

# PROGRESSIVES ARE COUNTED OUT

They Didn't Secure More Than About 4,000 Votes in Election.

## HANNA'S LEAD IS NOW ABOUT 10,000

Official Figures Indicate His Majority Will Reach That Figure.

Figures which are practically official show that the progressive party has lost its identity in North Dakota. It has failed to get the 25 per cent of the average votes, as required by law. Aaker, the bull moose candidate, received 2,817 votes with three counties missing, so that his vote probably will hardly reach the 4,000 mark.

The socialist candidate for governor polled 5,188 votes, while Brown, candidate for United States senator, only got 2,597, and will be low man on the ticket.

Hanna by 9,451.

Governor Hanna polled 42,269, as against Hellestrom's 34,809, or a majority of 9,451. Two more counties remain to be counted. Governor's lead over Purcell will be more than 18,000. His total vote is 48,582, as against 29,918 for Purcell.

Woman's suffrage is defeated by more than 7,000. With Sheridan and Morton counties to be heard from, there were 45,440 against and 38,110 for it carried in the following counties: Adams, Billings, Bottineau, Burke, Divide, Eddy, Golden Valley, Griggs, Mountrail, McKenzie, Renville, Towner, Ward and Williams.

McIntosh registered proportionately the heaviest vote against the issue. In that county there were only 77 in favor of woman's suffrage to 798 against.

One of the peculiar coincidences was the socialist vote, which went solidly in favor of woman's suffrage. Those counties with a large socialist vote were the one in which the issue carried.

Christianson's Lead. In the official returns received by Secretary Thomas Hall, Christianson's lead has increased to more than 3,900. The total vote stands: Spalding 41,439; Christianson 44,846.

Figures in congressional contests show that Bartholomew received 11,386 to 15,473 for Helgeson.

Young voted out over Weeks by 11,314. His total vote was 17,779 to 6,465 for Weeks.

With two counties out, Norton has 10,952 and Halvorsen 5,535.

## WILL HOLD ZEHY AT FARGO

Youthful Desperado May Be Sent Back to Canada Without Trial—Still in Local Jail.

John Zehy, the 13-year-old boy arrested at St. Vincent by the federal authorities on a charge of using the mails with intent to defraud, will probably be taken to Fargo and held there until the authorities have decided what disposition shall be made of his case.

Word to this effect was received today by Chief of Police J. W. Lowe. In the meantime the youngster is being held at the city jail.

It is thought probable that the boy will be deported to his home near Emerson, without being formally tried, if his parents can be persuaded to look after him in future.

It has been expected that Zehy would be tried at the session of the federal district court, scheduled to open here tomorrow, but as the term has been postponed a change in this plan was made necessary.

## THREE DROWNED

Meet Death in Lake Winnipeg on Sunday Evening.

Winnipeg, Man., Nov. 30.—Goodman, a hotel clerk at Selkirk, and his son, aged 12, and Frank Twohey, a barber of Selkirk, recently from the United States, were drowned while driving on Lake Winnipeg last night.

# DAKOTAN SEES ACTUAL FIGHTING IN BRITISH EAST AFRICA; ESCAPES

Langdon, N. D., Nov. 30.—Evidence of terrific fighting in British East Africa comes first-hand to Clarence Evanson of Sables, this county, from his brother, Ira Evanson, formerly of Sables. A letter written three weeks ago received yesterday says Evanson was compelled to ride 90 miles on mule to escape the effects of the warring Boers' work. In a battle near Evanson's residence, the Boer rebels were victorious, and they plundered his home. Many were killed in the battle, the fight taking place in a field covered with thick underbrush, making the task of ascertaining the number of victims difficult. Evanson has been doing missionary work in Africa and he says the feeling is intense.

# J. ERWIN DURICK DIES SUDDENLY

Former Grand Forks Man, Son of Present Resident, Dies in St. Louis.

J. E. Durick, a son of John Durick, 1009 University avenue, is dead at St. Louis, Mo., telegraphic advices to that effect were received this morning. The telegram announcing his demise was the first intimation the family had that he was even ill, a letter to Ray Durick, his brother, ten days ago, indicating that he was then in the best of health, and engaged regularly in his work as a representative of a St. Louis real estate firm.

Mr. Durick was a resident of Grand Forks about six years, being employed for several years in the city auditor's office, as deputy, during the occupancy of that position by F. A. Brown.

About eight years ago he went to St. Paul, being located in that city and in Minneapolis for several years. It is three years ago since he went to St. Louis, being employed there since.

Mr. Durick was 30 years of age, and was born at Portage, Wis. The funeral will be held at Portage, the arrangements, however, not being complete yet. Ray Durick will go to Portage this evening.

# THREE COUPLES WERE ARRESTED

Seducer Sentenced to Serve Term in the County Jail.

Three couples were arrested in various rooming houses and hotels of the city by the police Sunday night, and were arraigned in police court today on charges of disorderly conduct.

Fred Guy was picked up with a woman in a DeMers avenue rooming house. The girl told the police that Guy had enticed her to come to Grand Forks on a promise of work, and had then seduced her on her arrival in this city.

Guy was sentenced to pay a fine of \$25 or to spend 25 days in the county jail. Not having the necessary money he went to jail.

William M. Fack and Mary Hedega were also arrested in a local hotel. The girl has been arrested here before, it is said, for the same offense. They were fined \$15 each.

The third couple picked up gave their names as John Jones and Hilda Jensen. Neither of them had been previously known to the police, and they were arrested on the payment of fines of \$10 each.

All three couples were picked up in different hotels and rooming houses.

# ARREST FOLLOWS THROAT CUTTING

Richard Miller, Would-be Suicide, Held by Crookston Police.

## EFFORT TO DIE BRINGS CAPTURE

Queen City Authorities "Got Wise" When Local Act is Staged.

Richard Miller, who tried to commit suicide last Saturday afternoon by cutting his throat, is now in the hands of the Crookston police, having been arrested in this city last Saturday night.

He is alleged to have passed two worthless drafts in Crookston, one on the Getts Piano Co. of this city for \$32, and one on Joe Labode for \$10. If he can make good the amount of the two drafts however, it is possible that the actions against him may be dropped.

Miller had been drinking heavily it appears, and Saturday afternoon became despondent. He proceeded to a point on the Great Northern tracks near the bridge, and there drove a large jack knife into his throat.

Apparently repenting of the rash act as soon as it had been committed he hastened to the store of the Getts Piano Co., where he had once, it is said, been employed, and there fainted on the floor.

Medical attendance was summoned, and Miller was taken to his room at the City hotel, where wounds were found to be only superficial, the knife having missed the main arteries and veins.

Earlier in the day the local police had received word from Crookston that Miller was wanted, and as soon as his suicide attempt led to the discovery of his whereabouts the Crookston police were notified.

Miller was taken back to Crookston Saturday night, and is still being held there.

## CLOSING OF SALOONS.

Bemidji, Minn., Nov. 30.—Nearly one hundred of the 200 saloons in the district covered by the Indian treaty of 1855, which prohibits the sale of liquor and which a few months ago was held effective by the United States supreme court, closed their doors Saturday night in accordance with the recent federal order setting November 30 as the time limit for the sale of liquor.

There was considerable celebrating in the local saloons, 18 of which closed permanently last night after a vertiginous bargain sale. The treaty affects a vast territory in northern Minnesota.
