Buy a Home or a Lot

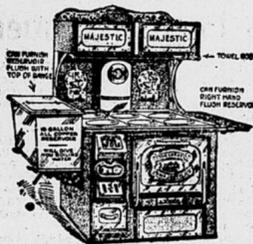

Keep in daily touch with the people who are selling houses and lots through

The Daily Herald Want Ads

If the place you desire is not listed, put in a little ad of your own. You'll get what you want at a minimum cost.

Buy a Real Range

"The Range With a Difference"

If you are really interested in getting the most practical, durable and economical range

Buy a Great Majestic

It has a non-breakable Malleable top.

The body is made of charcoal iron, no other range in the world is made of this material; it resists rust, heat and crystallization 300% greater than steel.

Has heaviest of linings, oven thermometer and many other features which we would like you to call and see.

The Great Majestic Range
Not "Cheapest" but "Least Expensive"

A. B. RHEINHART
RELIABLE HARDWARE

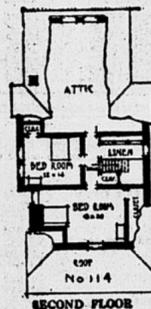

109 North Third St. Grand Forks, N. D.

A Home of Character

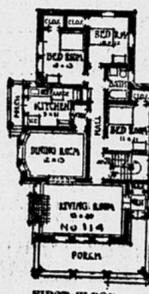

A Large Bungalow

A cement bungalow for a large family with more room than is usually provided in this class of home. We would suggest a color scheme for the exterior.

SECOND FLOOR

FIRST FLOOR

A glance at this floor will reveal the absolute privacy of the sleeping quarters from the living rooms. The kitchen is so arranged that the pantry keeps the odors of cooking from both the dining room and bedrooms. The stairway to the second floor is conveniently placed with relation to the living room and at the same time gives access from the second floor bedrooms to the bath without passing through the living rooms. Closets are ample and a linen closet with drawers and shelves is provided at the head of the stairs. The rear portion of the second floor provides a large attic, and a second bath or extra bedroom may be added to this floor.

Size 30x53 feet. Cost \$3,500. Can be built for from \$1,400 to \$4,200, depending on type of construction used. The low figure would be as a summer cottage, without plaster, heating plant or plumbing.

Why Our Quality Mill Work Pays

It pays the contractor because the frames are all put up, jamba the correct width for plaster, no missing pieces to be made by hand, all frames, mouldings, doors and trim sanded, therefore all this time is saved and you do not have to send away for odd sized openings or extras.

It pays the owner because the material goes directly from the machines to your building, no raised grain or dirty material from handling and shipping, changes can be made much more quickly and satisfactorily, and he has a better building when completed.

You can now get your LUMBER, BUILDING PAPER, ROOFING and MILLWORK at the same place.

Both Phones 253 Grand Forks, N. D.

Make Your Home Cheerful

by improving the complexion of your house, inside and out. It's remarkable what a coat of paint will do to brightening up your home. Let us do the job. Ask us for estimates.

Pederson & Johnson
214 S. 3rd St., Grand Forks, N. D.

SOFT WATER

Soft water is a very important thing to have, and the reason we haven't had more in the past, is because wood and steel cisterns, as well as a hole in the ground, frosted up, and have in most cases proved unsatisfactory. But since we have found we can get a positively clean, leak proof, and everlasting Concrete Cistern, soft water is coming to be used in Grand Forks, in the country, and in neighboring towns. Write for particulars.

Patent Concrete Cistern Co.

Office and factory four blocks from Catholic church, Grand Forks, N. D. Both phones, 818-L.

IMPORTANT!

We have the only and complete set of Abstract records and indexes in Grand Forks County. We are under Thirty Thousand Dollars (\$30,000.000) Surety Bond. Our records and indexes are rechecked with the County records and indexes for every abstract.

As the result of the above three safeguards, our customers get complete and reliable abstracts.

Carpenters, Builders and General Contractors
207 S. 4th St. Both Phones Grand Forks

THE maid you want is quickly supplied by a "Herald Want."

When Buying a Piano

See that it excels in its hidden parts as well as its outward appearance. Do not let simple beauty sell you any piano, for in an honest piano the greater value lies in parts and places you cannot see.

We shall be pleased to show and explain you the claims of each of the pianos we handle, which include the celebrated Haines, Bros., Emerson, Kurtzmann, Crown, Fools, Concord and Cable-Nelson Pianos.

When you buy from us you get real values for your money, as you do not have to pay the high commissions usually paid out by other houses to traveling salesmen. We employ none.
