A nicer day than Sunday could not have been manufactured. It was indeed a real late summer day and most everybody with an automobile or a golf set were taking advantage of it. It is reported that about half the town were on the golf links.

Mr. and Mrs. Oscar Jacobson and Miss Emma Jacobson left on No. 136 this morning over the Northern Pacific for Palo Alto, California, where they will spend some months visiting their daughter. Oscar says he bought tickets good for nine months but he says he does not have to stay there that long if he does not want to. He may remain there the limit or he may decide to beat it back home before.

They tell us that some of the farmers of the county after receiving their tax receipts leave the county treasurer's office with tears in their eyes because the tax is so heavy they can hardly pay the bill. Yet this same county treasurer and his wife are very busy trying with might and main to get those same farmers to vote for the league candidates so that next year they can pay still more. How long are these farmers going to let them put this over on them.

Voters, particularly those who have had very little experience in voting for initiated laws and amendments, should study the ballot on these propositions before they vote. In order to furnish some enlightenment on the subject the Times-Record has been publishing the list of initiated laws and amendments from time to time and they will appear again in this paper before election. Clip them from the paper and sit down and read them over and then when you get ready to vote you will have an intelligent idea of what you are voting for.

Sveinbjorn Johnson, candidate for attorney general, met with very good receptions in Barnes county Saturday. He spoke at Nome, the hottest place in the county for the league, and had a good meeting. He was treated fine. At Kathryn he had a big crowd and spoke at 8 o'clock. He left there at 6 o'clock and when he left there were many small groups discussing his talk—and it was of the favorable variety. Mr. Johnson has created a wonderfully friendly feeling for himself in his campaign in this county.

Miss Ella N. Crandell, 24, of Valley City, and Perl L. Trumble, 24, of Jamestown, were united in marriage at the home of the bride on Twelfth avenue Friday, October 15 at 2 o'clock by Rev. J. S. Wilds, in the presence of members of the families. Mr. Trumble is a prosperous Stutsman county farmer while the bride is a graduate of the State Teachers college of this city and for the past year has been teaching. This little notice will probably clear up the mystery of the Ford which passed through the streets Saturday covered with shoes, cans and other articles too numerous to mention.

The cleanest, fairest and best political speech that has been delivered in this campaign in Valley City, was that given by Sveinbjorn Johnson in the city hall last Saturday night to

a crowd that filled the hall to its seating capacity and left many standing in the side lines. Mr. Johnson has a very nice way of presenting his arguments—and he had the goods with him in the shape of the nonpartisan league reports of the investigation last winter, of the Bank of North Dakota, the Home Building Association and the mill and creamery enterprises. Mr. Johnson's address was free from any mud slinging but for an hour and a half he reviewed the work of the present state administration and its woeful lack of business acumen and strongly arraigned them for lack of business ability. He contended that if they were re-elected it would mean still further losses of many thousands of dollars to the tax payers and pleaded with the voters to elect men to office who would keep open books so that any taxpayer could tell just what was going on, in preference to the "blinds drawn" policy being pursued by the present state administration.

Hon. Sveinbjorn Johnson, candidate for attorney-general, will be here tonight to speak at the city hall at 8 o'clock on the political issues of the day. Mr. Johnson is a good speaker and he will be able to tell you something of the new day that will be of interest to you. We urge the ladies to come out this evening as well as the men folks.

It is planned to have a Deanery meeting of the clergy and laymen of the Episcopal church of the Fargo Deanery. Rev. C. W. Baxter has been appointed as Dean of the Fargo Deanery. The meeting will likely be held in Lisbon or Wahpeton some time in November. A similar meeting of the Minot deanery will be held in Minot the latter part of this month. The local rector will be one of the speakers.

The Congregational Brotherhood enjoyed a fine time at the monthly supper last night. Rev. Thos. E. Nugent took up some time outlining what should be done in the matter of organizing a boy scout patrol and the brotherhood is going to get behind the movement and before long the prospects are that a fine patrol will be formed, the big thing of course being to get the right man to be leader of it.

Mrs. Emma Hilborn was taken before the insanity board on Thursday of this week and given a hearing as to her mental condition. After a thorough examination she was committed to the Jamestown asylum to which place she has been taken. The unfortunate lady has been mentally unbalanced for some time and her condition becoming worse the action of the insanity board was inevitable and necessary.

Hon. George H. Law and Knute Thompson, of Leal, were Valley City visitors yesterday, making their annual visit at the county treasurer's office, where they contributed their share to the "Dawn of a New Day," in the payment of taxes. They were not very well pleased with the information that state taxes would be increased by more than 100 per cent for next year, and went back home with a firm determination to do all in their power to put over the recall in their neighborhood.

The American Legion is selling what is called "My town auto plates" de-

signed to be placed on the front and rear of your automobile. They are neatly made and bear the lettering "Valley City, North Dakota," so that in riding around the county persons can see at a glance where you are from. They take the place of a pennant and look much better. The two plates are selling for \$1.50. We bought one. Help out the American Legion by doing the same thing. You can get them at Ferguson Bros. store.

Senator A. J. Gronna is billed to speak in the near future in Barnes county. He is to speak at Fingal, Nome and Kathryn on Friday next. Mr. Gronna is one of the campaigners who does not use personalities or ridicule but goes out to present the real truths about present political conditions. He will be able to give those who go to hear him something to think about as to how the present state administration has carried on the work of the state.

Two local boys have gotten themselves into jail since yesterday. They are boys by the name of Eggert and Bennito, who are accused of stealing some cash and a gun from a cook car at the high line. The boys boarded No. 2 yesterday afternoon for Fargo and on the discovery of the theft the police at Fargo were notified and the boys taken into custody. Sheriff Larson autoed to Fargo last night and brought the boys back and placed them in the county jail to await preliminary hearing.

A committee of three business men consisting of G. M. Springer, president of the Chamber of Commerce, and Messrs. Murphy and Powell, came down from Jamestown last night to confer with a committee of Valley City business men to talk over freight rates. The meeting was held in the office of I. J. Moe. It is claimed that Valley City and Jamestown are being discriminated against on freight rates and are getting it put all over them as compared to Fargo for instance. Another meeting is to be held in the city hall here next Tuesday afternoon to further take up this matter.

A large crowd went to the Grand theater last night to see "Peck's Bad Boy" and everybody was well pleased for so doing. It is a film that is pleasing alike to old and young and you cannot help but laugh at the antics done by this characterization of the American boy of the vintage of 1921. The tricks he puts up brings forth the laugh and that audience last night certainly enjoyed the picture if their expressions of delight stand for anything. If you have not seen it go tonight. It is one of the cleanest, most laughable pictures that we have had here.

The first meeting of the Music Art and Drama Department of the Community club will be held at the home of Mrs. F. E. Ployhar in the Sheyenne Apartments on Wednesday evening October 19th. FIRST NUMBER WAS
LIKED BY AUDITORS

The first artist concert of the series arranged by Dean Froyssaa of the Teachers College was held Thursday evening in the College Auditorium. Miss Lillian Eubank of the Chicago Opera Company was the artist.

Miss Eubank was in fine form and gave a varied program of most interesting numbers. She opened her program with the Aria from the "Queen of Sheba," which she did in fine style and with wonderful color. She seemed to know and feel just what she desired, and with ease, understanding, and grace she pleased from the first. Her groups of different styles of songs were given with finish and proven ability. Probably the finest offering of the evening was the Puccini Aria "Vissi d'Arte," which was sung with genuine dramatic power and fine tone quality.

Miss Eubank was ably assisted at the piano by Miss Sylvia Marburger. —Contributed.

Kindergarten

Friday the kindergarten had a doll and Teddy bear party. Each child brought a toy to school and the toys enjoyed the party fully as well as the children and Miss Flinn.

The children in the kindergarten wish to thank Margaret Micelson and Miss McCarthy for the plants they donated to make the room more beautiful.
