A voter with nonpartisan leanings, who went up to hear Suffering Bill at the high school last night, came away saying that it was the worst lot of bunk he had ever listened to and if that was the best they had to give the people he had enough. Sure, every time Suffering Bill makes a speech he puts "his foot in it."

When you come to vote for the official paper remember The Times-Record. It is fortunate indeed to have a very healthy LEGITIMATE list of subscribers, which is growing day by day, without the aid of contests or prizes. The people read the Times-Record because they know just where it stands all the time and every day

in the year—and it gives the news and service—which counts.

We wish to express our thanks and appreciation to all who so kindly helped to make 'Springtime' a success—to the newspapers who gave us space for publicity, to the business men who advertised in our programs and on the advance tickets, to the college auditorium management for their courteous treatment, to the ushers, to those who loaned properties, to the accompanist and to the orchestra, to all members of the chorus groups and of the cast itself, who gave so freely of their time and talent in behalf of "Springtime," and to the public whose support made possible a successful production. — The Auxiliary Guild of the Congregational Church.

"Taxation without representation is tyranny." That slogan aroused the colonial patriots to revolt against the mother country. For that principle thousands died, and out of it came independence. Do you believe in taxation without representation? Then don't vote. If you are willing to pay the taxes and let others say how the money shall be levied and spent, keep away from the polls. If you value the right of citizenship then register and vote. If you are not registered, you cannot vote. If you have not already registered, there is only one day left to act. Next Tuesday from 9 a. m. to 9 p. m., polls will be open for registration in every precinct in the city.

He is the same old "Jim" and if you elect him November 7—and you will—the sheriff's office and jail will be looked after in first class shape.

The Times-Record is running on its own merits for official paper. It has made no deals with the Nome Tribune as claimed and has not paid nor does it intend to pay for help along these lines. We honestly believe that we can give the best service in that capacity and we know that we have the largest circulation of any one paper in Barnes county. The Times-Record is read by more people every day than any other paper because it is a daily paper and has a better field than a weekly could have. We would appreciate your vote for this paper on November 7.

The W. C. T. U. ladies worked like beavers yesterday at their rummage sale and did a great business. Valley City High School football team added another victory to those already gained last Saturday when they took the scalp of the Carrington bunch the score being 12 to 0 in favor of the locals. Seymour made a touchdown and Mulhair kicked two goals giving us the score of 12. The boys are playing a fine game and are getting better all the time. The matter of the district championship will be decided in the near future, this week we believe, when the locals play Fargo. This is going to be the real game of the series but our home team are looking forward with confidence to getting the scalp of the Fargo bunch.

We do not know where the fault lies but Ex-Gov. Joseph M. Devine was supposed to speak at Sanborn Saturday night and a few democrats and republicans of this city drove up to Sanborn to hear him. When they got there it was found that no arrangements for Mr. Devine had been made for him to speak and the Sanborn people did not even know he was billed there for that night so they were not to blame. Mr. Devine jumped on No. 8 and went back to Fargo. Wherever the fault may be it is a mighty poor way to use not only the town but the speaker. There should be a better system of looking after these matters.

The supper for the Barnes county Pioneer Club will be served in the Odd Fellows Hall by the Business Women's Club. So we are assured of a good feed and we know the dance will be a hummer. Don't forget to be at the City Hall Thursday, Nov. 2, 1922, and make arrangements to stay for the whole thing which we expect will break up as it used to do in the Old Days—about milking time next morning. There will be good music, good speaking, good eating and good dancing. Do come along. Don't forget to bring your badges and have your picture taken—for Old Timers only.

A few friends of Mr. and Mrs. Herbert Johnson, of 321 Normal avenue sprung a surprise on Herb Saturday night. Several tables of what were put in commission and the guests played this game for a few hours. Mrs. A. O. Lee was awarded high honors and Mrs. Fred Spiker carried off the consolation prize. Those present report a most delightful time. Herb was presented with a few very nice presents but the one he prized the most was a beautiful Odd Fellows pin presented by his friends.
