

From Tuesday's Daily

M. A. Anderson of Eastedge, was a Valley City business visitor yesterday.

Miss Mayme Brady and Miss Bess Work spent the week end in Fargo visiting with friends there.

Mrs. C. F. Mudgett was a passenger to Fargo on No. 2 yesterday afternoon, going down on a shopping trip, and to call on friends in the Gateway City.

Frank Oglesby of Dazey, spent the night in the city and is busy this morning attending to business matters.

Miss May Belle Henderson returned home Wednesday from Battle Creek, Michigan, where she has been visiting her sister, Mrs. S. H. Tooley.

Carl A. Newman was in the city last night attending a meeting of the Reese River Development Co., being held in Lee Cowell's office.

Sheriff Engebret Larson was a Fargo visitor yesterday going down there on business matters in connection with his office. He returned to the city last night.

P. E. Knudson, the popular grain buyer from Eckelson, was a business visitor in the city yesterday, returning to his home last night.

The Misses Lillian and Augusta Hacbarth left last evening for California where they will visit with friends and relatives for some time. The girls plan on taking an extended vacation.

Mrs. Abe Stern was taken to the Valley City Clinic yesterday morning to undergo an operation for appendicitis. Reports this morning are that she is doing nicely and is on the road to recovery.

The editor is in receipt of a letter from our former fellow townsman, A. E. Lane. Mr. Lane is now managing the Chandler Hotel at Los Angeles, Calif., and is giving the traveling public first class accommodations in the good old North Dakota style.

By request, Dr. Hult, who addressed the Community Club last night, spoke in the college chapel this morning, confining himself to reading a few selections from his own published works. His readings received very close attention and were certainly enjoyed by the students.

The sporting editor of the Times-Record (whoever he may be) is in receipt of a letter from St. Cloud, Minn., requesting information as to any local wrestlers who may desire a match. If there are any such men in the city or district they may obtain the desired information at this office.

Louie Elderbush, night clerk at the Valley Hotel for the past eight or nine months, has resigned his position at that place and left for Fargo and Lisbon last night. Louie has not announced his future plans, but we expect to see him back in the city soon engaged in some other line, as he is too industrious to remain idle long.

Ed. Krömer may again be found advancing the claims of the Ford car at Embertson & West's garage, having returned to their employ yesterday. As soon as the weather begins to soften and the snow to go the automobile salesmen get busy so we may expect to see new cars on our streets before long.

There is a great deal of hay being shipped to the western part of the state these days to relieve the scarcity of feed in that part of the country. This morning there were nine carloads transferred from the Soo Line to the Northern Pacific for Mandan, Mott and other western points. This hay is being shipped from McLeod, N. Dak. Several carloads of Minnesota hay are also passing thru the city on their way to western points.

County Agent T. X. Calnan held two meetings yesterday, one at Sanborn and the other at Eckelson, in line with the work of Diversification Week. He reports very enthusiastic meetings with a very good attendance. That these meetings are creating interest is shown by the fact that one farmer walked five miles to get to the meeting at Eckelson last night. When a man does that it is certain that he has more than a casual interest in the subject. Another meeting will be held at Leal today.

We are today printing the formal announcement of James Kelly for the nomination of sheriff of Barnes county in the June primaries. Mr. Kelly has served two terms in this office and rendered very efficient service.

He is well liked by all who know him and is also well known in the county. He will give the other candidates a run for their money we think. As the race warms up we are standing on the sidelines, rooting for them all, as we surely do enjoy a good race.

Appeals for clothing for use in the drought stricken portions of our state made by the Red Cross a few days ago, met with splendid response from our people so Assistant Secretary of the Red Cross J. J. Dalton informs us. Nearly a car load of clothes were donated and yesterday Mr. Dalton and his assistants were busy getting them ready for shipment. In the western part of the state the farmers have had a crop failure for five years and are in bad circumstances. These clothes being shipped out to them will help tide them over one of the rough spots until they can get a crop and help themselves. The response of our people is much appreciated.

That the political situation in the city and county is warming up is evidenced by the fact that several petitions are being circulated. In the county offices there does not seem to be much doing as yet with the exception of the offices of sheriff and states attorney. Attorney A. F. Greffinius has shied his hat into the ring for states attorney and is circulating petitions for his nomination to that position. In the city our friend Wm. H. McPherson has decided to request the citizens to support him for the aldermanic seat from the third ward while Fred Jensen seeks a like position from the second ward. These gentlemen are both circulating their petitions.

The editor received a visit from County Superintendent John A. Johnson this morning, and in course of conversation Mr. Johnson stated that he would become a candidate for reelection to his present office. He said that he realized that for the past year on account of serious illness he had not been able to do much of the work of his office but that now he was rapidly recovering and felt that he would be able to take care of the duties of the office. He had twenty years experience as a teacher. He feels that most anyone is liable to get sick and be kept from their work for a long period which has been the circumstances in his case but now he says he is coming back all right and wants a chance to continue his work.

Leonard, the young son of Mr. and Mrs. Abe Stern had a severe fall at school yesterday morning, striking the back of his head on the ice and cutting a long gash in the scalp. He was taken to the Valley City Clinic and the wound dressed and he will recover from the accident quite quickly it is thought. Abe says he was a busy man yesterday, Bert being sick, the management of the store falls entirely on Abe, which is enough to keep any one mighty busy. Then the boy was hurt at about the time Mrs. Stern was to be operated on for appendicitis. All of this, in addition to the fact that Abe is nearly sick himself, with the grippe, made a full day of it for him.

A large crowd attended the show at the Grand last evening at which time that wonderful play "Penrod" was shown. The beginning of the story was in any city in the U. S. with a population of 135,000 or more. In this city—as in every city in the U. S.—there was a gang of "bad boys" as they are commonly known. Each day they would have a meeting in their tunnel and tell of what they had run into during the day. Some would report the cops chasing them and others would inform the chairman of the meeting that they had tried to break into some very interesting conversations at the supper table and had been scorned for it and told that "little boys must be seen but not heard." The story goes on showing what many boys will do when they are boys—and only boys can do. Near the end two notorious bandits fall into a trap fixed by the boys. From this on they are given everything they want. Even the cops let them stay out after curfew hours. This is a very good picture and one that every one should see. The same picture will be shown tonight.

OBITUARY

Neils O. Ramby was born in Ulsaker, Norway, Dec. 12, 1858. He died at his home at Valley City on March 2. The cause of the deceased death was cancer. In 1880 he immigrated to America. After staying a year in New York he came to St. Paul, Minn., where he was engaged in painting until 1883 when he came to Valley City. The same fall he took a homestead 20 miles south of here and remained here until 1892 when he moved to Valley City and since then he has been working for the Russell Milling Co.

In 1886 he was married to Beate Olson of Valley City. Besides his wife there is left to mourn him a brother

Jans, a half sister, Mrs. Chas. Berg and his adopted son Walter. The two latter live in Valley City. His father, mother, sister Marie and half sister Mrs. Ed. Meldahl have passed before him into the great beyond.

On behalf of the relatives I want to thank the many friends for the sympathy shown during the sickness and death of the deceased. — Communicated.

The county commissioners are in session this week attending to routine matters in connection with the county's business.

There will be a Scotch piper in town next Monday and the guid Scotch folks can again hear the "skreel o' the pipes".

Miss Lavina Daly, who is the Secretary of the Cook-ladies Union of Ireland will give a demonstration in the Normal auditorium next Monday night.

Mrs. P. P. Persons and Mrs. W. H. Coddling and son Billy left today for the Twin Cities where they will spend a few days taking in the sights.

A member of the Roosevelt expedition to Africa, Major William Duncombe, retired, will spend Monday in Valley City, the guest of old time friends.

A. J. McInnes of Dazey, spent the night in the city, coming down last night from Leal where he had been assisting at a farmers meeting yesterday.

John Heiling, who has been confined to his home with an attack of influenza for several days, is again able to be out attending to business at the billiard room.

Percy P. Ployhar, who spent the week end with his parents, Mr. and Mrs. Frank E. Ployhar, returned to his studies at the university at Grand Forks on Sunday evening.

Frank Lannon of Leal, arrived in the city last night and will spend the day here looking after matters of business in addition to attending the taxpayers meeting at the City Hall.

The interior of the Bowen billiard parlor has been redecorated and now has a very fine appearance. Larry is trying to keep up with the best of them and we believe he is making a success of it.

Mrs. Frank Heimes has been seriously ill at her home on 6th avenue the past few days having been confined to her home with an attack of influenza. It is hoped that she will soon be able to be out again.

Manley Lindeloff, representative of the Boss Manufacturing Company of Kewanee, Illinois, was a business caller in Valley City today. While here he visited with Rev. Thos. E. Nugent and family.

Abe Stern received a telegram from Burt Stern this morning saying that he was leaving the hospital today. He will go from Rochester to Minneapolis and expects to be home again within a few days. This will be pleasing news to his many friends in the city.

Miss Belinda Seberg entertained the girl employees of the Peoples Store at her rooms last evening. The evening was spent in sewing and in a social good time. A delightful lunch was served by the hostess and thoroughly enjoyed by those present.

According to Rev. Dalton, those in charge of collecting the clothing which has been donated by the good people of the city, are working as fast as possible and ask that those who are still holding their clothing be patient until the collectors call for it.

Jack Heimes returned to the city this morning over the Soo Line, after spending the past two months and a half at Long Beach, Calif. He is looking fine and says the coast is a

great place to spend the winter,—and train for baseball.

Judge M. J. Englert returned to the city last night after attending the funeral of his father, Joseph Englert, at Barnesville, Minn., yesterday. Mr. Englert, Sr., died at Barnesville on Saturday, after a short illness, from pneumonia. He was 73 years of age. The sympathy of his many friends go to Judge Englert in his bereavement.

The latest entry into the aldermanic fight in the coming election is that of Ole Knudson for a seat from the third ward in opposition to Wm. H. McPherson. Mr. Knudson claims the distinction of being the first merchant in Valley City and should know considerable about the requirements of the city. This should be a good fight.

F. W. Pagel, yardman of the Jeffrey Lumber Co., was operated on at the Riverside hospital yesterday. The operation was a serious one but reports from the hospital this morning are that he is getting along nicely and is expected to recover soon.

The city is full of members of the various tax levying boards today who have come to attend the meeting at the City Hall. This promises to be a big meeting and a great deal of interest is being taken in proposed methods of reducing taxes.

Word was received at the teachers college this morning announcing the defeat of the local college basketball team who are on a tour thru South Dakota. The locals lost to the fast Aberdeen Normal crew by a heart breaking score of 23 to 24 last night and lost again in the afternoon to the Eureka College quint by a score of 22 to 18. It seems that the two hard games in one day with a long trip in between proved too strenuous on the locals. They play the fast Ellendale teachers tonight and it is expected they will have things pretty much their own way there—at least it is hoped so. The local teachers have been playing in hard luck all season. Many times they have won the game and during the last three or four minutes their opponents have come back and slipped in enough foul baskets to win. Nevertheless the locals have a mighty fast little team and one the college can well be proud of.

L. S. Ward returned to the city on Monday night after spending the past two months at Long Beach, Calif. He states that "Babe" Jack Heimes will arrive today. While he is aware of "Babe's" movements he disclaims any responsibility for his acts and further states that he has no knowledge of his, "Babe's", connection with the baseball club. However, he apologizes for any telegrams to be sent collect, claiming that it merely was an oversight. As the acknowledged manager of that famous baseball player we think he is trying to dodge responsibility,—possibly trying to avoid the payment of an account of \$1.08 which "Hank" Sampson has against said player.

The Rotary Club held its regular weekly dinner at the Rudolf Hotel yesterday noon. P. R. Trubshaw was chairman of the day and called upon Rotarian Carl Allen for a talk on his visit to the New York Rotary Club on his recent visit to that city and gave us a very interesting talk. There were 200 visitors to that club meeting the day that Mr. Allen was a visitor and the dinner was held up in the air seventeen stories high. He also attended another social function forty stories high and says the best part of that visit was when the elevator came down with him as passenger. Rotarian Dave Ritchie was the four minute speaker and gave a talk on the subject of "on to Duluth" It was good and raised the temperature of several members who had been in a somewhat icy condition. Rotarian Len Ward, who had just returned from California, gave a nice talk about two visits he had made to the Rotary Club of Long Beach. Len is glad to get back on the job but says he had a great vacation.

JEWISH RELIEF DRIVE THIS WEEK

Relief Work Is Non-Sectarian And Has The Support Of All Denominations And Nationalities.

This week has been designated as Jewish Relief Week and the local, as well as the state, officers of the work are busy collecting their quota. Owing to the name of the relief committee there seems to be a slight misunderstanding as to the purpose of the work and some little explanation may prove beneficial.

The Jewish Relief is non-sectarian in its aim, being not only for the relief of the Jewish people in Europe but for all peoples in the famine stricken districts, which includes the larger portion of eastern Europe. All church denominations and all nationalities are supporting the relief work and persons of all creeds are asked to contribute to its support. The funds collected in the drive will be handled by a joint distributing committee that knows no nationality or creed.

Abe Stern is district chairman, the district for contributions but there counties. Frank E. Ployhar is city chairman and J. E. Jones is acting as treasurer. The quota for the district is \$3000.00, \$2000.00 of which is expected to be raised in Valley City. Solicitors will canvass the business district for contributions but there will be no canvass of the residence district. Any persons who are not solicited are requested to forward their contributions to the treasurer, J. E. Jones.

HAS SANDS FACED HIS JUDGE?

Hartford, Conn., March 7—Connecticut state police believe the body of a man found at Warehouse point with a bullet hole in his forehead may be that of Edward Sands, suspected slayer of William Desmond Taylor, Los Angeles movie director.
