

POPE BENEDICT XV IS TITLE TAKEN BY NEW HEAD, ELECTED TODAY

DELLA CHIESA NAMED BY BALLOT OF THE CARDINALS

Bologna, Italy, Prelate Succeeds Pope Pius X—His Politics are Stated.

Rome, Sept. 3.—Cardinal Della Chiesa was elected pope in succession to Pius X. The new pope will assume the name of Benedict XV. His election was brought about on the fourth ballot.

Cardinal Giacomo Della Chiesa, who was elected pope by the sacred college, was created cardinal May 25, 1914. He was archbishop of Bologna, Italy. He was born at Pegli in the diocese of Livorno, Italy, in 1851, and was ordained priest on December 21, 1878. He served as secretary of the Non-Confession in Spain from 1883 to 1887, in which year he was appointed secretary to the late Cardinal Rampolla.

He was appointed substitute secretary of state in 1901, and in 1907 he was elected to the post of advisor to the holy office.

The same year he was appointed papal nuncio of Madrid in succession to Monsignor Biancoldi. His appointment was cancelled three days later.

This incident occurred just before he was made archbishop of Bologna. When he was given the latter post, it was declared at Rome that it was mainly with the object of combating modern religious ideas. Bologna being the headquarters of the national democratic league, whose members advocated what is known as modernism in religion.

While at Bologna this year, the new pope issued a pastoral letter strongly condemning the "tango."

It has been 74 years since the time of the last Pope, Benedict.

NATIVES OF WAR OPPONENTS HELD

Austrians and Germans Forbidden to Leave Canada—They Travel Little.

Adolph Swennumson of Bow Island, Alberta, Canada, a former resident of Grand Forks, arrived in the city today for a short stay. He is attending to business matters and visiting with old friends. Mr. Swennumson has not lived here for many years, having moved away when a boy. On one time he attended the grades in the Central school.

Mr. Swennumson is connected with the Bow Island Gas and Calgary Oil company, and states that his company is now making arrangements to supply the city of Calgary with 10,000,000 feet of gas a day. The franchise has not actually been granted yet, but it is practically certain that this concern will get it. The gas will be sent by pipe distance of 190 miles. The pipes will be placed on top of the ground. The gas sells for two and one-half cents per thousand cubic feet.

Mr. Swennumson states that the crops in Alberta are almost a complete failure this year. The largest yield of wheat which he has heard of so far is seven bushels to the acre. The farmers in that section will have a hard time to get along as a result of the bad crops.

In speaking of the war situation in Canada, Mr. Swennumson stated that there is great excitement in the Dominion, declaring also that the government is able to get any number of volunteers to send abroad. Canadians will not allow any Germans or Austrians to leave the country, fearing that they may be going back to serve in the war. They are not allowed to travel very much in Canada, and are closely watched. Mr. Swennumson states that the train on which he traveled yesterday was crowded with government detectives who were looking for Germans and Austrians who are trying to leave the country. Other nationalities are not bothered, he maintained.

NO DECISIVE RESULT IN FIGHTING; TWO BRANCHES OF GERMAN ADVANCE HELD; RUSSIAN VICTORY OVER THE AUSTRIANS GROWING IN IMPORTANCE; PLANE DOWNED

Prince Frederick William Took His Own Life, Following Mistake That Sent Countrymen to Death

London, Sept. 3.—Prince Frederick William of Prussia took his own life, following the mistake of his regiment, according to Lady Randolph Churchill, formerly Miss Jennie Jerome of New York, who has just arrived from Germany, coming by way of Holland. "The true story of the death of Prince Frederick William of Prussia," said Lady Churchill, "is that he committed suicide. He was commanding a German cavalry regiment before Liege on August 22, when his men, in darkness and the terrible confusion of fighting in barbed wire entanglements, beneath the blinding glare of searchlights from the forts, nearly annihilated a German infantry regiment which the cavalry had mistaken for Belgians. The prince shot himself, fearing to face the anger of Emperor William. "His widow, with whom I am acquainted, was informed of the prince's death, August 14, ten days later."

NO OFFICIAL ANNOUNCEMENT MADE AT ANY CAPITALS; TAKEN TO MEAN BATTLES ARE STILL IN THE MAKING

Invading Aviator at Paris Believed Killed—Will Defend French Capitol to the Last—Austrian Defeat is Crushing

The absence of official announcements from the capitals of the belligerents is the surest indication that the fighting in the east and west continued without decisive results.

Such news dispatches as escaped the censors tended to confirm the earlier official claims and admissions. The Germans are pushing their right wing nearer Paris, while their left and center appear to be held by the French.

Russia is pressing forward in the Austrian province of Galicia, after having taken the fortified capital, Lemberg. The Germans admittedly were victorious in East Prussia.

The Japanese have occupied several islands near Kiao-Chow, and have landed many additional troops within marching distance of that German stronghold, in the face of protests by China.

King Nicholas of Montenegro is reported determined to occupy Scutari.

The government of France is now established at Bordeaux. Foreign embassies and legations, with the exception of those of the United States and Switzerland, also have been removed from Paris of Bordeaux.

Military experts agree that Paris soon will be the pivot of the hostile forces operating in the area of the west. Even the downfall of the French capitol, it is believed, would not end these operations.

A feeling of confidence among the allies was increased by the news of the great victory of the Russians in Galicia. Reports from Petrograd tell of the entry of the Russians into Lemberg. These appear credible, as news of the defeat of the Austrians comes from a number of sources.

The battle of Lemberg was one of the greatest ever fought. Evidently it resulted in the decisive, perhaps overwhelming defeat of the Austrians. The battle line extended 200 miles, and it is estimated that 1,500,000 men were engaged.

ONE OF INVADING PLANES BROUGHT DOWN.

London, Sept. 3.—A dispatch to the Exchange Telegraph company from Paris declares that one of the German aeroplanes of the Taube type, which recently dropped bombs on the city of Paris, had been brought down, and two German aviators aboard killed.

Last night two French aviators, who arose to meet the invasion of three German aeroplanes over Paris, chased the belligerents without permitting damage of any kind to the city. A battle in the air was fought, and it is believed that one of the Germans, which became separated from his fellows, was damaged, though the plane escaped.

PUT 140,000 "HORS DE COMBAT."

Rome, Sept. 3.—A telegram from Nish, Serbia, says that in the battle at Jadar, between 200,000 Austrians and 180,000 Serbians, the latter put 140,000 Austrians "Hors de Combat."

Paris, Sept. 3.—President Poincare and his cabinet have left for Bordeaux, the new French seat of government, where they were scheduled to arrive before noon.

AMIENS FALLS TO THE GERMANS.

London, Sept. 3.—A dispatch from Amiens, France, to The Daily Mail, dated Sept. 1, declares the Germans had taken possession of Amiens, after three days' fighting. Amiens is the capitol of Somme.

WIED QUITS NEW KINGDOM.

Durazzo, Albania, Sept. 3.—Prince William of Weid has quit his new kingdom and has sailed for Venice.

WILSON TO URGUE WAR TAX MEASURE

Will Appear Before Congress Tomorrow, Urging Special Financial Laws.

Washington, Sept. 3.—President Wilson will appear before the joint session of congress tomorrow afternoon, 12:30 o'clock, to urge a war tax measure to raise \$100,000,000 annually.

This announcement was made following the visit of Democratic Leader Underwood to the White House. In his message the president will not advise the means of raising money.

HIGH HONOR FOR GRAFTON CITIZEN

Bismarck, N. D., Sept. 3.—Frank Sprague of Grafton, one of the best known republicans in the state, was elected chairman of the republican state central committee at the biennial meeting here yesterday.

Mr. Sprague's election was followed by the designation of Grand Forks as the headquarters for the year's campaign.

J. M. Devine of Minot was elected secretary; R. S. Lewis of Fargo was made chairman, and M. J. George of Washburn and Grand Forks, was elected chairman of the executive committee.

The committee on resolutions was then named with J. M. Devine as chairman. The other members were R. S. Lewis, E. E. Enge, A. Webber, George Schaefer, E. L. Garden, Major J. G. Hamilton, L. A. Simpson and E. C. Oisgard.

F. S. Talcott, Ralph Ward, George Rose, E. D. Richter and K. L. Rammer, were appointed on the committee on permanent organization. In addition to naming Mr. Sprague permanent chairman, Mr. Devine was elected secretary and R. S. Lewis, treasurer.

Representatives of suffrage and anti-suffrage movements in the state had hearings before the meeting. Mrs. M. C. Young of Fargo spoke against suffrage and Mrs. Darrow of the same city spoke for the endorsement of the cause.

Adopt Platform.

The following is the platform as adopted by the committee Wednesday:

We, the members of the state central committee, representing the Republican party in meeting assembled, reaffirm our belief in and our loyalty to the principles of the Republican party as laid down by its founders and exemplified by its great leaders.

1. We affirm our loyalty to the Republican principles of protection, and believe that the tariff should be so revised as to reduce the growing high cost of living and at the same time protect, more equitably, the agricultural interests; that such tariff should be revised upon the principle that the customs duties enacted shall represent no more than the actual difference in the cost of production, between that of the United States and all foreign competing countries. We also recommend and urge that tariff revision in the future shall be by separate and distinct schedules. We favor the creation of a permanent, non-partisan tariff commission with ample powers and charged with the duty of investigating the cost of production, both at home and abroad, and whose findings shall be made direct to congress.

SPRAGUE THE MAN TO BRING PEACE IN RANKS OF REPUBLICAN PARTY

The election of Frank Sprague as head of the republican party of North Dakota is looked upon by prominent party members of the state as one of the best moves that could possibly have been made by the committee members.

Mr. Sprague, a prominent citizen, long closely identified with the state's business interests, and he is looked upon as a man who can successfully bring about the union of the republican forces under a single banner.

SOCIALISTS SELECT MINOT MEN FOR JOBS ON CENTRAL COMMITTEE

Bismarck, N. D., Sept. 3.—The state central committee of the socialist party met and perfected their organization. Henry S. Teigen of Minot was selected as chairman of the state organization, Grant S. Youmans of Minot as secretary and Eugene Teutsch of Minot as treasurer.

The major part of the socialist platform is taken up with proposals for the adjustment of the relations of capital and labor and urges the abolition of all classes and class privileges. The abolition of the national and state senate is advocated in the platform, also the abolition of the veto power for the governor. Woman's Suffrage is endorsed.

Child labor laws, dissemination of information regarding the raising of children, protection for laborers against accident, union labor, and some rule for counties and cities are other resolutions.

PROGRESSIVES NAME TURNER AS CHAIRMAN; PROMISE HARD FIGHT

Bismarck, N. D., Sept. 3.—Members of the Bull Moose party gathered in the city Wednesday and perfected an organization. H. R. Turner of Fargo was elected chairman of the committee, and W. D. Sweet of Fargo was named treasurer, and P. O. Treason of Grand Forks, secretary. The platform of two years ago was endorsed. Dorr Carroll of Minot, states that an active campaign will begin soon. H. H. Aaker of Fargo, candidate for governor on the progressive ticket, will make a three weeks' tour over the state in the interests of the party.

BITTER FIGHT IN DEM GATHERING

Affairs at A. C. and University are Discussed—Brookhoff Quits the Ticket.

Bismarck, N. D., Sept. 3.—The democratic state central committee held a lively session last night at the Grand Pacific hotel, at which time it elected H. H. Perry of Ellendale, chairman, and John B. Fry of Jamestown vice chairman.

There was a spirited fight on the resolutions, especially on the prohibition and woman's suffrage plank. About 50 members were present, Chairman McArthur presiding, and Secretary Fred McLean assisting. The credentials committee reported first, and there was a lively time over the seating of M. A. Hildreth, the Casey forces keeping up a fight for J. W. McHose.

Hildreth Forces Win. It was charged that the precinct's committee vote was a tie because one of the men in the committee room had no business there, and that this necessitated the drawing of ballots for position. Mr. Hildreth spoke at length, and charged ulterior motives in stirring contention over the state. The final vote was a victory for Hildreth, 25 to 14. This is considered the first victory for Hildreth over the Casey forces, and that this was the first time the men being competitors for the office of United States district attorney.

Both Perry and Fry were nominated for chairman, but it was contended that Fry had expressed himself as not desiring the position. His name remained in nomination, nevertheless, and final vote was 25 1-2 to 19 1-2 in favor of Perry.

Fry was made vice chairman, and Secretary Fred McLean was re-elected. Jos. M. Kelly of Devils Lake was made treasurer. There was no contest over the executive committee.

Recognition McArthur. The name of Geo. P. Jones, J. Neilson Kelly, Frank P. Wilson, Jens Peterson, S. L. Smith, John Sprafka, Chas. Simons and D. H. McArthur were placed in nomination and unanimously approved.

Col. K. K. insisted on recognition for Mr. McArthur. Resolutions as read were the subject of extended debate, which waxed warm at times. The principal argument was over the second clause which had to do with the proposition that the party's candidates, if elected, would strictly enforce every law. Prohibition is Bone. This was understood to have particular reference to prohibition, and was construed by some to be "straddling" the question. It was held that the party should either endorse or condemn prohibition in an unequivocal manner, or leave out the plank. The argument was great and most heated, the principal participants being Frank A. Wilson, M. A. Hildreth, Senator Purcell and Frank Hellstrom. Objections to the clause were finally withdrawn, when the latter two men stated that they, who are principally concerned in the coming election, favored the clause as stood.
