

# The Barnes County Agricultural Fair.

The race committee of the Barnes County Agricultural Fair have just announced their automobile race program which will be put on Friday July 8th and is as follows: In the five mile free for all event, the total purse of \$600 is offered, which will be divided as follows:

Winner of time for place, \$50.  
Each winner of the two elimination races, \$50.

In the final five mile race, first money \$200, second money \$150, third money \$100.

The special three mile stop and start Ford race, offers \$50 for first money and \$25 for second money. There will be a novelty race for a purse of \$75, the tails of this race will be announced later. The 1921 Fair promises to be a hummer. On the opening day, when the exhibits are being placed and the stock brought in the Valley City Gun Club will pull off a tournament. The trapshooters are very enthusiastic over this event and a good time is promised. Wednesday, June 23rd the second day, there will be horse racing, a relay race by the Y. M. C. A.

groups of Barnes County. A silver cup will be awarded to the winning team and each boy participating in the race will be given a bronze medal. Thursday, July 7th, the third day of the Fair, will be Farm Bureau day, when a great parade will be pulled off. There will also be horse racing and other sports on that day. Friday, July 8th will be automobile day. During the 6th, 7th and 8th, the Tash-Moo circus will play on the Fair grounds. The Fair management has taken this circus on in place of the old time carnival company and believe the results will be much more satisfactory. During the races and other track events, there will be several good bands playing and high class performers will entertain you. The Barnes County Fair is a great agricultural exhibit and the farmers of Barnes county with their cooperation can make this one of the great Fairs of the northwest. The management is doing all in their power to make it the greatest. Won't you help them do so? Remember the dates are July 5th, 6th, 7th and 8th.

The Moorhead station of the United States weather bureau reports that a heavy shower of shooting stars is expected about June 23. He reports that the periodic comet of Pons and Wincke will pass within 1,000,000 miles of the nearest point in the earth's orbit about two weeks before the earth reaches that point, which is expected to result in the shower of stars on June 28 or a little earlier. He says that the shower will appear to radiate from a point near the handle of the Great Dipper.

### From Friday's Daily

B. H. Critchfield, prominent in stock circles, is here today from Fargo.

Mr. and Mrs. Geo. Schaefer, of Wimbledon, N. D., are Valley City visitors today, arriving in the city last night.

Miss Georgia Henry has returned to her home in the city from Alaska where she has been teaching for the past year.

Mrs. N. P. Nelson is down from Leal and is spending the day in the city looking after shopping and other matters.

R. C. Dobson, formerly of the Times-Record was a passenger to Fargo this morning going down on the early morning train.

Attorney General William Lemke and Beulah Amidon Ratcliff will speak at the nonpartisan picnic and federation meeting at Chautauqua Park, Valley City, June 18th, at 3 p. m. Everybody welcome.

C. A. Olsen was called to Wimbledon Wednesday, on an undertaking job. He was accompanied by his son, Arthur, and they went by auto. Then they had an awful rain up there and the Olsens were unable to get back up to date on account of the very heavy and muddy condition of the roads.

Mr. and Mrs. T. Melvin Lee and children left on No. 2 this afternoon for Lake Pelican, Minn., where they go to visit Mr. and Mrs. Herbert Hasford, of Canton, Ohio, who are spending their honeymoon at the lake. Mrs. Hasford is a sister of Mrs. Lee.

Messrs. Ed. Briggs, E. R. Roberts, E. J. Pegg and Lee Ferguson, who have been taking a fishing trip into Minnesota for the past week, returned home Wednesday night. The boys say they had a good time but none of them are telling anything about trouble with game wardens so they must have been well posted on the law.

Mrs. B. Canter, of Minneapolis, accompanied Mr. and Mrs. Abe Stern back to Valley City yesterday. Mrs. Canter is the mother of Mrs. Stern and will make an extended visit here. The Sterns got back home yesterday morning after a very hard trip over the muddy roads, stopping at Buffalo N. D., the night previous.

Meetings now in progress in "Bethel Park," north of Highland bridge, formerly known as the "jungle." Services as follows for ten days. Prayer service, 6 a. m.; love feast, 9 a. m.; Bible reading, 10:30 a. m.; preaching, 2:30 p. m.; street meeting, 7 p. m.; children's meeting 4 p. m.; preaching 8 p. m. Pleased to have you attend.

Albert Stanley was arrested in the city last night by Officer King, for Sheriff Steer of Clark, S. D., where he is wanted on a charge of rape. Sheriff Steer arrived this morning to take the man back to South Dakota to face trial.

We received a card this morning from Fred Schmidt from Portland, Oregon, asking us to send the Daily Times-Record to him as he is lonesome without the paper. It goes forward today. He says that it is some country out there. Sure it is a great country, all right, Fred, so is this.

The Valley City base ball club opened up a series of games with Bismarck in the capital city yesterday. The first game resulted in a 9 to 8 score in favor of Bismarck. It must have been a game full of hits on both sides and evidently from the score was an interesting game.

For a time it looked like we were going to get by this season without a circus, but the advance agent of the big Howe shows dropped into town yesterday and billed the town for July 2. The show carries thirty cars of seventy feet each so if this be true there will be some show.

Seymour Stafford and Harry Hood leave today for the lake called the Playground of the Nation, northeast of Duluth, and they expect to have a great time for a few days fishing and bathing, and everything. The boys start out on their joy ride with great hopes ahead that bodes ill for the fish.

Mrs. J. J. Chamberlain and daughter have been the recipients of several little social function since they arrived in the city and when we asked J. J. how the folks liked it he said: "Oh boy, what's worrying me is whether I will be able to get the folks back to Portland." We are leaving town this afternoon and will return after John has settled this matter with his wife.

Wallie Jensen has received a letter from his father who left here on May 7th for Denver, Colo., in a Ford car with Mrs. Jensen and other relatives, stating that he had run up against hard luck most of the time. He was held up at Newcastle, Wyoming, on account of mud which he claims is eighteen inches deep down there. Through South Dakota and other points he had the same experience and we guess by the time he gets back home again he will have given his Henry Ford a pretty good try-out. Mr. Jensen is attending the grand lodge of the order of Maccabees which is being held in Denver.

Mrs. A. C. Olsen arrived here Tuesday from Fargo to spend two or three weeks with her son, C. A. Olsen, and family.

A telephone message from Chautauqua Park this morning says that the river has risen a foot since last night and parents are warned about letting their small children go in at the children's bathing place without proper surveillance. There is not at the present time any one to look after this matter in the way of a swimming master so it is necessary to give this warning at this time. The water is already over the foot bridge. The river rising is probably due to the very heavy rains we have had in various sections of the country.

Mr. and Mrs. B. L. Cheney started out on a joy ride to the Minnesota lakes Wednesday morning on a fishing trip. When they were discovered going east yesterday morning between Oriska and Tower City, the car was doing a "shimmie" from one side of the road to the other, but B. L. was hanging on to the wheel with a grim determination to get there and still wearing his usual happy smile. Mrs. Cheney no doubt was either hanging on to the car or B. L., we don't know which, but both were on the way to the happy fishing grounds and we presume negotiated the trip after due time.

On Friday evening, June 17, the Boys Roosevelt Club of Valley City will give an ice cream social beginning at 7 p. m. This event will take place on the lawn at the home of Master Edwin Simenson, if the weather is favorable. If this must be given indoors, arrangements will be made to serve at the Simenson Store. The serving will be in charge of the Girls' Pollyanna Club supervised by Mrs. O. Simenson, the local leader of both clubs. A charge of 10c for ice cream and 5c for cake will be made. This social is given for the purpose of raising some money for the Roosevelt club. Everyone is invited to come. A good patronage will be very much appreciated by these Junior clubs.

The editor has received in the mail this morning the following announcement: "Mr. and Mrs. Timothy Ralph Atkinson announce the marriage of their daughter, Anne Louise to Mr. Gordon Van Voorhis Cox on Wednesday, June the fifteenth, nineteen hundred and twentyone, Bismarck, North Dakota. At home after July twelfth, Bismarck, North Dakota." The bride is one of the capital city's popular and much admired young ladies, while the groom is, the youngest son of Mr. and Mrs. A. Beecher Cox, of this city. He is a young man of sterling worth and exemplary habits, is a rising young attorney of the capital city, and has a host of friends here and elsewhere who wish for him and his bride a happy and prosperous life. The congratulations of many friends in Valley City are extended in which the editor most heartily joins.

## Money Needed Very Much For Colorado Flood Sufferers

Five hundred thousand dollars are urgently needed as a bare minimum sum to do most necessary relief and rehabilitation work in the city of Pueblo according to conservative and careful estimate. On behalf of the stricken citizens of Pueblo the undersigned earnestly appeal to the generosity and sympathy of the nation to assist in meeting the situation which is entirely beyond the resources of the community by sending in their contributions. More than fifteen hundred families already have been listed by the Red Cross census as being in need of help. Many of them have lost all they possess. These families represent an approximate total of seven thousand persons and the census is not yet completed. Hundreds of dealers large and small have been paralyzed by the flood which completely wiped out their stock and ruined the buildings in which they were housed. The damage is estimated between fifteen million and twenty-five million exclusive of loss of municipal highways and railroad property. The flood victims must be helped to regain normal economic existence before the city can return to its position as a self supporting community. Upon invitation of the governor of Colorado and the city of Pueblo the American Red Cross has undertaken the task of re-

habilitation and is in charge of all relief work. Destitute families are now being taken care of in refugee camps and thousands are being fed daily at field kitchens maintained under Red Cross direction. Initial steps to rehabilitate these unfortunate persons have been started. So that they may again become productive citizens and not continuing objects of charity, homes must be built and productivity restored, with the principle always adhered to of making each sufferer help himself as far as he is able. This will necessitate funds being made available immediately. The Red Cross has appropriated one hundred five thousand dollars to the relief funds but general subscriptions reported to date have been light.

May we the undersigned urge the need of haste on the part of those who can assist, expressing our deep gratefulness for the assistance that may be given.

Signed:  
OLIVER SHOUP,  
Governor of Colorado,  
JAMES L. LOVERN,  
President, Pueblo City Council.  
C. L. L. GANN,  
President, Pueblo Commercial Club.  
Contributions will be received and forwarded by the local Red Cross at the postoffice building.

## SEASON TICKETS NOW ON SALE

Tuesday morning a bunch of Chautauqua boosters will make a canvass of the business district for the sale of season tickets for the Chautauqua. The season ticket, nontransferable is \$3.50, student tickets \$1.75. The holder of a ticket entitles one to attend all twenty programs, which if paid for each program would cost you \$12.50. The Chautauqua is a community builder, and offers educational as well as entertaining programs of the very highest type. Show that you are loyal to your community and believe in boosting a good thing. A great program has been arranged and the management hopes the people of the city will show their appreciation by purchasing season tickets.

## WINTERER & RITCHIE LAWYERS

THEODORE S. LINDLAND  
Attorney and Counsellor at Law  
Office in Farmers' and Merchants' Bank Building  
VALLEY CITY N. D.

### From Thursday's Daily

W. S. Trichler, the shoe man, is here from Milwaukee today and is looking after his interests in this city.

Mrs. Charles Luessen and daughter Irene, left for Spiritwood, Minn., this noon to spend two or three weeks with relatives at the lakes.

One of the heaviest rains ever visiting that section fell at Rogers last night. It looked from this distance as though they might be getting a heavy rain.

Rev. J. F. L. Bohnhoff left on No. 4 last night to attend the synodical meeting of the Lutheran church at St. Paul, Minn. He expects to return Tuesday of next week.

E. H. Light, representing the Minneapolis Paper Company, is a Valley City visitor today and is looking after the trade here.

George A. Totten and R. T. Muir, of the state administration board, were Valley City visitors last night and were present at the doings over at the big school.

Only a week from Saturday until the Valley City Chautauqua opens up its annual session. Many very interesting programs are on tap for this Chautauqua and you will want to buy some of those season tickets that are soon to be placed in circulation.

Mr. and Mrs. Vaughn Cowell arrived from Coopers town last night by auto and will remain until the roads dry up a little before returning. They came down to get their little daughter who has been visiting her grandparents Mr. and Mrs. Lee Cowell for some time.

The Catholic Order of Foresters which has been in session here for the past two days, concluded its deliberations last night. There were many members from various portions of the state here and the meetings were of interest and profit to the organization.

Some more rain fell last night again soaking up the ground. The weather man is doing the best he knows how to make these crops grow. The country roads are in bad shap for those who are trying to travel through the country with an automobile.

Henry Kuder arrived from Pardeeville, Wis., last night and will go today to his farm near Rogers. Mr. Kuder is a little bit later than usual getting back to Valley City. He says there is good fishing down at Pardeeville and he wanted to enjoy some of that kind of sport.

Secretary Moe has just received word from Col. J. W. Kleinfelder that he will be here on July 4th with his great merry-go-round. This is one of the best equipped outfits ever operated in the state and it surely will be a treat to the children. Col. Kleinfelder will also be at the Fair so the worry of no merry-go-round is at an end.

James Marsh succeeds R. C. Dobson in the front office of the Times-Record commencing officially this morning. It will take him a few days to get lined up on the job but we think he will soon get used to it and become more efficient as he progresses. It takes time in this work. If you have any local news call up No. 4 and give it to "Jimmy" over the phone.

Married—By Rev. J. F. L. Bohnhoff, at 3:30 p. m., June 15, Mr. George L. Schaefer, of Wimbledon, N. D., and Miss Emma Lillethun, of Fingal, N. D. Immediately after the wedding the young couple left by auto for a trip to South Dakota. Mr. and Mrs. Mahlum attended the young couple during the marriage ceremony. The Times-Record joins with many friends in wishing Mr. and Mrs. Schaefer much happiness and prosperity.

Abe Stern, accompanied by Mrs. Stern and Mrs. Burt Stern left Minneapolis Tuesday at noon by auto. They made Alexandria that day. Then yesterday they started out again for home, ran across very muddy heavy roads and got to Buffalo, N. D. Last night there was another heavy rain and we guess if Abe brings his old boat at anchor in town today he will do well. This joy riding on muddy roads is not what it is cracked up to be.

Miss Mildred Paulson returned home last night on No. 3 from Minneapolis. She had been attending the University of Minnesota for the past school year and is home for the vacation period.

A phone call from George Butler at Leal this morning informs us that they have had a heavy rainfall up here the last few days. They are said to have had 5 1-2 inches of it and it has been raining almost continuously since 7 o'clock last night. Mr. Butler claims there are hundreds of acres of land under water as it has been raining for the last three days.

The district court today is trying the case of the State vs. Lawler, the defendant being charged with the crime of sustaining a "still" at North Valley City. The case will probably reach a conclusion some time today. Judge M. J. Englert will sentence Wm. Casey, found guilty of peddling booze at 2 o'clock this afternoon.

June the 21st Unit Y Camp consisting of all Royal Neighbor camps of Stutsman and Barnes county will picnic in Klaus' park in Jamestown. A ball game is scheduled for 10:30 a. m., this game is played by ladies, Jamestown Royal Neighbors playing for Stutsman Co., and Valley City Royal Neighbors for Barnes county. After the noon lunch there will be a school of instruction, 4:30 picnic stunts, and 9:00 p. m. dancing in Orady's hall. Make your plans so as to be there for a full day of fun.

Mrs. Armour, represented Georgia and the national W. C. T. U. at the world's convention. She was one of two members appointed by the president of the United States to attend the Anti-Alcoholic congress in Milan Italy in 1913. Mrs. Armour's subject Sunday evening will be "Wealth, Health, and Happiness." She is said to be the greatest woman orator in America today. Her logic and eloquence, her sincerity and candor are blended as perfectly as the waters of the brook and river. Armanillo, Texas, Daily News.

R. C. Dobson, who has very ably assisted the editor in the front end of the Times-Record office for a long time past, yesterday severed his connections with this institution and for a few days will enjoy a vacation before again taking up the white man's burdens. Mr. Dobson has not at this time decided what particular job he will annex himself to but will no doubt get what he wants about any time he wants a job.

At a meeting of the board of education held last night bids were considered for the remodeling of the boilers and coal bins and for making added improvements on the heating system. N. M. Nielson was awarded the contract for bricking in the boilers and coal bin for \$3,373. The Sanitary Plumbing & Heating Company was awarded the contract for disconnecting the work in the plumbing line and connecting up again at \$384.

Mrs. R. Gisellius and Mrs. Harry Jacobson gave a shower at the home of the latter last night in honor of Miss Effie Jacobson, who is to become a bride in the very near future. There were twenty-five ladies present and the time was enjoyed in hemming towels and other articles and in a general social way. A very satisfying luncheon was served. Mrs. Jacobson was the recipient of many very handsome presents from her friends.

Valley City and Lisbon played another game of ball at the ball park in this city last night and Valley City got the short end of the score, Lisbon defeating the home bunch by a score of 1 to 0. The ball field was nothing more or less than a muddy lake, and although the management filled up a few holes with sand the diamond was too soft and sticky for fast ball, but at that the game was a good one. Lisbon succeeded by a lucky hit or two in the second inning in getting a runner across the home plate and that is all that made the circuit of the bases in that game. Valley City had a man on third several times but the pinch hitter necessary to bring in the run did not develop. Boardman was on the mound for the locals and pitched a good brand of ball.

### CARD OF THANKS

To our friends in Valley City and vicinity: Rev. V. F. Larson and family gratefully acknowledge your kind expression of sympathy in their recent bereavement.
