We read with much interest that gasoline has come down another cent a gallon. Now that the use of automobiles is about over the news that gasoline is coming down will entuse auto owners about as much as the farmers are enthused when they hear that grain is coming up in price after they have sold all they have raised.

Claude Ayers was in from Ashtabula township yesterday and had fifty gallons of fine maple syrup that he had imported from Durand, Wis. Claude claims this to be pure maple syrup so he sold us a gallon on that recommendation. All we need now is some buckwheat flour to get a pretty square meal.

we think. County Auditor C. W. Nelson suggests that those voters to whom he has sent absent ballots return them to him at once. Carl J. Olsen, the progressive and wideawake proprietor of the Fair Store, has just placed in position in front of his store, a very fine electric sign. It is a dandy and will point the way to one of the finest and best equipped as well as one of the squarest stores in this country. Mr. Olsen's business is being built up steadily because he is giving the people of this community and the territory surrounding it a square deal on all the merchandise he sells—and he sells a whole lot.

Last evening about 10:00 o'clock a Ford touring car was going east on Main street and when it got in front of the Butterut Baking Company where the city is digging a sewer the car skidded into the ditch. According to the driver of the car there was not a light or anything to warn the cars going past there of the existing danger. Owing to the rain last night the place was very dangerous for cars could not get within three feet of the place without skidding into the ditch.

The tourist camp is a deserted spot now; travellers, or most of them, having gone off the road for the season. Our camp has certainly been a busy place the past summer, and night after night the camp was full of cars from all parts of the country—people coming in from the extreme ends of the country from one continent to the other. The camp has been advertised as one of the best in the land and those who have partaken of the hospitality of this city along these lines are loud in their praises of our camp. No better advertising could be secured for the city than our tourist camp.

The attention of Independent Headquarters has been called to the fact that considerable confusion seem to exist among some voters, and particularly among young men and women who will cast their first ballots this fall and who consequently are more or less unacquainted with its form, because the word "nonpartisan" appears on the ballots. Headquarters is urging all workers to emphasize the fact that the word "nonpartisan" on the ballot has no reference to the Nonpartisan League, but means simply that is the names are not printed in any party column. The names of all the candidates for judges, and for the school and county offices appear on such ballots.

We have heard from time to time divers rumors to the effect that Alderman O. Knudson was contemplating matrimony, but until today those rumors had not been confirmed, but after reading the Moorhead items in the Courier-News this morning, we must admit that the genial alderman has put one over us this time. In the Moorhead news we read among the marriage licenses issued that a license was issued to Ole Knudson, 67, and Ragna Olson, 61, both of Barnes county so we are going to take it for granted that it is the alderman from the Third ward of this city who has taken unto himself a partner. If this is so, here's our best wishes, Alderman Knudson.

We made no mistake when we said yesterday that the film "The Prisoner of Zenda" now being shown at the Grand theatre, was a good one. We saw it and in our judgment it is one of the best pictures that has been shown for some time. That is our judgment and it may not be worth much, but that's it. It will be shown again at the Grand tonight and if you really want to see a good picture you will have an opportunity in seeing "The Prisoner of Zenda."

This is a great testimony for Mrs. Persons' ability to serve a fine dinner. A prize of a twelve pound turkey was given to the one getting the high score and Mrs. Burt Stern got that turkey and we see where some one else is going to get a fine dinner. Those present report this social event a most pleasing and delightful one and Mrs. Percy Persons a royal entertainer.

Mrs. Alma Blanche Kerr, who has worked in and around Smyrna for the Near East Relief, called on Mr. Baxter recently and urged him to send out an appeal on behalf of the people of the stricken district. Letters are being sent to all churches, lodges, clubs and societies in the county asking for contributions to this worthy and needy cause in any amount. Owing to the present financial situation and condition of most people in Barnes county it was thought best to address this appeal to organizations rather than individuals, as checks can be drawn from the treasuries of the various organizations easier than they can be secured from personal contributions.
