Loon Lake, Minn., to visit his brother, and was held up here on account of the heavy rain of Saturday night. He arrived in the city from Cooperstown by auto Saturday night and left for the Minnesota lake Sunday afternoon.

Editor C. C. Lowe, of Ashley, N. D., was a caller on the Times-Record editor this morning. Mr. Lowe was just returning from Canada where he had been visiting his parents and other old time friends. He left this afternoon accompanied by his daughter, Miss Leta, for home, via automobile. Mr. Lowe was formerly located at La Moure where he published the Echo, one of the best weeklies in the state. At Ashley he is giving his people a fine paper and is doing well. We are glad to hear this as well as to receive a visit from our friend from Ashley.

H. A. Scads and family of Park City, Mont., were here yesterday, on their way east.

Miss Larson and Miss Henry were passengers to Fargo this morning going down on the early morning train.

P. O. C. Johnson and family, of Watford City, N. D., autoed into the city yesterday and are domiciled at the Rudolf Hotel.

Louis Gillette, the shoe hospital man, was a passenger to Fargo this morning going down to look after some business matters.

Mrs. Elmer Wicks and children returned this morning on No. 3 from points east where they have been visiting for the past few days.

L. A. Taubert, one of the prominent and old time business men of Casselton, was in the city yesterday and was a guest at the Hotel Kindred.

Miss Hazel Hilde, of Fort Ransom, N. D., and Miss Lola Gunderson, of Lisbon, N. D., were in the city Monday, and were guests at the Valley Hotel.

Mrs. R. B. Monson and children returned to their home near Litchville on Sunday. They have spent the past week visiting at the Wooland home, Mrs. Monson's former home.

F. G. Lewis, of Binford, N. D., auctioneer and all around good fellow and live wire, and an old time friend of the editor of the Times-Record, was in to see us this morning, and we were mighty pleased to receive the visit. Mr. Lewis had been up at Bismarck serving on the U. S. jury and had been excused and was on his way home.

Ray W. Bassett left Sunday morning for Havre, Mont., at which place his wife and little daughter are visiting relatives. He went in the Ford car and will no doubt enjoy his vacation.

Mrs. C. S. Atkinson, of Sykeston, N. D., was registered at the Kindred hotel this morning. We understand she came here to attend a meeting of the woman's department of the state council of defense.

H. E. Savage and wife, of Taylor, N. D., was here yesterday, coming in by Auto. Valley City is the mecca of many travelers these days, who are going to and from the Minnesota lakes and find this city a convenient stopping place for the night.

The word Pray is prominent over the entrance of the new Story block to be occupied by Dr. E. A. Pray and W. N. Palmer. This word Pray is so suggestive of piety that D. J. Mingo came over to the Times-Record office this morning and said that he had a very fine figure of an angel he would like to have placed on top of the building as he thought angels and Pray go good together.

Dr. and Mrs. L. S. Platon, are entertaining Capt. and Mrs. Platon of New York City. They arrived on No. 1 Sunday evening from St. Paul and accompanied by Dr. and Mrs. Platon will take a trip by auto through the Yellowstone Park, and will go from there to points in Canada. Ed. Lawry, an old time friend of the editor, was in yesterday, and boosted his subscription ahead. Mr. Lawry remarked that while he did not agree with all the Times-Record said, he felt that in many respects we were trying to give the people the right kind of things and was willing to

let us have an opinion of our own even if it did not always coincide with his. This is the right spirit, and shows that Mr. Lawry is broad minded. We don't expect everybody to agree with us. If they did there would be no sense in publishing a paper.

L. D. Richardson, of Fargo, general manager of the N. D. telephone system, is in the city today looking after business matters in connection with the company.

R. S. Lunde and family autoed down from Cooperstown today. Mr. Lunde had business to look after here and brought his family along to have a sort of nice trip. They return home sometime this evening.

Dr. E. A. Pray returned from Pine City, Minn., on No. 3 this morning, at which place he had been to see his son, Russell, who, we understand, was operated upon Sunday.

H. A. Pressler, who was here to make a settlement with Dr. J. E. Featherstone for insurance from damage caused by the fire at his home last week and is very much satisfied by the fair and prompt manner in which this loss was adjusted. In this connection Mr. Pressler stated to the Times-Record scribe that he does not know of any fire handled by a paid city department that was handled so nicely and with as little damage as this one, and he wants us to tell the fire boys of Valley City that he and the companies he represents appreciate the way it was handled. The boys did not tear things up and spoil things like many volunteer companies do in their zeal to "do things" but went about their work systematically and carefully with the result that this home was damaged to the minimum so far as the fire department's work is concerned.

Dr. J. E. Featherstone has handed Chief Craswell a check for \$10 as an appreciation for the work of the fire department in the recent fire at his home. These tokens of appreciation are certainly appreciated by the members of the fire department.

Mrs. S. P. Ellis and daughter, Grace, have just returned home by auto from points in Michigan. They report a most pleasant trip. They visited friend at Marshal and Union City, Mich., and on the way home stopped a few days in Milwaukee, Wis. Mrs. Ellis has been absent from the city for the past three weeks. Miss Grace has been spending the past seven months attending the Cream City Business college.

Two car loads of lumber jacks from the woods of Michigan passed through town on No. 3 this morning bound for the Pacific coast. They had enlisted in the government service and were going out to the forests of the west to work up some spruce to be used in the manufacture of airplanes for the government, a branch of the service that is of the greatest importance and which will have one of the most vital parts in fighting on the battle fields of France, Belgium and Germany. On the cars were lettered many signs in chalk, not very elegant language to be sure, but expressing the feelings of these men who have been called from their peaceful occupations to go forth and fight for the freedom of the world because a power crazed emperor wants to rule the world with an iron fist. The signs read: "To Hell With the Kaiser" and mottoes along these lines. Of course these sort of signs may seem uncouth and harsh but they seem to express the feelings of these men who are called on to go into government service.
