

From Thursday's Daily

Mrs. A. Jochen, of Litchville, N. D., was a Valley City visitor yesterday.

ly. Mrs. Barnes is a daughter of Mrs. Wm. Carr of this city.

S. J. Russell and wife, of Wimbeldon, N. D., are county seat visitors today.

Editor Leo Ratcliff and wife, arrived from Dazey last evening and are spending the day in the city.

Blue Lodge meeting Friday evening Nov. 5, 1920. Work in E. A. degree. Refreshments. 4-24 D. S. Ritchie, W. M.

John Ose and H. K. Stromme, of Dazey, N. D., were looking after business matters in the city last night.

Born to Mr. and Mrs. Chas. Barnes, of Dodge, N. D., a baby girl this morning. Mother and baby doing nicely.

F. C. Gardner, one of North Dakota's pioneer business and traveling men, was a visitor in the city yesterday, and called on G. E. Bateman for a short visit.

With the Barnes County Citizen for the past year or two, has, we understand, decided to try the postal service and will enter the postoffice in a few days to try for the place made vacant by the resignation of Harry Coddling. Postmaster Smith has not officially announced this change but we understand this will be the line-up.

It seems to be impossible for the city to keep its turn to the right signs right side us. Somebody is all the time running into them and breaking them up, which is unnecessary. The city should adopt the Duluth plan—place a bottle of red fluid on the post which, when broken by a collision, spatters all over the car doing the mischief. It also marks the car and gives the authorities a chance to locate the one doing the mischief.

C. C. Gorst, famous lecturer and authority on birds and their life, will speak at the Normal Auditorium Friday evening, Nov. 5. Mr. Gorst, at the age of eight, began to imitate bird songs. At eleven he had evolved a method neither whistling or singing, but producing the notes in the mouth and varying them with lips, tongue, throat and diaphragm, by which he has deceived even mother birds into bringing him worms in answer to the food cry of their young.

Paul Fribe of Nottimier township and June Messner of Alta township, were united in marriage at the Trinity Lutheran parsonage yesterday afternoon at five o'clock by Rev. J. F. L. Bohloff. Both young folks have grown to man and womanhood in Barnes county and are a highly esteemed young couple who have the best wishes of their friends. They will make their home with Mr. Fribe's mother in Nottimier township. Following the ceremony last evening, they left for the bride's home where a delicious dinner was served to a few guests and immediate relatives.

The Times-Record editor desires at this time to express his hearty thanks to the splendid home endorsement received at the polls for election of this paper as official paper of the county. It shows that the people of this county appreciate our work and we are feeling mighty fine over the big vote the paper received in the city. And to those in other towns and precincts in Barnes county where our friends gave us their help we are also very grateful to them for their generous support.

The Near East Relief campaign is being conducted in the county this week and the committee will be at work in Valley City Friday morning. This is very important work and we are asked to take care of sixty orphans. These orphans will be left in their own country. Some of the members of the national committee are: W. H. Taft, Chas. E. Hughes, Elihu Root, Oscar S. Straus, R. J. Caddahy, Chas. Elliot, James Cardinal Gibbons, Harry Pratt Judson, John R. Mott, Albert Shaw, Robt. E. Spurs, Stephen S. Wise and many other prominent men, besides some of our own state, both men and women. The committees for Valley City and their districts are as follows: Mrs. Chas. Atherton and Mrs. Silvy Sanders will take the Young, postoffice, city hall and the Sheyenne Bottling Works blocks; Mrs. E. A. Pray and Mrs. J. O. Hanchett will take the First National Bank and Straus blocks; Mrs. J. C. Coyle and Mrs. E. J. Pegg the Dakota Drug and Barnes County Implement blocks; Mrs. J. J. Earley and Mrs. Henry Nelson the blocks that the American Exchange bank and Mr. Sid Ellis are in; Mrs. J. N. Deibler and Mrs. Frank Bailey the blocks that the Right Price Merc. Co. and Frank Flora are in and Mrs. E. S. DeLancey and Mrs. S. A. Zimmerman will take the Thompson Yards block and all east of there to and including the mill. These ladies are planning on finishing up this by noon tomorrow, so try and be in your place of business all the forenoon and the committee will be thankful.

From Wednesday's Daily

The weather this morning is a little more of a tropic nature, although still rather chilly.

Miss Mabel Morgan returned from Minot Tuesday, where she had been visiting with relatives for a few days.

The Sakakawea Chapter of the D. A. R. will not meet this week, but will meet Nov. 18th with Miss Clark, 363 Sunnyside avenue.

No. 4 due to arrive here at 11:30 last night did not get here until 9

o'clock this morning. We did not learn what it was that delayed the train.

A Red Cross drive for membership starts on November 11. Be ready when they call on you for your membership money if you want to help along this worthy cause.

Prof. Wemett of the Normal School will act as managing editor of the Normal School Budget this week, during Mr. Seymour's absence made necessary by the death of his mother.

Mrs. George M. Young entertained about fourteen ladies of the Tuesday Club at a 6 o'clock dinner at her home last evening, in honor of the new members, Mrs. Julius Meyer, Mrs. C. E. Allen and Mrs. W. W. Smith. A pleasant evening was enjoyed.

Mrs. Marion Kraemer, who has been in a Minneapolis hospital receiving treatment for about four weeks, is said to be getting along nicely now. We are told that an operation recently performed has proved successful, and that she will be able to get up in a few days. Friends of Mrs. Kraemer will be glad to hear of this.

Robert Leedy, former group chief of the Fargo district of federal prohibition officers, who was indicted by the grand jury charged with violation of the liquor laws, has been released on \$2,000 bail, which was secured by his friends. The case will be tried at the Fargo term of the United States district court, which will probably be held some time in the spring.

R. Geselius, proprietor of the Rudolf Hotel, was taken very sick a day or two ago and is very low. Last night his condition was very bad but we are informed this morning that he is some better and his many friends hope to hear of his continued improvement. He has a private nurse. We understand that his ailment is stomach trouble.

A letter recently received from A. W. Adamson conveyed the information that he has located at Hermiston, Oregon, where he has purchased a moving picture business. Mr. Adamson wants us to send the Times-Record to him as he would like to keep in touch with the old home town. The great family journal will go forward to him right away.

John Koehn, rural mail carrier on Route 4 running out of this city, has been compelled to take an enforced lay-off from his duties on account of the injuries he received some months ago as a result of runaway. Mr. Koehn will probably not be able to resume his duties on that route for a long time so that if any of you fellows want a job carrying mail on that rural route call on W. L. Witter at the post-office.

The Home Economics Club spent a very pleasant evening at the home of Mrs. Witter Monday evening Nov. 8. Besides the regular business meeting Mrs. Witter gave a demonstration of candy making. Coming just before the holidays, the ladies were glad of the opportunity to get so many valuable suggestions. A dainty lunch was also served by the hostess. In spite of the rough weather, there was a good attendance and every one had a jolly good time.

Hon. M. O. Grangaard was down from Rogers last night to visit Mrs. Grangaard and that new little daughter. "Granny" is now satisfied that all the returns are in for this election. He will go to Bismarck next January with more confidence now that it has developed that instead of being in a hopeless minority in the house he will be in with a small majority. The senate is still claimed by one majority by the leaguers but a contest is now on for that seat.

The Jamestown football club arrived in the city early this morning and left over the Soo line for Enderlin where they go to play a game with the team in that city. The boys were full of pep and confidence and when they return this evening en route home they expect to bring back the scalp of those Enderlin fellows with them. However, the Enderlin fellows may not look at it that way but on the other hand may take the scalp of the Jamestown chaps.

We have received this morning a post card from E. D. Lum, formerly of the Times-Record, postmarked Rome, Georgia. On the card he says he has not heard how North Dakota went in the election but hopes that the props were knocked from under Townley. Mr. Lum says that he has finished putting on a big advertising campaign at Rome, Ga. So we take it from that he has gone back into the advertising game once more. When you once get this printing habit it is mighty hard to get it out of the system.

From all over the country as well as in our own midst are being held big readjustment sales to cover up the fast tumbling prices along all lines of merchandise and it is keeping the business man mighty busy these days to adjust his business so that he will not have to take too great a loss. There is no question but what business men along all lines will have to stand a big loss, especially those who are carrying a big stock of goods purchased at the top notch price.

Harry Davidson's plane is causing a little commotion these days. It seems that the plane is being dismantled for the winter up over the hill on some land west of town on the Heimes road and people seeing the plane in a sort of what they thought a broken down condition have been phoning to this office to ask what accident happened and whose plane is it? Nothing to it, gentle reader. Just Harry putting his boat away for the winter.

The personnel of the Fargo branch of the Northwest Telephone Co. of Fargo has been changed considerably.

Many of the old employees of the company have been promoted, while other young men are being sent to take their places. A new division has been formed in Fargo of the Northwest Telephone Co. and has been put under the general supervision of L. D. Richardson, who is also general manager of the local exchange. Among the changes made is the promotion of D. G. Palmer, auditor, who is well known here, to the staff of the chief accountant.

Stop and dope this out. Ten years ago, according to the files of the Times-Record, No. 1 hard wheat was selling at \$1.05 1-8, and No. 1 northern was quoted at \$1.04. Yesterday's local market was quoted at \$1.63 for No. 1 dark northern or about 58c more a bushel than it was ten years ago. Not very commensurate with the present prevailing high cost of living. In the same issue of the paper appears an ad for the latest styles of women's shoes at prices ranging from \$3 to \$4.50.

One of the most enjoyable social events of the year was the dinner and shower given on Monday evening at the home of Colonel and Mrs. Frank White in honor of Miss Elsie A. Schultze, a bride of the near future. A splendid five course dinner was served promptly at 6:30, after which Miss Schultze was presented with many beautiful and useful gifts. After an hour of singing which consisted of several solos by the Colonel and a number of songs by a chorus of the guests, the rugs were rolled up and dancing was the entertainment until a late hour when the guests departed proclaiming Colonel and Mrs. White royal hosts.

Tomorrow night the American Legion will put on the play "Are You a Mason" at the Normal auditorium. The sale of seats is now on at the Dakota Drug Company. If you have not already done so you better go and get your seats reserved before all the good ones are taken. We are looking for a big crowd at the auditorium tomorrow night and many seats have already been reserved. Tomorrow is Armistice Day and the boys are taking this way of commemorating an event that to them means the greatest day in American history—the signing of the armistice of the world's peace which meant the cessation of hostilities and the quick return to their homes of the soldier boys from over there. Help them out by buying one or more tickets for this play.

The commission of the North Dakota football league, meeting in Grand Forks today will settle the question whether Valley City must play Fargo again in order to be entitled to the district championship. It is understood that officials of the local school, as well as members of the team, are much against this, claiming that they are entitled to the championship. If the championship is awarded to Valley City, they will play Mandan, the champions in the other half of the south district soon to decide the championship of the district. The winner would then play the champions of the north district, likely to be Williston. On the other hand if it is decided that another game is necessary to decide the right between Fargo and Valley City, it is said that Valley City will refuse to play, thereby placing Fargo as the rivals of Mandan. It will perhaps be known late today what action will be taken.

CHAMPION BREAD MAKERS TO DEMONSTRATE.

Accompanied by Miss Clara L. Larson, county club leader, Miss Helen Noxon and Mayme McKay of the Grand Prairie consolidated school, left for Grand Forks today, where they will give bread baking demonstrations before the North Dakota Educational Association meeting there. Last year Helen Noxon was the state champion bread baker and Mayme McKay ranked second in the state. The team demonstrated at the Barnes County Fair and the Interstate Fair in Grand Forks in July, where they ranked first in the Home Projects. They were awarded a trip to the Inter-state Fair of 12 states held in Sioux City, Iowa, in September, where they again demonstrated scoring 93 per cent or just two points below the champion team of the Middle West states. The team also demonstrated at Valley City October 14, the Annual Club Achievement Day of Barnes County. These young ladies have shown exhibits of their products at different fairs. On November 6th this team demonstrated at the Grand Prairie Harvest Festival.

Big Reduction Sale of
