There are a lot of people here who have been watching the ball games who are afraid umpire Collins is losing his eyesight. His decisions on balls and strikes seem to be all wrong at times, and the fans figure that with several oculists in the city the umpire should go and have his eyes examined and fixed up.

Everett Dean, our star shortstop will be out of the game for a few days. In Monday's game he sprained his wrist and also hurt his leg. Last night he went to a doctor who examined him and told him that he had, in addition to a sore wrist, two ruptured blood vessels in his right leg that would prevent his participating in any games before next Sunday at least. It is not known at this time just what the line-up will be this afternoon but Dean's injury will certainly leave a big hole in our infield.

Rev. and Mrs. C. W. Baumann, of Cavalier, Pembina county, autoed to the city yesterday and will spend about a ten days' vacation visiting their relatives and friends here. Batting averages just issued in the Dakota league show four Valley City men to be hitting above the .300 mark. Gilbert, Hart, Wenz and Lane are all over that mark and games since that time will boost their aver-

ages still higher. Fargo leads the league in .300 hitters with five men above that mark while Wahpeton-Breckenridge is tied with Valley City with four. The local players averages follow: Gilbert .347, Hart .325, Wenz .321, Lane .302, Bachant .273, Dean .284, Menne .211, Carlson .205, and Enger .181.

Miss Eleanor Palmer, daughter of Dr. and Mrs. W. N. Palmer, celebrated her twelfth birthday yesterday with a party at her home. There were twelve guests present for supper, which was served on the porch of the Palmer house. The color scheme was pink and was carried out with a profusion of pink sweet peas. Following the serving of supper the little hostess and her guests spent the evening in the enjoyment of games. Everyone present reports a very good time.

In order that the Jamestown club may catch No. 8 tonight to go to Wahpeton the game today will be called at 3:30 this afternoon. There will probably be a new umpire for today's game as we understand that Umpire Collins wired President Cantillon last night to send a new arbitrator as he was thru so far as Valley City was concerned. Isn't it funny how a man can be so hard-boiled with the players, when he knows he has the power to fine them at any time, and cave so quickly when some little spectator wants to clean him up. It never is the fellow that does the talking that has the most nerve.

Mr. and Mrs. Harland Bartholomew of St. Louis came up from Fargo on No. 3 last night and spent the evening with Mr. and Mrs. F. H. Bradshaw. Mr. Bartholomew and Mr. Bradshaw were classmates in High School in Brooklyn, N. Y. Mr. Bartholomew is City Plan Engineer for the City of St. Louis and is at present in Fargo consulting with the various civic organizations regarding the future planning of Fargo. The Bartholomew's returned to Fargo on No. 4. It had been hoped to have Mr. Bartholomew talk to some of our local civic organizations on City Planning Work, but pressure of business made only an evening visit possible at this time.

When Valley City entered the Dakota league most of the fans were pleased as organized baseball is supposed to put a stop to the fighting on the field that features semi-pro ball. Ordinarily it does and the fans here have been well satisfied most of the season but the games under Umpire Collins have become so raw that they have been robbed of all pleasure to the fans. Collins is not the best arbitrator in the world and has a habit of calling plays wrong several times during a game. His decisions are as bad for one side as the other and tend to keep the crowd stirred up at all times. Whenever a player makes any remark, regardless of how innocent, he gets tough and tacks on a fine. There is more petty quarreling on the field under his management than with any other umpire in the league, in fact Collins reminds one of a small boy who has suddenly been elevated to a position of authority and it has gone to his head. Like all blusterers he quits before there is any danger of his being hurt. Last night he wired President Cantillon asking that another umpire be sent to finish the Jamestown series here, evidently being afraid to face the crowd again after the exhibition he made of himself yesterday. We are informed that he gave as his excuse that the clubs refused to play under his direction, which is not a fact. His request to be transferred will be appreciated by the fans as being the best act he has done for Valley City.
