

WHAT THEY ARE DOING IN SOCIETY

It Couldn't Be Done. Somebody said that it couldn't be done. He with a chuckle replied "That 'mayn't it couldn't," but he would be one.

Who wouldn't say no till he'd tried. So he buckled right in with the trace of a grin.

On his face. If he worried he hid it. He started to sing as he tackled the thing.

That couldn't be done, and he did it! Somebody scoffed: "Oh, you'll never do that—"

At least no one ever has done it." But he took off his coat and he took off his hat.

And the first thing we knew he'd begun it. With a lift of his chin and a bit of a grin.

Without any doubting or quiddit. He started to sing as he tackled the thing.

That couldn't be done, and he did it. There are thousands to tell you it cannot be done.

There are thousands who prophesy failure. There are thousands who point out to you one by one.

The dangers that wait to assail you. But just buckle in with a bit of a grin.

Just take off your coat and go to it; Just start in to sing as you tackle the thing.

That cannot be done, and you'll do it. —Edgar A. Guest.

Certainly Bowser the Hound had the least intention in the world of helping Bobby Coon.

That was the last thing that would enter his head. And he would not help Bobby and he did it at just the time when help was most needed.

The funniest thing is, Bowser didn't know he was helping Bobby, and he doesn't know that he did it to this day.

An All-Winter Anti-Fly Campaign is Latest Civic League Plan; Combat the Pests Before They Have Chance to Breed

ENTERTAINMENT FOR JUNIOR BOYS IN PROSPECT—UNIVERSITY SETTLEMENT GETS LEAGUE SUPPORT—WOULD EXTEND MILK INSPECTION IN GRAND FORKS.

That winter is the proper time to begin the campaign against the fly was made clear in a paper by Mrs. Scott Rex at this week's meeting of the Women's Civic league.

Happy is the wife who believes that her husband is the best man on earth. It's difficult to convince a man that he is a chump—and if you do, what's the use?

The ladies of the league feel that it is necessary to keep hammering away in order to rid the city of flies and they will not allow garbage to be dropped just because fly time has passed.

To Entertain Juniors. Mrs. J. M. Gillette, as chairman of a committee of the league named to investigate the summer's work done by the Junior league, reported that though the boys did some very creditable work, the matter of inspection at the proper times had been neglected.

To Extend Milk Inspection. A recommendation to extend milk inspection in this city that it may include not only milk sold by local dairies, but also that which is shipped in for use in the manufacture of ice creams, sherbets, ices, butter and other such products, was contained in two excellent papers presented by Mrs. L. D. Bristol and Mrs. F. L. Thompson of the league's pure food department.

Social Service. Mrs. W. G. Bek as a representative of the social service department, gave a very interesting address on the "University Settlement," which has recently been established at 1205 International avenue.

One of them grabbed up his terrible gun, others caught up the lanterns, for it was night you know, and away they hurried after the dogs. Last of all was Bobby's boy, and he was chuckling to himself.

I guess this will end the hunt for Bobby Coon this time, said he, talking to himself as he followed the others. "Good old Bowser! He did just what I hoped he would do. He has done Bobby Coon a mighty good turn, though he doesn't know it. I hope that Coon will know enough to get away from here before these fellows find out that it is Fox they are chasing. This is his only chance, if he only knows enough to take it."
