

From Friday's Daily

Mrs. E. L. Hughelin, of Ashby, Minn., was here yesterday, arriving in the city last night.

Guy W. French and family, of Chicago, arrived here last night and are guests at the Rudolf Hotel.

Postmaster Frank Shearer, of Dazey, was in the city last night and this morning, and was stopping at the Kindred Hotel.

We are glad to know that Mrs. Alex Axelson and her son Julius and daughter Agnes are recovering from a bad case of pneumonia.

Private Richard Thoreen, who is in the service stationed at the state university at Grand Forks, writes the Times-Record this morning that he must have the paper. The old rag goes out to him this afternoon.

Several young boys between the ages of 16 and 18 years old were arrested last night by the police for mischievous conduct, otherwise the police say the night was quiet and no destruction of any nature was done.

Last night was Hallowe'en and it was the sanest one we have had for a number of years, things being unusually quiet. This is good. There were a few fellows that started to get rough and pull off some stunts but Policeman King nabbed a few of them.

Mrs. A. Schultz, of Minneapolis, returned home yesterday on No. 4 after spending some time with her daughter, Mrs. C. K. Hills in this city. Mrs. Hills and the baby have been sick for

some time but are now both doing nicely.

Politics will be adjourned for two years after next Tuesday but at the present time the fight has settled down to one of the worst we have had in many years. It is simply a question of the survival of the fittest with the voter picking out in his own mind which is the fittest.

O. P. Enerson arrived in the city yesterday afternoon with his car which was out of commission and which he could not get fixed in time to return to the farm so he remained in town all night and was stopping at the Valley Hotel. Mr. and Mrs. Enerson are spending two or three weeks on the farm during this epidemic of influenza.

The eighteen month old little son of Mr. and Mrs. N. J. Skeim, of this city died this morning about 8:30 from brain fever. The little one had had pneumonia but was considered better but brain fever followed and the little one passed away this morning. C. A. Olsen prepared the remains for burial and they will be taken to Cooperstown today for interment. Mr. and Mrs. Skeim have the sympathy of their friends in their hour of deep trouble.

Last night at 7:15 occurred the death of Charles Melvin Lewzader, one of the twins of Mr. and Mrs. Will Lewzader. The little one was sick only a few days and died from brain fever. The baby was eleven months and twenty-six days old. The funeral services will be held from the Somdahl parlors on Saturday afternoon at 2:30, Rev. L. S. Eberley conducting the services which will be of a private nature. The Times-Record offers its sympathy to Mr. and Mrs. Lewzader

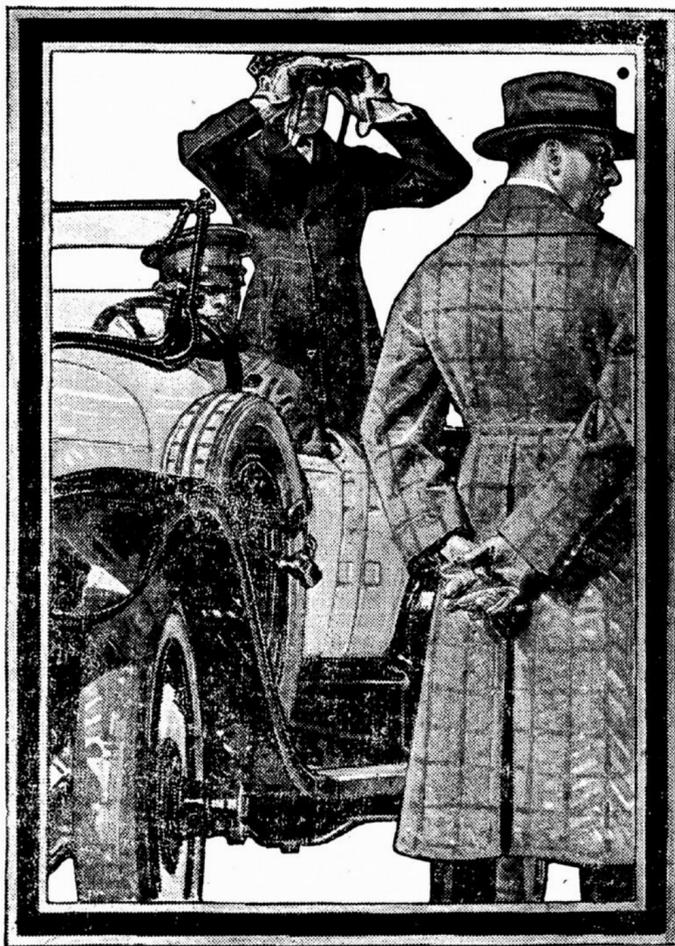

in this hour of grief. Both Mr. Lewzader and his wife are sick and have been for the past few days.

The Times-Record does not want to be unfair to anyone whether he is on the ticket we vote or the opposition so we want to correct an error that is going the rounds of the press and which is misleading to many people. We have been under the impression that Attorney General Wm. Langer's order for the shipment of liquor into the state for medicinal purposes was open to all druggists. This is not so. The order only applies to those druggists that have a permit given them according to law and no one can get liquor from any of these drug stores unless on a regular physician's prescription. Mr. Langer is taking the necessary steps to prosecute violation of the prohibition law just the same as ever and he is to be commended for that. We know lots of people do not like Mr. Langer—especially those who are opposed to the enforcement of the prohibition law, but he deserves credit for what he has done along these lines anyway. We want to give him just as fair a show as any other man because he is entitled to a square deal.
