

From Wednesday's Daily

D. R. Farrell is down from Dazey today. L. S. Wood was a passenger to Minneapolis yesterday going down on No. 4. D. J. Minogue left this morning for points on the Soo line to look after business interests. Mrs. J. J. Henning was down from Sanborn yesterday and was doing some shopping in the city. A. B. Block and wife, of Carrington, were Valley City visitors today, arriving over the Soo line last night. Mayor Moe has appointed Peter R. Hanson street commissioner and Mr. Hanson went on duty the first of the month. Mrs. Storey leaves tonight to visit her daughter, Miss Mabel Storey in Minneapolis. Mrs. E. G. Anderson and two daughters left on the early train this morning for Fargo where they will visit friends for a few days. Gilbert Gilbertson has rented a pool hall in Moorhead and expects to move to that city in the near future to look after his new business. St. Catherine's Altar Society will meet in the school hall Thursday afternoon and will be entertained by Mrs. Gertrude Cook and Mrs. Frank Cook. Mrs. J. E. N. Rude and two children left on No. 3 this morning for Brookings, S. D., where they will visit two daughters and a son of Mr. and Mrs. Rude for a few days. Mrs. J. Van Houten and children returned Saturday from Lake Minnetonka and Southern Minnesota points, where they have been visiting for the past six weeks. Vernon Hoar and family recently returned to the city from an 800 mile auto trip into the western part of the state. V. A. says they had a good time and enjoyed the trip immensely. Grant's Jazz orchestra arrived on No. 7 this morning to be on hand to play for the dance at Clark's hall tonight. They played at Fargo last night and gave great satisfaction. Miss Larson, club leader for boys and girls of Barnes county, went to Jamestown this morning to attend a club conference of the boys and girls of the state which is being held in that city the past two days. Editor Lisle, of Fingal N. D., was a Valley City visitor yesterday and favored the Times-Record with a call. We are always glad to greet old fellow sufferers any old time they feel like dropping in to see us.

forest fires and had a real experience. She also visited Kalispell, Great Falls and her home at Chinook, Mont. She reports a splendid trip and a good time.

The Times-Record is in receipt of a postcard containing a picture of the Fort Garry Hotel at Winnipeg, Canada, the card bearing the signature of Aug. A. Doerner. Mr. Doerner says, "The bell hops tell me that the Prince of Wales will occupy the entire lower floor of this hotel and he's all fussy over this affair. Will start tonight by Grand Trunk railway for Toronto and the east, thence to the Muskoka Lakes, where as vice-president of the \$100,000 club for North Dakota I will be the guest of the Great West Life the week of Sept. 1 to 7."

Gordon Cox returned home on Sunday evening from Ann Arbor, Mich., where he had completed his law course and received his L.L. B. degree. Mr. Cox will now have to pass a state bar examination and be admitted to practice, then he will be a full fledged lawyer, entitled to hang out his shingle, run for judge of the district or supreme court or attorney general or anything else he feels like going after. His friends congratulate him on his success. He left this morning for Bismarck to visit for a few days with his brother, Assistant Attorney General E. B. Cox.

The city council met in regular session last night and transacted routine business. The mayor announced the resignation of the chief of police but made no appointment of his successor at last night's meeting. Ronald J. McDonald was appointed by the mayor to the position of city assessor and David S. Ritchie was appointed a member of the special assessment committee for a term of six years. A letter was received from F. E. Ployhar in regard to the city purchasing the gas plant and the matter was referred to a special committee for investigation. This is a matter of great importance to the tax payers and will doubtless receive proper consideration in due time.

The board of equalization was in session yesterday at the court house to hear complaints from those who thought they had been assessed too high in the city. It is laughable to note that one of our particular friends who told us we needed calomel and sulphate of magnesium to clear our vision because we stated some time ago that the taxes were going to be high, was the first one to go up and howl lustily because he thought he was assessed too high. The board smiled knowingly and refused to do anything in the matter. Gradually it is commencing to seep into the befogged minds of some of these advocates of state socialism and rank recklessness that we were right. Why don't they come out and say so and take a little calomel themselves.

STATE NORMAL SCHOOL Valley City, N. D.

August 28, 1919.

To Anyone Interested:

After 12 years of almost daily association with Prof. C. C. Curtiss, I as president of the State Normal School at Valley City, N. D., and he as professor of penmanship and head of the commercial department, I am pleased indeed to testify to the pleasure of that relationship, and to the high grade of penmanship teaching. Prof. Curtiss has in my opinion the simplest, most workable and most psychological system in use in American schools. The progress made by our students and the fine grade of work they have been able to do in this state is ample proof of the success of his system. I believe that he is not only the greatest American penman but the most successful teacher of the subject. He has carried the work to a completeness and finish not dreamed by his early associates, the Spencers. My regret is that he has not given himself the time to perfect his system for publication. His present plans to publish meets my heartiest approval and my highest expectation of successful results. Very respectfully, GEORGE A. McFARLAND, 26 years Pres., S. N. S. Valley City, N. D.

OBITUARY

Mr. E. K. Myhre was born October 27th, 1856 at Naes, Hallingdahl, Norway. He came to this country in 1872, and in 1884 he was married to Miss Aagot Mortrude, at Valley City. Six children were born to this union, five of which are living to mourn the loss of a beloved father, besides Mrs. Myhre, who so suddenly was left alone. Mr. Myhre who has been one of Valley City's most respected business men and citizens, having served as postmaster and county commissioner, and in many other ways, tended his land and influence for a bigger, better community, lived in Valley City for a period of 39 years, dying Sunday morning, Aug. 24, 1919, at 6:15. Mr. Myhre was a devoted parent, an affectionate husband, considerate of all with whom he had anything to do. Besides giving a long life of valuable service to his community, he gave two of his sons to the service of his country, one of whom died in the service, and one of Mr. Myhre's lingering desires seemed to be to see his son Howard, who has not yet returned, before he died.

Although Mr. Myhre had been failing for some time, death came suddenly and unexpectedly. God almighty, all merciful, who knows the ways and the hearts of men, also knew Mr. Myhre, who, because of his few words, at times seemed distant to many of us, and to this all-knowing, all-loving God stands our hope, that when the sun of the resurrection morning shall cast its rays, and the trumpet of the Lord shall sound, that in the great throng of the redeemed by Grace we shall meet Mr. Myhre again where tears and sorrows and partings are forever unknown.

The funeral services were held Wednesday afternoon at 2 o'clock from the residence. Rev. Eugene Nelson, pastor of the Scandinavian Methodist church officiating. The abundance of flowers which covered the casket and the house revealed the great esteem in which Mr. Myhre was held by his community.

ALLIES SEND GERMANY ULTIMATUM

Paris, France, Sept. 2.—The allies through the medium of the supreme council sent an ultimatum to the German government today declaring that within two weeks the German government must modify her constitution eliminating the provision permitting Austrian delegates to sit in the assembly. It is pointed out that this clause is contradictory to the Versailles treaty which forbids interference with Austrian affairs.
