell you which ones you should have.

A complete stock of United States Tires is carried by the following Sales and Service Depot—
Emberson & Olson, Valley City; F. J. Kenke, Fingal; Ole S. Reiton, Hastings
 We know United States Tires are good tires. That's why we sell them

ADULTERATED AND MISBRANDED FOODS AND BEVERAGES

I, E. F. Ladd, State Chemist and Food Commissioner for North Dakota, do hereby certify that the list of food products and beverages herein specified has been analyzed during the six months preceding July 1, 1918, and the same found to be adulterated or misbranded within the meaning of the statute as shown in each individual case.

I further affirm that this is a true and correct list to the best of my knowledge.

E. F. LADD,
 Chemist and Food Commissioner.
 Subscribed and sworn to before me this 30th day of June, 1918.

ALMA K. JOHNSON,
 Notary Public, Cass County, N. D.
 My commission expires Oct. 23, 1918.
 (Notarial Seal)

Filed in the office of the County Auditor, this 1st day of July, 1918.

C. W. NELSON,
 County Auditor.

THE BEST PROOF

Given by a Valley City Citizen
 Doan's Kidney Pills were used— they brought benefit.

The story was told to Valley City residents.

Time has strengthened the evidence. Has proven the result lasting. The testimony is home testimony— The proof convincing.

It can be investigated by Valley City residents.

E. E. Deming, 620 Fifth Ave., says: "I wrenched my back and this made me suffer dreadfully at times. A sudden move was all that was necessary to bring on an attack and for days it was all I could do to get around. Sharp pains through my kidneys caused me intense suffering. My back was lame and so sore I could not bear to touch it. The kidney secretions became very annoying and contained sediment. Three boxes of Doan's Kidney Pills removed the trouble."

OVER TWO YEARS LATER Mr. Deming said: "I think as much of Doan's Kidney Pills now as when I recommended them some years ago. I am pleased to confirm that endorsement and I hope others read it and will also be cured of kidney trouble."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mrs. W. T. Craswell left Wednesday night for Ada, Minn., where she went to help out in a Red Cross drive yesterday and today. From there she will go to Devils Lake. Mrs. Craswell is giving her services free outside of actual expenses incurred.

Wanted scrap iron. Will pay \$15 ton for small load. Will pay from \$15 to \$18 per ton by carload. Andreas Erickson.

ATTORNEY COMBS TALKS PATRIOTISM

From Saturday's Daily

Attorney Lee Combs, of this city, spoke at Jamestown on July Fourth and gave the people a fine address. Among other things he said was: "Attorney Combs spoke of the occasion as the celebration of the natal day of a free nation and stated that the significance of the day was great indeed. Referring to the Declaration of Independence that had been signed just 142 years previously, he stated that when the 13 colonies made the declaration they staked and risked not only their fortunes, but their lives as well, for had they been unsuccessful they would have been dealt with as traitors. He extolled the courage of men who had dared to proclaim their principles in the face of such fearful odds.

The speaker made a comparison of the autocratic and democratic forms of government, and added: "Following the promptings and pleadings of Providence, we have worked out a destiny to be in the foremost ranks of the peoples of the earth, with our sole purpose to make this world a decent place in which to live. We have the duty to throttle to death the despotism which seeks to destroy the effort of God himself to work out through this people in America the form and substance of a free people."

Mr. Combs asserted that forty million men had been put into uniform during the present war, and that twenty million of them were now hors de combat. And the tremendous number involved or to be involved in the struggle is more than justified, he stated, by the greatness of the issue, which is one between despotism and liberty.

We must prevent the people of Germany from retaining such power that they will ever again be able to plunge this world into such a war, he stated, and we will see it through if we have to do it alone. We have now put into Europe over one million men and in another year we will be able to place two million more beside them. The speaker then went so far as to state that all Europe and Asia could not successfully confront such an arm as we could raise.

Attorney Combs spoke in appreciation of the efforts that have been put forth in this country in the way of food conservation, and declared that we would win the war no matter what food sacrifices would have to be made. Referring to anti-war sentiment the speaker said that to deal with sedition, we must use wisdom, patience, caution and the fair spirit that the American people alone possess in the fullest measure.

As the final goal of our efforts, the speaker declared that we did not desire a victory that would satisfy our own desires in every particular, but one that in the wisdom of the Almighty would give to the world the blessing of freedom.

J. W. Nelson, of Dazey, was here yesterday.

J. J. O'Day and wife, of Eckelson, were here yesterday and were quartered at the Kindred.

C. E. Kissinger and wife, of Ferguson Falls, Minn., was a guest at the Rudolf Hotel yesterday.

J. W. Riley, superintendent of Cass county, arrived this morning on No. 7 and will be the guest at the home of Miss Mimmie Nielson.

Mr. and Mrs. Rosard and daughter arrived this morning on No. 7. They will be on the program at the Barnes County Fair.

Miss Adeline Girard, who has been spending the past two weeks visiting friends and relatives at Medina, returned home last evening.

Eli Weston leaves today on No. 4 for Chicago, where he will attend the Chicago University in connection with the naval school.

E. R. Frutch, who has been camping with his family at the Chautauqua, left yesterday for his farm at Leal to look after farm interests.

Hart Thoreson, a former employe of the Times-Record, but now of Bismarck, arrived home last night for a visit with his parents for a few days.

J. D. Healy, of the Barnes County Implement Company, was a visitor to the city today, and has been looking over the business here. We are always glad to greet Mr. Healy.

Mr. and Mrs. J. C. Taylor and daughter left for points in Indiana and Kentucky today on their annual vacation. Mr. and Mrs. Taylor are the telegraph operators at Alta.

Mr. and Mrs. W. L. Meyers returned home last night from Minneapolis where they had been visiting for a few days, and W. L. is back at his day trick in the N. P. telegraph office.

Mr. and Mrs. J. O. Iverson and two daughters, formerly of Audubon, Minn., arrived this morning from Canada, where they have been visiting relatives for the past week. They are en route for home and stopped over here between trains. They expect to leave this afternoon on No. 4.

Gov. Lynn J. Frazier was in the city yesterday and was on his way up the Soo line where he was billed to speak at some Chautauqua. His train being a couple of hours late the governor paid a visit to the Chautauqua here which is the first time he has visited this institution this season.

Editor Will H. Wright, of Woodworth, was a caller at the Times-Record office this afternoon. He is en route to Sheldon to visit friends over Sunday. He was accompanied by Clarence Seaborn and Miss Rosella Johnson, of Woodworth, and Miss Clare Hutchings, of Sheldon. Miss Hutchings taught in the Woodworth schools the past season. We were mighty pleased to see our old friend "Bill" Wright who in the early days was a valued employe before he graduated into the newspaper business for himself.

ANNUAL BETTER BABIES CONTEST

If you have a child in your home between the ages of 12 and 36 months, it is your duty to conserve the health of that child just as it is your duty to practice conservation of wheat and sugar. How better could you practice this all important child conservation than by having your boy or girl judged at the Better Babies judging contest at the North Dakota State Fair, Fargo, July 15 to 20.

The babies will be scored by Dr. Anson Cameron of Chicago, who is professor of Diseases of Children at Hahnemann Medical College and on the consulting staff at Cook county hospital.

The Fair Association offers eight beautiful medals, four to the boys scoring the four highest averages and four to the girls scoring the four highest averages.

If you have not already done so, fill in the attached entry card and mail at once to Dr. J. G. Dillon, Fargo, N. D. No entry fee is charged.

Entry card to the Better Babies Judging Contest, North Dakota State Fair, July 15 to 20.

Name of child

Age of child..... Months.....

Sex

Name of parents

Address of Parents

Any baby between the age of 12 and 36 months not suffering from any infectious disease is eligible. No entry fee is charged. Entries close at noon July 13. Cut this out and mail it to Dr. J. G. Dillon, Fargo, N. D., who will mail you an appointment for the examination at the Baby Booth in Merchants Pavilion.

Tailor Oscar Dahl is to have a very fine location in the new Storey building now being built next door to the postoffice. He is to have the east side of the basement which is a fine one, for a basement room. On the west side Louis Gillette is going to put his shoe hospital. He, too, will have a fine room and a good location. This new building will be a very neat one when it is completed and will make a fine addition to Fourth street.

Manager W. T. Craswell, of the local telephone exchange, is a busy man these days. He is distributing 1700 new phone books to the patrons of the exchange just issued from the Times-Record press.

NO. DAKOTA BOYS AT CAMP CUSTER

(By Burr Osborn, Editor of Camp Custer Edition of "Trench and Camp.")

Camp Custer, Mich., July 8.—Before so very long some 3,000 North Dakota boys will be on their way to Camp Custer headed for the introduction to our well known National Army. Probably most of these lads know little about army camps in general and still less about this particular cantonment and so as one of the original inhabitants of the village I am extending these few words of information and getting to the select from North Dakota who are scheduled to come to Custer the latter part of July.

Camp Custer is located in the southern part of Michigan about seven miles west of the city of Battle Creek. Although the Michigan Central railroad runs through the northern part of the cantonment there is no station and trains on this road do not stop in camp. The only railway into camp is the electric line from Battle Creek operated by the Michigan Railroad Co. Jitney busses run to the limits of the camp and a jitney line is in operation inside the camp.

When the Dakota boys arrive after their trip east they will be switched into camp on a siding running up from Battle Creek and will strike the extreme easterly end of the barracks. Here they will leave their trunks and go immediately to the receiving station where they will have a preliminary examination and will be assigned to a barrack temporarily. Within the next few days they will receive a complete physical examination, inoculation against typhoid and vaccination for smallpox. For two weeks they will be in quarantine although that term in this camp does not imply the complete isolation that it does in civilian life.

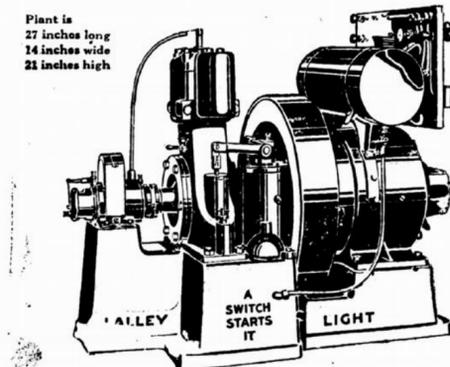

The buildings at Camp Custer are numbered beginning at the easterly end of the camp and extending to the westerly end. At present the cantonment is occupied by the 85th Division of the National Army but it is expected that by the time the Dakota men reach here that this Division will be on its way "over there." Just now we have some 3,000 men housed in tents as well as about 35,000 in barracks.

When the boys from North Dakota arrive they will find the Army Y. M. C. A. on the job and anxious to serve them in every way possible. The Y. has eight huts for enlisted men in this camp. They are numbered 86, 181, 303, 445, 605, 960, 1269 and Base Hospital Station. It would be a good stunt for members of the increment coming here to jot those numbers down and on arrival look up the nearest Y. building at the first opportunity.

The Y. M. C. A. offers many kinds of service. A chap can get stationery, stamps, magazines, books, athletic equipment and newspapers there. Each hut has a piano and a victrola. During the week there are movies, educational lectures, religious services, musical entertainments and athletic programs in the huts and on the outdoor platforms. These are all absolutely free. One of the first uses which a new soldier finds for the Y. is when he gets ready to send home his civilian clothes. Then he goes to the Y. for paper, string and parcel post stamps. On recent occasions more than six tons of civilian clothes, being sent home by soldiers, have been shipped from a single hut in one day.

A weekly newspaper called "Trench and Camp" is printed by the Y. M. C. A. and 9,000 copies are distributed free to the soldiers. This little paper carries all the camp news of interest and the men are urged to send it home because it tells so much more than a letter could include. The Association publishes editions of "Trench and Camp" in 32 camps and cantonments of the United States.

Dakota boys will find plenty of entertainment near at hand when they are allowed to leave camp. At Battle Creek there are a number of soldiers' clubs as well as an Army Y. M. C. A. building located in the downtown district.

Light Always Ready

TALLEY-LIGHT is electric light for the farm. It is always ready—in every room of the house, in the barn.

Simply turn a switch. No lamps or lanterns to carry. No matches to strike. No danger of fire.

All at the cost of a few cents a day.

With electric power into the bargain to run your water pump, churn, separator, and other light machinery. Talley-Light is proved right by more than seven years' actual farm use. We will demonstrate it free on your farm. Call for owners' testimonials.
