

### CAVALIER WILL BE REPRESENTED

At State Fairs Soon to be Held Throughout the West.

London, N. D., Sept. 23.—Arthur Foster, who was selected by the Commercial clubs of Cavalier county to represent this section of North Dakota at the state fairs which are being held in Kansas and Iowa, has started on his tour. Mr. Foster accompanies the Lake Region exhibit of which Cavalier county has a section, and this in turn is shown with the Great Northern exhibit, which is in charge of Mr. Leedy.

Mr. Foster took with him several listings of farms that are for sale in different parts of the county, and will endeavor to interest a number of the good renters on high priced lands in other states to come to Cavalier county, where they can soon have a farm of their own. Lands that are listed here are being rented at the present time, and it is hoped that the Lake Region movement will result in the placing of actual settlers upon them. No effort is being made to sell lands that are now being farmed by the owners. The proposition of selling the land at a commission of one dollar per acre, which amount is intended to pay the expenses of the transfer of the property, should appeal to those in the older states who would like to own a farm of their own, for in this way they are getting their land at its actual value without having to pay a middleman's profit. Under the pres-

ent plan the buyer may do business direct with the owner of the land, the latter paying the \$1 per acre to the commercial club which lists the land. Mr. Foster is not to certain that any definite results can be obtained at the present time, as it is a busy time for the southern farmers, but he is confident that the plan would be received with favor a little later on in the year and that many settlers could be brought here during the coming spring and summer. Anyhow, he is a hustler, and Cavalier county will get some of the settlers if any are to be secured at the present time.

### ROBBED OF PANTS

Hobo Takes Needed Garments From Surrey Harvest Hand. Minot, N. D., Sept. 23.—A bold robbery occurred at Surrey when a hobo held up a harvest hand, taking all the money he had. The hobo, noticing that his victim wore an especially good pair of trousers, leveled his gun and made him take them off. He is undoubtedly wearing them now. After doing the job very thoroughly, he locked the victim in a box car, where he was found by William Horner, the elevator man. No clue to the robber has been found.

### PRODUCTS SHOW

Will Be Held at Carrington, N. D., Early in October. Carrington, N. D., Sept. 23.—The dates for the coming Home Products show for this fall have been fixed for October 7 to 10 inclusive. Corn and alfalfa will be given positions of honor, and all who have any good corn or alfalfa are urged to bring in samples to be placed on exhibition. Prizes will be awarded, but the matter of winning a prize is not the big thing to be considered. It is the educational features of this kind of a show that count. And this year the show will be held only on the above dates, and it is not now the present intention to keep the show open after the closing date.

### CONVENTION WILL GATHER AT FARGO

### THRESHING DONE

Many Separators Busy in Ward County Near Minot. Minot, N. D., Sept. 23.—Sixteen threshing rigs in the vicinity of Surrey are pending out the golden grain very rapidly. Most of the machines will finish their season's run in a week or less and all of them will be through in two weeks, the weather permitting. In the country ten miles north of Minot in one locality, seven machines are at work. There is an over abundance of threshing machines this year and with large and effective crews, the work has been done very rapidly. This will give the farmers a nice chance to do a great deal of fall plowing and nearly all of them will take advantage of it. The Glenburn threshing is nearly completed. Wheat averaged from ten to twenty bushels. The grain west of that place made the better yield.

### COUPLE RE-MARRIED

Mandan Man and Indian Woman Reconciled After Divorce. Mandan, N. D., Sept. 23.—After a separation of a year, the old ties proved their strength and today Monday, Buckley is again the wife of John P. Buckley. They were reunited in marriage yesterday afternoon by County Judge J. C. Johnson. John P. Buckley came to this section when the Indians were in undisputed control. He gained his living by trading with the Indians, and since the day of Custer and Sitting Bull, has made his home a short distance from the site of old Fort Rice. More than thirty years ago he married a full-blooded Indian squaw and they lived together for ten decades. During the spring of last year the couple were divorced, but they continued to live on the same farm. The differences were patched up and the wedding followed.

### ROBBERS RAIDED CROSBY STORES

Small Amounts Secured at Several Places Which Were Entered.

Crosby, N. D., Sept. 23.—Crosby was the scene of several bold robberies and much money when burglars entered several of the business houses sometime between the hours of 3 and 5 o'clock. Relatively little was taken in the line of goods, only a small amount of wearing apparel being missed, and it was the cash registers that seemed to attract most attention. However, very little was lost. The cash registers at night and it is doubtful if they secured \$15 in cash from all the places burglarized.

Young general store is the heaviest loser as the big \$700 cash register was very badly damaged before the thieves could get it open, and the cost for repairing it will be considerable. No cash was secured there, however, and all that was missing was a couple of mackinacs and a few pairs of shoes. The Lindeke general store and the Book drug store were also entered, but no damage was done at either place outside of securing the change from the cash boxes. They also made an attempt to enter the Kjolrien hardware store and were climbing through a rear window when an employee of the firm, who was sleeping in the building, was aroused by the racket. On making an investigation he discovered what was up and he and the robbers had evidently seen him and beat a hasty retreat. However, he fired a couple of shots in the direction taking the robbers off but both went wild. An investigation is being made by the sheriff's office, but to date no arrests have been made.

### M'CLUSKY MAN DIES

Heart Disease Causes Death of Member of Legislature. McClusky, N. D., Sept. 23.—Hon. J. P. Schroeder of McClusky died of heart failure. He went to bed apparently in good health, but during the night his wife was awakened by hearing him gasp for breath and after being unsuccessful in attempting to arouse him she called a doctor. When the doctor arrived he pronounced life extinct. Mr. Schroeder was a prominent business man of McClusky and was a member of the state legislature as representative from Sheridan county at the last session and had received the nomination for another term at the June primaries. The remains were taken to Alton, Iowa, for burial.

### AGED MAN INSANE

Found Wandering Alone on the Prairie Near Hensel. Cavalier, N. D., Sept. 23.—James Mulligan, an old gentleman from this city, was wandering in the vicinity of Hensel in a demoralized condition, was captured and brought to this city and lodged in the city jail. A small communication with his relatives at the home of the old gentleman came up from Teland and took his home. He said the old gentleman will do; that he owned a fine home on Teland besides a good 100-acre farm worth \$300 per acre, all free from debt, and that he didn't owe a dollar to anybody in the world. He said he had been into Canada to visit a brother and it is presumed that through disturbance of his mind he lost his bearings and he had wandered about the country. He had the habit of thinking that somebody was after him to do him bodily harm and also that he was going to starve to death.
