

Season 1914-1915

# LYCEUM COURSE

Season 1914-1915

## Seven Great Numbers, \$2.00

THIS course is offered under the auspices of the Machine Gun Company of the North Dakota National Guard. It brings to Grand Forks a strictly high class line of entertainments for the winter months and places the world's greatest educators and entertainers within the reach of everyone.

### Philharmonic Orchestral Club KARL SCHEURER, Conducting

The Philharmonic Orchestra Club is an organization of the highest musical merit, presenting programs of music appearing on the best symphony concert programs, and at the same time making a strong popular appeal. Most of the players are members of The Minneapolis Symphony Orchestra, and each a soloist on his instrument. Their long and continuous association assures a perfect ensemble performance.

- Karl Scheuer, First Violin**—Educated at Cologne; in Cologne orchestra at fifteen; came to America as solo violin, Boston Symphony Orchestra; second concertmaster, Minneapolis Symphony Orchestra.
- Franz Dieck, First Violin**—Studied at Cologne Conservatorium; first violin Erfurt Hof-Theater, and at Dueneldorf; first violin in Minneapolis Symphony Orchestra.
- Albert Seergel, Second Violin**—Studied at Cologne; played under Fritz Steinbach, at Duisburg Stadt-Theater; Minneapolis Symphony Orchestra since 1911.
- Herman Ruhoff, Viola**—Pittsburg Symphony Orchestra, under Victor Herbert and Pauer; St. Paul Symphony Orchestra; Minneapolis Symphony Orchestra.
- Oscar Koch, Cello**—Pupil of Gruetzmaeher; studied at Cologne Conservatorium; played under Dr. Fr. Wuellner.
- Richard Klimitz, Bass**—Played in orchestra in Germany; Pittsburg Symphony Orchestra, under Herbert and Pauer.
- Carl Woenpner, Flute**—First flute in Oden-Theater, Hannover; Herzoglicher Theater, Brandenburg; Minneapolis Symphony Orchestra.
- Samuel Everson, Clarinet**—Pupil of Scheuer, Chicago; Minneapolis Symphony Orchestra, solo clarinet.
- Robert Minsel, First Horn**—Solo horn in Petersburg, Warshau in Switzerland; in Germany under Winterstein; first horn in Minneapolis Symphony Orchestra.
- Max Mathieu, Second Horn**—Concertized widely in this country; fourth horn in Minneapolis Symphony Orchestra.
- William Thieck, Trumpet**—Concertized in Russia, Sweden, Germany and Switzerland; late under Laube in Hamburg; Minneapolis Symphony Orchestra.
- Otto Gebhardt, Trombone**—Studied in Conservatorium at Petersburg; concertized in Russia, Sweden, Germany; first trombone under Theodore Thomas; first trombone in Minneapolis Symphony Orchestra.

SEN. R. M. LA FOLLETTE

## Senator Robert M. La Follette

Robert Marion La Follette has a hold upon the interest and confidence of the American people enjoyed by few men in public life. It is not due to chance or favor. It is personal to the man. In all America there is no stronger man upon the platform than Mr. La Follette. He has spoken upon "Representative Government" hundreds of times. Again and again he has addressed full of human interest, which centers about the men who are in the thick of the great fight for government by the people. Eloquence has for its highest object the triumph of principle, of justice, of right. Earnestness born of a deep conviction in the everlasting righteousness of the cause presented is the basis

### REV. J. M. CLEARY Orator, Lecturer, Man of Affairs

The name of Father Cleary is known throughout the land. It is deservedly so. His is a charming personality. As a priest he is all that a priest should be. With the grace and power of a great orator he combines the quality of a great administrator. Accessible at all times, quiet and unpretentious, he has made his own love him for his devotion to the humblest duties of priesthood. He has made the non-Catholic public esteem him for his independence of thought and his devotion to the cause of suffering and tolling masses of the people.

### JOHN KENDRICK BANGS Humorous Readings

Mr. Bangs most notable platform effort, "Salubrities I Have Met," is a lively running talk about the more or less famous men and women he has known in the course of his career. It includes gossip anecdotes of statesmen, poets, novelists, philanthropists and others, and closes with an exquisite presentation of the character of one of the greatest of Salubrities in a story entitled "A Strenuous Day at Oyster Bay," of which a critic has said: "It is a gem of kindly humor, than which nothing more continuously funny has been produced in American literature." His season just closed has been one of the most successful in a period of five years, in which time Mr. Bangs has addressed nearly five hundred audiences in forty States of the Union.

### GEORGE E. VINCENT President U. of Minnesota

One of America's greatest orators is George E. Vincent. A man of great personal magnetism, he has impressed his personality upon audiences from the Atlantic to the Pacific. He is always a Man With a Message. Striking straight from the shoulder, he loses no time in letting his hearers get what he has to say. President Vincent embodies a keen sense of humor which he carries through his entire addresses and has won the title of "The Wittiest Man on the American Platform." Deep Study, Extensive travel and his zeal for the welfare of the great masses of humanity make Dr. Vincent one of the most sought after entertainers of the day. Grand Forks is indeed honored by his consent to appear on this course.

### ARDEN DRAMA CO. Taming of the Shrew

The Arden Drama Company will be costumed historically and richly. They will play their parts according to the best methods of modern acting following tradition wherever possible. At all times they will carry out the spirit and enjoyment given them in the lines. The cast has been carefully chosen and several times re-arranged in order to produce the harmonious effects. The leading parts will be played by young people who have had experience in other Shakespearean companies. The production has been carefully planned and staged. Every student, every man, and every woman who wants a good entertainment full of laughter will enjoy the "Taming of the Shrew." Mr. Day has brought to the training of this Company the ripe experience of five years of practical stage work in some of the best companies in the United States and fifteen years of platform work.

## Every Number at the City Auditorium

## VARSITY OPENING MAGNET THAT IS DRAWING HUNDREDS TO THIS CITY

### REGISTRATION BEGINS MONDAY

With Return of Students, Grand Forks Again Boosts its Population.

Following the regular annual summer vacation, students will return to resume their studies at the University of North Dakota next week. The regular registration will commence next Tuesday morning, but local students will be given a special opportunity to enroll next Monday. An arrangement of this kind is made every year for the convenience of the Grand Forks people, and also to make it easier for the registrar's office later.

Students have already arrived here to resume their work. The greater number will come in next Sunday and Monday. It is expected that trains from the west will be crowded during those two days with the incoming students.

Record Crowd Expected. Plans are being made at the institution to care for the largest number of students in the history of the institution. All records for enrollment will undoubtedly be broken. Many students from outside this state will be here for school this year also.

Nearly all the members of the faculty have returned to the city in anticipation of the opening of the university. They are all prepared for hard work after spending their vacations.

There will be many new faces on the faculty this year. A number of former instructors and heads of departments have resigned and others have come to take their places. Law students especially will see a big

change. Dean George F. Wells has been elected to the position left vacant by the resignation of Prof. Robert L. Henry, Prof. Carpenter's position has been filled by Prof. Laing Vold, a graduate of Harvard. Dean Wells is a graduate of the University of Michigan and comes here from the law department at the University of West Virginia at Morgantown. He was at that institution for the past two years, practicing law at Toledo, O., prior to that time. Dean Wells was in active practice for seventeen years.

President F. L. McVey has already returned to the institution and is preparing for the year's work. He was at Lake Bemidji for a large part of the summer.

Model High Changes. In the model high school there are several changes also. Miss Edna Twamley, formerly at the head of the English department in the Grand Forks high school, will have charge of the same work in the model high school. She will succeed Miss Mary Black, who will study at Columbia university during the coming year. Miss Martha E. Brody will succeed Miss Flora Baich, resigned. She taught for the past few years at the Red Wing, Minn., high school. She will be in charge of mathematics. V. E. Sayer will take the place of T. T. Lindsay. A. F. Hunnaker has resigned and he will be succeeded by T. Vollweiler, formerly an instructor at the high school in Hibbing, Minn.

New Department Head. Miss Lillian E. Bullock will have charge of the university comment during the coming year. She succeeds Miss Daisy B. Treen, who was here for seven years. The latter will take up post-graduate work at Columbia university this year. Miss Bullock graduated from the Boston school of domestic science. She was at the head of the boarding department at Wellesley college, Wellesley, Mass.

### MAKE APPEAL TO STUDENTS

"Go-to-Church" Sunday Will Be Made Particularly Inviting to the Young People.

September 27 has been designated as "Go-to-Church" Sunday, and an effort will be made to have all students attend places of worship in the city at that time. The different ministers of the city have made arrangements to deliver special sermons on that date and all people are cordially invited to attend.

Plans for this movement have been made by the churches, Christian associations and various other societies

of the city and university. It is expected that the new institutions of the city, including the high school, commercial colleges and the university will co-operate in making this movement a great success. It is one of the biggest undertakings of the kind ever attempted in the city. All organizations have been combining on the proposition.

### AFTER BUILDING STATISTICS

North Dakota Development League Press Bureau to Use Figures in Advertising State.

The North Dakota Development league press bureau, which is run in connection with the Grand Forks Commercial club, is gathering statistics of the building done in the state this year. Approximately a million dollars worth of building has been done in this city this year, and the club is desirous of obtaining the figures from other places.

### BUSINESS DEAD IN WINNIPEG

Says Law Department Professor Returning From Visit in Canadian City.

Business in Winnipeg continues to be paralyzed as the result of the European war, according to Prof. Roger W. Cooley of the state university, who returned Friday night from a visit to the Canadian metropolis.

### FIVE SCHOOLS WERE OMITTED

Classified as First Class Rural Institutions and Will Receive State Aid This Year.

Five schools of Grand Forks county, which have secured classifications as first class rural schools, were accidentally omitted from the list published in the latest issue of the county school bulletin.

These are districts No. 24, Mekinock township; 30, Rye township; 97, Chester township; 100, Kempton village; 105, Grand Forks township. With the sixteen schools included in the list already published, this makes a total of 21 classified schools in the county, which will receive state aid.

## WOMAN PINIONED BENEATH MACHINE

Miss Margaret Hanna Has Narrow Escape When Auto turns Turtle

Although caught beneath her automobile, which turned turtle near Malory Friday afternoon, Miss Margaret Hanna of Davidson, Minn., escaped injuries other than a few bruises. The young lady remained pinned beneath the machine for almost an hour, before being rescued by Fred Parsons of this city, who was passing in an automobile. He took Miss Hanna to her home in Davidson.

Miss Hanna says that she was driving at a rate of about 15 miles an hour when her car suddenly skidded and turned turtle, pinning her beneath it. The car fell in such a manner that the seats supported most of the weight, which prevented her from being seriously injured.

Mr. Parsons and his friends were driving by and saw the overturned machine. On going to examine it, they heard faint calls for help issuing from beneath, and saw Miss Hanna's feet protruding from beneath the car.

The men of the party immediately lifted the wrecked auto sufficiently to enable the ladies to extricate the unfortunate girl from her uncomfortable position.

## BIG YEAR FOR WESLEY COLLEGE

Many Inquiries Received Regarding Work—Institution Opens Tuesday.

Judging from the number of inquiries regarding work, the 1914-1915 session of Wesley college will be the biggest and best in the history of the institution. The first semester opens Tuesday, and registration begins Monday.

plans for the year's work were discussed. There are three new faculty members this year. They are: Paul Colte, who will have charge of the organ and choral work; Rowland Manuel, who will assist in piano and voice work; and Miss Ethel Hinrow, who will assist in the expression department.

Cordelia Hulburd again will be the head of the piano department. H. A. Enyeart will have charge of the voice work. J. Buchholz will teach violin and Miss Nella Kingsbury will be head of the expression department.

S. F. Halfyard and K. Stolz are members of the theological faculty. During the past week, an unusually large number of young people have made inquiries regarding work. The majority of them are planning to graduate, which means that they will be at the institution for two or three years.

The piano department enrollment promises to be greatly increased this year, and the demand for vocal work necessitated the addition of another instructor. The expression department also has increased rapidly, making it necessary to secure a teacher to attend to the junior work.

## LOCAL WOMAN IN CAPTURED CITY

No Word Received During Month from Mrs. E. Toussaint in Brussels.

No word has been received for almost a month by E. Toussaint, residing near this city, from his wife, who was caught in Belgium by the advancing tide of war.

The birth of a baby shortly after hostilities commenced made it impossible for Mrs. Toussaint to escape from the war ridden country, and she was compelled to remain in Brussels.

Mr. Toussaint stated today that the last letter he had received from his wife had been written just before the German forces occupied the Belgium capital.

At that time she warned him that the invading army was rapidly approaching, and that it would reach the city in a short time. For that reason she said that it was doubtful when she would be able to write to him again.

## H. S. MANAGEMENT PLANS SCHEDULE

Tentative Dates Being Named for Football Games This Season.

Several tentative dates for games have been arranged by the football management of the Grand Forks high school.

The first contest of the season will be held next Saturday when the annual game with the state university will be played at the University athletic field. This will be followed by the regular games with the alumni the following week.

According to the plans tentatively adopted Minot high school will be met October 17; Devils Lake high school October 24; and Fargo high school October 31. The Fargo game will probably be played here, and the team will journey to Devils Lake and Minot for the other two contests.

Efforts are also being made to arrange for contests with Grafton and Duluth on the home grounds.

Owing to the extreme heat only light practice was held Friday afternoon. There were 18 men out in suits, and the outlook appears to be somewhat more encouraging than was the case a few days ago.

The backs are showing up in good shape, but there are still a number of gaps in the line to be filled.

## MERCURY EQUALS HEAT RECORD AND CONTINUES IN ITS UPWARD CLIMB

With the mercury standing at 83 degrees and still climbing at 3 o'clock this afternoon, the temperature record for the latter half of the September was at least tied today.

The highest temperature for the latter half of September on record at the office of the weather bureau at the state university is 83 degrees. This mark was reached Sept. 21, 1908.

This record has already been equaled today, however, and it is possible that the mercury may climb even higher before night.

## CITY PICTURES AT METROPOLITAN

Motion Views of Grand Forks and Pageant are to be Shown Next Week.

Moving pictures of Grand Forks and "The Pageant of the Northwest," which was presented by the Sock and Buskin society last May, will be presented at the Metropolitan theater Wednesday and Thursday, September 23 and 24. They will be shown at each matinee and evening performance.

The films, which were taken last spring, recently were sent to St. Paul where the scenes were re-arranged and new prints made. They now are much better than the original.

After being shown here, the films will be shown at motion picture theaters in various sections of the northwest. They also will be used for convention purposes.

The city film includes views of children at play in the parks, the fire department making a run, the Kem Temple parade, public buildings and street scenes. A number of prominent Grand Forks residents appear.

The other film contains a number of views from the pageant, including the Indian scene.

## LOCAL FIRM TO OPEN BRANCH

Getts Piano Company of This City to Establish Department in Fargo Next Week.

The Getts Piano company of this city will establish a branch in Fargo next week under the management of L. L. Covington, formerly manager of the wholesale departments of the firm.

The new branch will be opened at 604 Front street, Fargo. It will handle nothing but pianos, a large number of which have already arrived.

It is expected that the store will be open for business next Monday morning.
