

From Wednesday's Daily

Mrs. Jesse Brewster of Fargo is spending the week with Mrs. L. C. Boardwell of this city.

Miss Florence Granger left yesterday morning for Buchanan where she will teach during the school year.

Kenneth McFarland and wife and sister, Miss Dorothy motored to Fargo Monday to take in the Labor Day celebration.

Mrs. J. W. Waters was a caller in the city yesterday coming down from Courtenay. While in the city she stopped at the Rudolf Hotel.

Miss Grace Hand left Sunday for Bismarck where she has been re-employed to teach in the city school during the school year just beginning.

Miss Mertice Jobe of the local telephone office returned home from Fargo last evening where she spent Sunday and Monday visiting friends and relatives.

The Ladies Aid of the Lutheran Free church will meet in the church on Thursday afternoon. Mrs. Christofferson will serve. All are cordially invited.

J. W. Koehne, formerly of this city, and who is now residing at Bismarck arrived in the city yesterday to spend a few days with his parents and to look after business matters.

General Charles P. Stearn, state commander of the G. A. R. and General Henry Beal left for Lisbon this morning to attend a meeting of the Board which controls the Soldiers home.

Mr. and Mrs. D. R. Witter of Council Bluffs, Iowa, who have been spending the past few weeks at the home of their son W. L. Witter and family, left yesterday to visit relatives in Minneapolis and take in the Minnesota state fair.

The home of Mr. and Mrs. Thomas Gale on Fourth avenue, was the scene of a jolly party of neighbors who came to spend the afternoon, yesterday, with Miss Jessie Gale, who is to be a bride of the near future. The ladies presented Miss Gale with a choice collection of aluminum ware.

Clarence Shrum journeyed to Fargo Monday morning to visit with friends over Tuesday, returning to the city last evening. He seemed to like the traveling and with some fine attractions going on at Pingree, he decided he would go up and look them over. He left this morning for that place.

A. C. Thomas, the man who won the golf tournament here Monday accompanied Joe Brophy the local professional to Jamestown this morning where they will meet C. V. Anderson the Jamestown professional and L. Patterson, a Jamestown man in 18 holes this afternoon. This should be a good match as the men all play fairly even golf.

O. C. Halvorsen and E. B. Taylor, the two men from Minot who lost their Hudson speeder which they left in front of the Rudolf Hotel some time ago, were in the city last evening apparently with hopes of finding their car. These men are stickers and have not lost hope of finding their car. While in the city the men stopped at the Rudolf Hotel.

A California man made a 1300 mile auto trip without a puncture and without a bit of trouble. He returned home, and while unpacking his grips his auto burned up, the fire being set by a short circuit. Hard luck. Sympathy will be extended to him by any golf player who has played four holes in bogey and then takes 18 shots for the fifth hole.

Mrs. Wm. Carr has been appointed to gather all data concerning the activities of the various organizations during the world war and a record of the men who went from Barnes county what they were with, what fighting they saw, etc. This record is being gathered for the State Historical society and they wish it to be as complete as it is possible to get. All expense men will be doing Mrs. Carr a favor if they will send in their name and present address so they may be written to for information.

The proposed baseball game between Fargo and the Calgary Black Sox to be played tomorrow on the Valley City grounds should be a good one. The Sox are well and favorably known here, where their playing early in the season gave us some real sport. Since then they have had considerable experience on a trip through Canada, and the team is materially strengthened. The Fargo team has been in the habit of handing out a fine brand of ball, and have quite recently made a good showing against the Minneapolis league team. Both teams are confident of winning, and the game should be a real treat of baseball skill. We hope there will be a large crowd.

Three men who were implicated in the recent shooting affray near the ball grounds were up for examination yesterday before Justice Moe. They gave their names as Dave Smith, Jack Keegan, and John Arthur. According to their story the wobbles of North Dakota have been much bothered lately by the violence of two bold bad men named Texas Red and Sneaking Jimmy. They said they had appeared in vain to the Fargo police for protection, but that no protection was forthcoming. In such a case there remained nothing to do but to take the law into their own hands, and adjust their grievances with said bad men in the real old-fashioned wobbly way. They admitted the shooting, but claimed that it was their plain duty, and far be it from them to shirk their duty in such a case. They were bound over to the district court on the charge of carrying concealed weapons.

The following letter was found in the morning mail without a signature: "Someone entered J. O. Kittilson's home Sunday afternoon while the family was gone. The intruder evidently was hungry for they had lunched on cold meat, sauce and cake found in the cupboard. The person did not care to be burdened very much for the only things found missing are a gold wrist watch, a pocket knife and some cash found in Mr. Kittilson's trouser pockets and a suit of underwear, a very old dirty and ragged suit being left in exchange. It has not been discovered how the person entered the house as all the doors were locked and the windows show no signs of having been touched.

Last evening at the home of Miss Belinda Seberg, the Young Peoples Society of the Lutheran Free church, pleasantly surprised Miss Amanda Pederson one of our popular young ladies of this city. The event was a kitchen shower in honor of Miss Pederson a bride elect. Many beautiful and useful gifts were received. Not only the house was prettily decorated but colored electric bulbs lighted the porch. Miss Seberg handed each guest a needle and thread and the evening was spent hemming the towels which the Y. P. S. presented to the bride elect. At 10:30 a delicious luncheon was served. After congratulations had been said the guests departed fully convinced Miss Seberg was a very entertaining hostess.

On returning from the several days visit to Minnesota Monday evening Rev. A. Andreason left two suit cases filled with clothing and a hand bag filled with books, out on his front porch. About half an hour after being home he opened the front door to take his suitcases in side and was astonished to find they had been stolen. Tuesday morning when Mr. Colby was going about his work at the Teachers college he found the suitcases in the brush back of the college buildings. They had been searched but articles of little value were missing. This looks like a stunt of some one who apparently was looking for a new suit of clothes but was somewhat disappointed about not finding any and ditched his loot in the bushes.

We are to have another "human fly" with us tonight in the person of Jack Hughes who is working under the auspices of the American Legion. He is said to be a real "fly" as well as a dare devil. He will scale the walls of the court house tonight at seven o'clock and will also give his audience an additional thrill by standing on his head on top of the building, hang by his toes from a rope ladder and a few other hair raising stunts. Everyone will want to see these stunts which will be pulled off at the court house tonight at 7 o'clock. The following is what the Fargo paper had to say about his work in Fargo, recently "Jack Hughes, 'human fly' who has never been 'swatted,' climbed up the face of the Equity building yesterday afternoon and gave hundreds of people who watched the stunt thrills a plenty. The stunt was under the auspices of the Disabled Veterans of Fargo and was staged early in the afternoon at the Equity building before the motor cycle races at the fair grounds. Hughes gave a thrill, extraordinary, when, nearing the top of the building he swung out on a rope.

According to reports from officers of the law, both city and county, there are a number of queer doings on Valley City streets most every night, mainly in the line of auto running. Last night an attempt to steal a car which was parked on one of our streets was frustrated by an onlooker who happened to know who the car belonged to, and this morning comes word of a car apparently abandoned in Chautauqua Park. A man who was driving a large car stopped at a local garage and asked what it would cost him to get a new inner tube, as he had a flat tire. When he was told the price he said he guessed he would drive it the way it was. The car was later traced to Dazey. It behooves every car owner to take extra precautions just now, to make sure that his car is safe. There seems to be a great demand for cars that can be used for whiskey running, stolen cars preferred. A minister of this city recently had one of the license plates taken off his car while it was standing in the street, but whether it was only a "kid trick" or whether the license number was wanted to use on some stolen car, he has no means of knowing. Watch your car.

LOCAL CORN AND POTATO SHOW For the past several years a number of communities in the county have held local corn shows, bringing in the best exhibits from the farm and the home, including all crops raised on the farm, canning, baking, sewing, etc. The community fair or corn show has been a factor in creating greater community interests and also in improving the type and quality of products grown. This year there will be a large amount of mature corn. All vegetables and garden products are good. The Farm Bureau community chairmen should arrange for a community fair. Every town in the county could have such a fair with little expense.

For the past two years county Potato Shows have been put on. In 1919 an excellent county Potato Show was held at Valley City and last year a similar county show was held at Sanborn. There are seven Potato Associations in the county that competed for a silver cup, offered by the Sanborn Community Club. Last year this cup was won by the Leal Potato Association and must be competed for again this year. The place for the county Potato Show has not been decided on and invitations from several towns having Potato Associations to hold the show there would be considered.

North Dakota will have an excellent Dairy Show at the National Dairy Show. The New Salem circuit will make up a large part of this exhibit. Twelve dairymen from Barnes County will be appointed by Governor Frazier as delegates to the National Dairy Show. Names will be suggested by the County Agent.

All Due to the Women. In a lecture before the Royal Institute, Prof. Arthur Keith, an eminent biologist, gave the credit for American success to the women who came over with the Pilgrim fathers. The fact that these Englishmen brought their wives with them is responsible for the remarkably sturdy condition of the American people; whereas the Spaniards who went into Central and South America left their wives behind, and the result is a hybrid race which is not the equal of the original Iberian.

Common Incident. "That diner over there must be hard to please." "Why so?" "He's called the head waiter half a dozen times and remonstrated with him." "Oh, he's merely trying to convince the head waiter that he's a safe person to be served a drink."—Birmingham Age-Herald.

FOUR BUT PROUD.

"Your new pianist didn't stay long." "I had to let him go," said the manager. "As apt as not he'd be playing a jazz selection when people were dying on the screen. He wouldn't pay any attention to the plot of a photoplay."

"Didn't he offer an explanation?" "Oh, yes. He said circumstances compelled him to accept employment in a movie house, but he would be blamed if he'd prostitute his intellect by looking at the pictures."—Birmingham Age-Herald.

That's Different. Bacon—You're looking fine, old man; what have you been doing? Eghert—I've given up coffee—"Good! I told you long ago you should give it up. There's a reason, son know." "Well, you see, every time I ate coffee—" "Oh say now; nobody eats coffee." "I say, whenever I ate coffee-cake it gave me indigestion, so I gave up eating it."

Knew What He Was Doing. Photoplay Writer—But, look here! This character is supposed to be a very homely man, and you have cast for that part the handsomest man in your company. Director—Oh, he'll be homely enough when the cameraman and the developer get through with him. You see, he's engaged to the star, and both those boys are in love with her.—Film Fun.

A FINANCIAL STRINGENCY Visiting Statesman: You seem to be suffering a shortage of currency. How do you account for it? Comrade Ivan Offulitch: Industrial unrest. The counterfelters of soviet money have gone on strike and demand a daily wage in gold.

Useful Knocking. We would have less wordy clamor and more roofs to shield our domes if the fellow with the hammer used it in constructing homes.

She Is Amused. "Now you know that you, a jazz baby, never intend to marry a college professor." "Maybe not." "Then why let him make love to you?" "Aw, it's such fun to hear a college professor converse in gurgles."

Not the Kind for Present Crisis. "No," said old Mr. Subbubs, "I can't say that I approve of your match with that city young man." "But, father, he has such a fine genealogical tree." "What good is that? If it was pine or hickory we might burn it, seel'n' we can't get any coal."

Precocious. Flatbush—Do you know when a baby begins to think? Bensonhurst—Why, sure. Flatbush—Well, when? Bensonhurst—Mine began to think that I ought to walk the floor with him the first week he arrived in the house.

Might Help. "Was Shakespeare a poacher?" "I don't care whether that story is true or not," said the erudite person, "but if it is true it's a pity some of our contemporary dramatists can't take a preliminary course in deer stealing."

Prospects Good. "Here's a gent writes our mail-order house for a wife." "Can we fill that order?" "I think so. One of our young lady clerks has started a coy correspondence with him."—Louisville Courier-Journal.

Real Temptations. "George Washington was a truthful man." "As far as he got. But no interviewer ever asked him to make a public statement about his golf score or the number of fish he caught."

ACCOUNTED FOR 1st Student: I understand that there is a great deal of kicking on the professors in regard to the compensation they receive. 2nd Student: Aw! They're only mad 'cause they can't write home to their old man for more money.

Our Share. We can't all smoke high-priced cigars or own a limousine. But we can all collect the bands and smell the gasoline.

The Differentiation. "What's the difference between a farmer and a landed proprietor?" asked Mrs. Cornstossel. "A farmer," replied her husband, "is a man with a hoe and a landed proprietor is a man with a golf club."
