

NEW BUILDING AT STATION READY

Construction Activities have Been Superintended by Dean E. J. Babcock.

Dean E. J. Babcock of the state university has just returned to the city from Hebron, N. D., where he has been superintending the rebuilding of the experimental station. The old building was burned down some time ago and a new appropriation was made to rebuild. There are two small buildings being erected at the present time. The small one will be used for boiler room and a gas plant, while the larger will be used for the experimental work. The latter will be about 30x50 feet.

SMITH BECOMES ACTING MAYOR

Vice President of City Council Succeeds to Office in Absence of Dinnine and Turner.

Alderman T. J. Smith, vice president of the city council, will be acting mayor of Grand Forks for the next few days.

Mayor James A. Dinnine left this morning for St. Paul in his automobile to take in the Minnesota state fair, and will be gone for the next week or so.

J. D. Turner, president of the council, will also be away for the next few days, having left this morning for the western part of the state with the vanguard of the chicken hunters.

This leaves Mr. Smith next in succession, and he will exercise the functions of mayor until the return of the officials.

GERMANY IS NOW A LAND OF MOURNING

(Continued from Page 1.)

of reserves and every household almost is directly concerned in the war. In some families all the male members are at the front. The losses have been colossal, and the suppression of public lists by the authorities has not concealed the extent of toll in human lives, which Germany is forced to pay for the Kaiser's policy. For local lists are still published and had news travels fast, so that the fairly accurate, though probably still incomplete idea of the number of casualties exists. "I believe I will be within the mark in stating that more than 100,000 German soldiers already have been killed in various battles on the eastern front, the western front and in Belgium and France. Heaviest of all have been the casualties in the continuous fighting between the Mons and Charleroi line and in the present positions of the forces moving on Paris."

Cold cash melts away faster than most of us can freeze to it.

ATHLETICS IN GRADE SCHOOLS ARE PLACED ON FIRST BASIS THIS YEAR

Schedule of Football Games Announced by Harry E. Butler, Placed in Charge of the Work—An "All Star" Aggregation Will be Picked.

A new system of athletics is to be inaugurated in the grade schools of this city this fall, an announcement to this effect being made today. The board of education has just appointed Principal Harry E. Butler of Washington school to act as director of all athletics. There is a great deal of interest being manifested over the new plan and it is expected to prove very successful.

Football and track work will be given the most attention. Mr. Butler may be assisted by several young men of the city. He has already started work for the football season and has the schedule prepared. There will be a total of ten contests this fall among the city schools, the first taking place Wednesday, September 23. He will have to prepare five different sets of football signals.

Last year Mr. Butler turned out winning teams in all branches of athletics, winning the state grade football championship from Fargo. He expects to teach the youngsters all the different winter games, especially hockey and curling.

At the close of each football season an "All Star" aggregation will be picked to play for the state championship.

Mr. Butler will have charge of athletics in all of the grade buildings including Washington, Wilder, Winship, Roosevelt and Belmont for the coming year. He has been in the city the past two weeks devoting his time out-

lining the work and preparing a schedule. He was very successful with athletics the past year and he expects to give the boys a good physical training that will fit them for athletics in high school.

A set of rules and regulations will be drawn up and approved so that each school will be based on the same standard.

Schedule of Games. The teams are to contest for a pennant to be given to the winning team at the close of the season. The following schedule has been approved of and in case of change will be published later:

Sept. 23 (Wednesday)—Roosevelt vs. Winship.

Sept. 26 (Saturday)—Belmont vs. Washington.

Sept. 30 (Wednesday)—Wilder vs. Winship.

Oct. 3 (Saturday)—Washington vs. Roosevelt.

Oct. 7 (Wednesday)—Belmont vs. Wilder.

Oct. 10 (Saturday)—Winship vs. Washington.

Oct. 14 (Wednesday)—Roosevelt vs. Belmont.

Oct. 17 (Saturday)—Washington vs. Wilder.

Oct. 21 (Wednesday)—Winship vs. Belmont.

Oct. 24 (Saturday)—Roosevelt vs. Wilder.

In case of a tie, another game will be played at close of season.

COLES PRINCIPAL SPEAKER OF DAY

Will Deliver Leading Address at Labor Day Exercises on Monday.

Dr. C. E. Coles, pastor of the Methodist church in East Grand Forks, will be the speaker at the big Labor day celebration at Central park in this city next Monday afternoon. He will speak on "Some Phases of Labor."

The celebration will start promptly at 2 o'clock and an excellent program will be given. An unusually good sports program has been prepared for the occasion. A tug-of-war will be one of the big features. There will be races of all kinds also. Dr. Coles will be the only speaker.

The features of the evening program will be the big ball at the city auditorium at 9 o'clock. Music will be furnished by a ten-piece orchestra. The orchestra will be composed of the best union musicians in the city.

EDWARD TREFZ TO SPEAK HERE

Field Secretary for Chamber of Commerce Will Be Guest at Special Dinner Tuesday Noon.

Edward F. Trefz, field secretary for the Chamber of Commerce of the United States, will speak Tuesday noon at a meeting of the Commercial club. Owing to an engagement which Mr. Trefz must fill in Billings, Mont., he will have to leave Grand Forks on No. 4 for Fargo, and consequently the noon meeting is essential. A special Commercial club dinner will be served in the assembly hall at 11:30 o'clock, and those who are desirous of attending are asked to phone the secretary's office before 6 p. m. Monday.

Mr. Trefz spoke at the local club last spring, and, at that time, was enthusiastically received. He is considered one of the foremost authorities in the country on community and civic problems.

SEVEN HEAD OF HORSES DIE

Are Burned to Death in Fire Which Destroys Barn on Schaefer Farm, Near Reynolds.

Seven head of horses were burned to death in a fire which destroyed the barn on "Fair View" farm located northwest of Reynolds. The farm is owned by Simon Schaefer.

Besides the horses, which were very valuable, twenty tons of hay, five sets of harness, a hay rack, a grain tank and bedding and clothes belonging to the threshers also were destroyed. The hen house and a number of hens and the pig pen also were burned. The loss is estimated at \$2,500. The origin of the fire is a mystery.

BRITISH POPULATION HUNGRY FOR NEWS OF OPERATIONS

(Continued from Page 1.)

23. Brunsbutte, at the North Sea end of the canal, is where the Elbe estuary opens into the Heligoland bight; (2) That the British were engaged in the Baltic with Russian warships; (3) That they had been engaged in the Baltic with British ships.

The first theory is the one generally adopted, especially as there has been no news of any further naval action.

At first it would seem remarkable that damaged boats should have traversed sixty miles of the canal to Kiel while the vast entrances to the Jade, Weser and Elbe, protected by Wilhelmshaven, Bremerhove and Cuxhaven, were close at hand for refuge; but it should be remembered that Kiel is Germany's headquarters for repairs.

Against the second theory is the report that Russia, effective in the Baltic, has long been bottled up. Against the third theory is the fact that there has been no suggestion that the British fleet has even attempted to approach the Baltic by the entrance through Skagerak and Cattgat.

Many a large man is a small citizen, man is a bore if he has good sense.

ILLUSTRATED REMARKS.

HEARING IS SET BACK ONE MONTH

Tax Assessment Question to be Argued Before Cooley October 8.

October 8 has been set as the date for the hearing of the certiorari proceedings instituted by the state tax commission, to enforce the assessment of taxes against the property of churches, hospitals, fraternal orders, etc., in the county.

This was arranged this morning before Judge C. M. Cooley of the district court after a conference between L. H. Birdzell representing the tax commission, O. B. Burtness, representing the board of county commissioners, and J. B. Winesman representing the city council.

The writ is directed against the city council and county commissioners, but as all of the organizations against which it is proposed to assess taxes are concerned in the case all of them will be represented by attorneys.

The case was scheduled to be heard in the district court here September 8, but was delayed at the request of the defendants, in order that all parties interested might be represented.

NORWEGIAN VIEWS AT CHURCH

Unveiling of Lincoln Statue at Christiania by Gov. Hanna Will Be Shown in Motion Pictures.

The unveiling of the Lincoln statue at the Christiania exposition July 4, last, along with other interesting scenes at the big exposition and in Norway in general will be shown in motion pictures at the Zion Lutheran church in this city at 8 o'clock next Wednesday evening.

The pictures will be shown by O. J. Aspen, who appears under the auspices of the Young People's society of the church. Mr. Aspen was in Norway for nine months making the films which he will exhibit Wednesday.

Besides showing the visit of Governor Hanna and other North Dakotans to the exposition the pictures include views of winter sports in Norway and a trip along the coast and through the valleys on the Scenic Mountain railway.

EXCELLENT WEATHER CAUSE OF REAL START IN MOVING THE CROP

The excellent weather of the past two days has done much in giving the work of moving the official crops a good opening. Officials of the Great Northern and Northern Pacific report a greater demand for grain cars during the two days.

Yesterday 200 cars of wheat were loaded on this division of the Great Northern, and it is expected that this number will be slightly increased today.

Threshing is now general throughout the northern half of the state, and, unless there are further rains, the work will be rushed to an early completion.

Joe Mandot and Ad Wolgast will open the boxing season in Milwaukee on September 18.

COUNCIL MEETING TUESDAY EVENING

Budget Will be Passed—Lumber Company Asks For Further Delay.

Discussion and passage of the city budget for the coming fiscal year will be the chief business taken up by the city council at the regular monthly meeting next Tuesday night.

The meeting which would ordinarily be held Monday evening has been postponed on account of Monday being Labor day, and therefore a legal holiday.

A request has been received from the Robertson Lumber company that no definite action be taken at the coming council meeting in regard to the reassessment of the company's property for the Dellers avenue sewer.

The company desires a conference with the council before this assessment is definitely made, and its attorney, Scott Rex, will not be in the city at the time of the meeting Tuesday night.

The reassessment has been completed by the council following the decision of the supreme court, that the original assessment on the property was invalid.

Beyond this only routine business, such as the allowing of bills, etc., is expected to be taken up.

PLANS FOR YEAR'S WORK TO BE MADE

Physical Committee of Y. M. C. A. is to Hold Meeting Next Week.

A meeting of the physical committee of the Y. M. C. A. will be held early next week, when plans for the year's work will be formulated. C. C. Carpenter, physical director, said this afternoon that the class schedule will remain practically the same as last year.

Mr. Carpenter has under consideration a program of bowling, volleyball, basketball and indoor baseball tournaments. An effort will be made to interest a number of new members in the volleyball work, and, in the event a large class is signed, an excellent tournament will be held.

The physical director also stated that plans are being made for organizing a bible study class among the gymnasium men.

Buildings Where Zeppelin Airship Dropped Bombs in Antwerp

This view of Antwerp looking toward the North sea, shows the part of the city in which the German Zeppelins dropped bombs killing a dozen or more innocent persons. For two nights the city was bombarded and many buildings were destroyed. It was believed the Zeppelins were endeavoring to strike the royal palace and wipe out King Albert and his family. The low land shown in the photograph is the ground which would be flooded in case of a siege by the German army. The defense of the city has been so arranged that the forts will protect it in front while approach would be cut off from the rear by flooding the flat lands with about two feet of water.

Concordia College

Fall Term Opens September 15th

Courses in COLLEGE and HIGH SCHOOL WORK

All College and High School Credits Accepted by Universities of Minnesota, North Dakota and South Dakota

COLLEGE COURSES:—Literature, History, Mathematics and Chemistry.

OIL INSPECTION CASE IS ARGUED

State Files Demurrer to Jurisdiction of Court this Morning.

The first round of the attack instituted by the Bartles Northern Oil company on the validity of the state oil inspection law, was fought today before Judge C. M. Cooley of the district court.

A demurrer denying the jurisdiction of the district court of equity in the case was filed by Attorney General Andrew Miller representing the state, who also moved for the dismissal of the temporary restraining order issued by the court when the action was first instituted several weeks ago.

This order enjoined the state from interfering with shipments of oil destined for the company, which refused to pay the inspection fee provided by law.

The motion to dismiss this order was objected to by F. B. Feetham, attorney for the oil company, and was argued before Judge Cooley. No decision in the matter will be handed down by the judge today.

The contention of the oil company is that the inspection fee charged by the state is exorbitant, and constitutes a tax on interstate commerce, and that the law requiring the payment is therefore unconstitutional.

The man who marries a pretty girl is apt to get the short end of it if he takes her at her face value.

\$\$\$ Safety, Peace and Plenty \$\$\$

Never were conditions in this land of ours more sound, fundamentally, than right now. With characteristic common sense our people have cheerfully accepted the temporary inconveniences caused by foreign disturbances. Conditions making for safety, peace and plenty have been preserved, which stand out in sharp contrast with privations prevailing in lands torn by warfare.

With the return to normal conditions the depositors of this bank are looking with satisfaction upon their relations here, congratulating themselves that this bank is a source of safety in times of uncertainty as well as a ready helper when quiet reigns and business expansion is the order of the day.
