HIT! BASEBALL WORM IS TURNING

Discipline, Think of it, in the Federal League, says Gilmore.

(By Hal Sheridan.) New York, Feb. 12.—Already the worm is beginning to turn. The hazy days when a ball player bought two or three automobiles, put on parties for that one in the third row back and showed up at the park the next day ready to fight his grand-mother are just about gone. To the popular tune of Jim Gilmore's funeral dirge they will be borne out by saddened ball players.

They were dying in the big league two years ago. Then came the Fed's and with the siren click of many dollars lured the slaving toilers from their first loves, promising much gold. The players got the gold and the headaches.

But, as heretofore chronicled, the ancient worm has done the Vernon Castle. The announcement comes from no less a personage than James A. Gilmore himself, who, when he isn't calling Ban Johnson names, presides the Federal League. List to Jimmie.

"On account of the many other things that had to be attended to last season we had little time to look after the playing end. (Kansas City and St. Louis players please copy) of the game and enforce discipline. But we know some of our players failed to display the same activities they did while members of organized ball and also do we know that some of them didn't keep in such condition as to give their best services to the club.

"The Federal league has been a great benefit to the ball players, and I hope they will realize it. We have given them a chance to draw bigger salaries than ever before. And, besides, we have been made aware of their getting better treatment from organized ball.

"I don't say any of our players 'laid down' in their playing, but they lacked the aggressiveness they showed yesterday. We are going to have discipline! This year we are going to have discipline! And this from a man who until a few months ago proclaimed to the wide, wide world that a ball player was a slave and subjected to unjust persecutions by his employers and that in the Federal League the poor ball player would find a miller of rest and free content.

"We are going to have discipline! This year we are going to have discipline! And this from a man who until a few months ago proclaimed to the wide, wide world that a ball player was a slave and subjected to unjust persecutions by his employers and that in the Federal League the poor ball player would find a miller of rest and free content.

"The schedule will be adopted until after the court decision, because the A. A. wants to know where it is 'at' before planning 1915 or 1916 games for 1915.

The major league powers likely won't want to raise the Association from its minor league classification until they find out whether the Federals will be able to cut much ice in the future.

In order to find out that they'll have to wait for Judge Landis. Thus doth everything in baseball hinge on the judgment of the federal court.

Johnson defends himself in court Barbadoes, B. W. L., Feb. 12.—Jack Johnson, the pugilist, accompanied by his wife and Frank Hagney, an Australian boxing partner, sailed yesterday on the four-master schooner Henry Krazer for Cienfuegos, Cuba, where he will connect with a special boat which will take him to Tampico, Mexico, on his way to Havana, for his bout with Jess Willard on March 6.

While here Johnson was made defendant in a suit for damages brought by the owners of the Light House, who contend he had violated a contract to charter the vessel. The pugilist acted as his own lawyer and won the case, although pleaded against the chief government counsel.

On the voyage north from Montevideo Johnson acted as ship's cook and prepared the food for the entire crew.

YESTERDAY'S BOWLING. The Northwestern Telephone company took three straight from the Star Laundry in the bowling of the Laundry league. The score: N. W. Tel. Co. 201, Star Laundry 149.

BASEBALL BOSSES STOP IN CITIES

Ban Johnson and Charles Comiskey Hold Conference.

St. Paul, Feb. 12.—Two of the best known figures in major league baseball were in conference yesterday. President Ban Johnson of the American league and Charles Comiskey, owner of the Chicago White Sox, were here on their way to the coast today.

The urgent need of relieving the American association of the draft has been largely removed by the moving of the Federal league club from Kansas City and the indications that the Indianapolis Federal league club will not remain in that city for long. This was the opinion of President Ban Johnson of the American league, expressed this morning.

No significance. Comiskey and Johnson both denied that their trip to the coast by way of Minneapolis and the northern route had anything to do with baseball business, saying they were making the trip in that way for pleasure.

When asked this morning in Minneapolis whether he thought there was a chance that the American association would be made a major league aggregation by the removal of the draft, President Johnson said: "American Favorable."

"That is up to the National league now. So far as the American league is concerned, it is in favor of making the association a major organization. That was the sense of our last meeting."

Johnson was surprised to hear that the National league had adjourned today without taking any action on the draft question in regard to the A. A., and also to hear that some of them didn't keep in such condition as to give their best services to the club.

Johnson was surprised to hear that the National league had adjourned today without taking any action on the draft question in regard to the A. A., and also to hear that some of them didn't keep in such condition as to give their best services to the club.

COMISKEY AND BAN JOHNSON IN FARGO

'Old Roman' Thinks Sox Will Win—Would Not Talk Federal League.

Fargo, N. D., Feb. 12.—Charles C. Comiskey, the "Old Roman" of baseball, president and owner of the Chicago White Sox, the most popular man in the national game and known everywhere baseball is known, was in Fargo for a few minutes last night. He passed through the city on Northern Pacific train No. 1 and in his company were Mrs. Comiskey, and Ban B. Johnson, president of the American league and Mrs. Johnson.

To a reporter who visited him in his stateroom while the train stopped at the local station, Comiskey said he was on his way to the coast to arrange the preliminaries for the spring training trip of the White Sox. The players will leave Chicago next week on a special train on the Rock Island and will go all the way to the coast. The entire party has been extended an invitation by the management of the Frisco exposition to visit the big show, and that will be their first stopping place. Southern California will then be sought where the team will go into active training and a number of exhibition games will be played before the start east is made. The team will be divided into two squads, the Regulars and Yankees, and each will make different routes on the return meeting local clubs at many points and joining again shortly before the regular season will open by which time the summer material will have been weeded out.

Going to Win. Asked about the Sox for the coming season Comiskey said "We're going to win. We will have the best team we've had in years and its going to be a winner. Eddie Collins at second base is a big acquisition and will go all the way to the team high up in the race."

Both Comiskey and Johnson were asked for some statement regarding the Federal league and both declared they would have nothing to say until Judge Landis rendered his decision in the case now before him in Chicago in which organized ball is fighting the newcomers.

Comiskey looks forward to a pleasant and profitable training trip on the coast and says his team will return east ready to jump into the season's fray with a vengeance. Winning or losing they stand behind their team and boost, turning out to the games by thousands. This accounts for the fact that he thinks it right, for the square deal, and uses his players as any other man connected with the national game. Through the strength of Comiskey's personality, the White Sox fans are held loyal to the team under all circumstances. The Chicago Quillan bill, while Boyce of Cass, Lathrop of Steele, and Baldwin of Griggs, opposed it.

Mr. and Mrs. Comiskey and Mr. and Mrs. Johnson will stop at Seattle and Portland for a short stay before going down to San Francisco.

POLOISTS TO SWARM ON COAST DURING NEXT THREE MONTHS; BIG GAMES AT EXPO

Larry Waterbury (front) in a fast polo game.

San Francisco, Feb. 12.—Many of the leading polo men of the United States are on their way to the Pacific coast, where they will take part in the contests now in progress at the Colorado county club. A number have brought their strings of ponies with them, and upon the conclusion of the Colorado events will move up to San Francisco for the universal series of polo games to be held in connection with the Panama-Pacific exposition. More polo men, and those interested in the sport, will in all likelihood be on the coast for the next three months, they have never been gathered together in this country before.

The universal field there is stabling quarters for several hundred ponies, and with the clubhouse overlooking Golden Gate, a more attractive setting for the games could not be found. Teams are already in California from Long Island, Cooperstown, N. Y.; Chicago, Kansas City and Philadelphia. The Hawaiian players,

with some remarkably fast and well-bred ponies, are now rounding into the best of form. There will also be other teams from various places. Much interest has been added to the games by the prospect of the fast Cooperstown players, consisting of E. S. Van Stede, C. E. Ramsey, C. E. Readleston and Malcolm Stevenson, crossing mallets with M. C. Phipps, Lawrence Waterbury, J. M. Waterbury, Jr., and Louis Stoddard, admitted to be the strongest team in America today.

This team, known as the "New Big Four," since the temporary withdrawal of Harry Payne Whitney and Devereux Milburn, as international players, will be one of the star attractions when they line up against the Cooperstown aggregation, considered by many the equal of the Meadow Brook players, owing to the fact that they have played together consistently for the past several years and have won both the open and National championships.

He had the opinion of other attorneys as good as better than the attorney general. A motion to defer, however, was carried. Killed the day previous, Rep. Everson's measure to abolish the state fire marshal's office was revived today, on motion to reconsider. Treadwell Twitchell, chairman of the Lathrop committee, voiced his desire and that of his committee, to abolish this commission. He discussed state finances in general, maintaining there was absolute need for curtailment of expenditures along every line.

Thompson of Ward attempted to block the way to a reconsideration, insisting that the talk of economy did not look like a cure for the state's financial ills. He won 17 and lost 13 games. As a batter, following the example set by pitchers generally, Kellar wasn't a world beater. He hung up a swatting mark of .974. He fielded for an average of .925.

Including in the bills killed in committee reports today was that of Hjeltnad's bill, which would provide a period not to elapse between the time a marriage license is issued and the marriage takes place. Hjeltnad's bill, aimed at making the state publicity pamphlet self-sustaining, was reported out for passage. It would require the secretary of state to issue a pamphlet only in the event there was sufficient money subscribed to cover the expense.

The teaching of modern languages in public schools, aimed at permitting instruction in German in schools of heavily populated German communities of the state, was recommended by the committee of the whole house for passage. It had come back to the house from the educational committee, except one member, recommending indefinite postponement of the bill.

Hjort's bill providing that teachers' diplomas, issued to normal graduates and good for a two-year period, be not renewed, was killed. These certificates can now be renewed for five-year periods. Wartner's bill creating the office of boiler inspector was also killed.

G. O. P. CANDIDATES. Grand Rapids, Mich., Feb. 12.—Michigan republicans met today in Grand Rapids for the annual spring convention of the party. Candidates were to be nominated for the following offices: superintendent of public instruction; two regents of the University of Michigan; one member of the board of education; and two members of the state board of agriculture.

Hjeltnad's bill creating a state censorship board to pass on all moving picture films shown in the state, and providing two and a half dollars therefor, failed to receive the serious consideration at the hands of the house, despite the Walsh cause. Hjeltnad declared that moving pictures were, as a rule, immoral. Hendrickson of Burke, contended that the author of the measure, Hjeltnad, had confessed to him personally that he had only seen one moving picture show in the last ten years, and he could not understand how Hjeltnad could have an idea of their being immoral. L. L. Twitchell and Fritag both insisted the moving picture business was clean and wholesome, and that efforts at abolishing another commission onto the state were unwise at this time.

Railroad Taxation. Rep. Burnett, not real complimentary to Atty. Gen. Lunde when he opposed Rep. Thompson's motion to defer action on the bill to devise all railroad taxation into the state general fund, said: "I don't know what Burnett, when asked if he had secured the opinion of the attorney general as to the constitutionality of the act, responded that he had not, 'but

WINONA PLAYERS SOLD TO DUBUQUE

Fautsch, Kellar and Block Will Play in Three-I League.

Winona, Minn., Feb. 12.—Three of last year's players, Joe Fautsch, Don Kellar and Charles Block, have been sold to the Dubuque club of the Three-I league, according to word received in this city yesterday. For the past several weeks the local management has been in touch with Manager Larry Mullen of the Hustlers, and a deal was finally arranged, whereby the three players above mentioned go to Dubuque. This is the first of a series of sales which are expected to dispose of most of last year's players.

Whether Winona will be in a league still remains in doubt, but should the proposed league be formed this city will have a team but the players will not be as high salaried as those who played last season.

The following from Dubuque shows in what high regard Fautsch and the other players involved in the sale are held: "Manager Larry Mullen, of the Hustlers, seems to have grabbed three star players from the Winona club, last year in the Northern league. More particularly does he seem to have grabbed a star in Fautsch, the short-stop purchased from Winona.

"Official averages of the Northern league would indicate that Fautsch is a first class hitter and that in fielding he is a minor league star of the first magnitude. C. H. Rowland, manager of the Chicago White Sox, states that only favorable reports of the man have come to him. The Northern league averages would indicate that Fautsch is a whole lot better than the average everything in sight and has a habit of missing few. He had far more fielding chances than any of his rival short-stops in the Northern league."

Kellar, who also was purchased, comes to Dubuque bearing the reputation among players of the Northern league of being the best pitcher that worked in that circuit last season. He was with a club that lost more games than it won, and yet his percentage of victories is .567. Northern league players say that he was the most feared by opponents of all the pitchers in the league.

"The official averages of the league show that Kellar pitched 22 innings during the season, in which his opponents scored 94 runs and made 214 hits. He struck out 117 batters and gave up 70 bases on balls. He won 17 and lost 13 games. As a batter, following the example set by pitchers generally, Kellar wasn't a world beater. He hung up a swatting mark of .974. He fielded for an average of .925.

Block, who also was purchased, comes to Dubuque bearing the reputation among players of the Northern league of being the best pitcher that worked in that circuit last season. He was with a club that lost more games than it won, and yet his percentage of victories is .567. Northern league players say that he was the most feared by opponents of all the pitchers in the league.

Block, who also was purchased, comes to Dubuque bearing the reputation among players of the Northern league of being the best pitcher that worked in that circuit last season. ALUMNI DAY OBSERVED. Princeton, N. J., Feb. 12.—"Alumni day" was observed here this afternoon by a large representation of the graduates of Princeton university. A general meeting of the former students began shortly before noon at which addresses were delivered by President Hibben and others. Luncheon was served in the graduate college. "Alumni day" is an idea of the graduates council of the university, who believed that many of the alumni would welcome an opportunity to visit their alma mater when there were few outside attractions.

CORNERSTONE LAID. Wilmington, Del., Feb. 12.—The corner stone of the new \$2,500,000 county and municipal building was to be laid today.

FENCING MEET TONIGHT. Boston, Feb. 12.—The eastern fencing championships are to be decided tonight at the Boston A. A., with Boston and Harvard swordsmen as the principal entrants.

CARNIVAL AT TAMPA. Tampa, Fla., Feb. 12.—The annual "Gasparilla carnival," similar to a Mardi Gras, of Tampa opened today. It will be a "dry" event, too, anything stronger than grape juice being barred. The Rotary club is in charge of the various events.

FOR SALE OR RENT. Lakeside Hotel, a 25-room hotel at Maple Lake. FOR RENT. 160 acres 2 miles west of city. Will make good lease (for cash rent) to the right parties. See R. W. Smith, Care Monley and Smith.

FOR SALE. or will trade for acreage on Minnesota Point, any or all of the following: 1 6-passenger 4 cyl. auto. 1 1/2-ton 4 cyl. truck. 1 large \$250 Diebold safe. 1 Bowser gasoline filling station complete. Counters, shelving and several show cases. Call at the

Light House. DeMers Ave. MONLEY & SMITH Props.

SPECIAL CAR TO CARRY STUDENTS

Will Accompany Team to Fargo—Slight Change in Twin City Trip Card.

The university basketball team, accompanied by a large number of boosters, will leave tomorrow morning for Fargo on the special car. A special car has been chartered to accommodate a basketball club.

The first game of the trip will be played at Washington on March 1. The following day the Minnesota university team will be played. Shattuck is next after which come Carleton and St. Cloud.

The second team last night defeated the Mayville normals, 33 to 12. The university men showed more speed and more ability and had little trouble winning. The lineup follows: Mayville University. B. Grinde, c. Richards; Schlosser, f. Skretting; S. Grinde, c. Goodman; Franzen, f. Boyce; Mosher, g. McCutcheon; Referee—Weish.

GOOD COMMISSION FOR GOVERNING BOXING IS WANTED IN MINNESOTA. (By J. H. Ritchie.) Minneapolis, Feb. 12.—The boxing bill went into the legislature yesterday with George H. Moeller of St. Paul as sponsor. It is a duplicate of the bill which is now being considered by the legislature in the senate.

The bill goes through in Minnesota, say they who insist that the same sort of a governing body be appointed for Minnesota. The commission, in case the bill is passed, would be made up of one member from Minneapolis, one from St. Paul and one from Duluth or Winona. The existing athletic clubs of the state are expected to be behind the measure with their full support, and if the law is enacted, when it comes time to pick the commission, the governor would make no mistake by going into the established and reputable clubs to select the commissioners.

FIELD DAY IN LOWER HOUSE OF THE LEGISLATURE

(By H. D. Paulson.) Bismarck, N. D., Feb. 11.—It was field day for the house of representatives today, with a large number of problems up for consideration.

The McQuillan cigarette act, by which the sale of cigarettes to adults would be licensed and repealing the present anti-cigarette law, which was the center of a hot fight in the house, and was finally defeated. However, attempts at placing a clincher failed and the measure still is in a position where it can be considered by the house Saturday.

Representative J. J. Ryan, of Morton county, voted with the majority for the purpose of bringing in position to move reconsideration. The forces favoring the repeal of the present anti-cigarette law, which measure the chief is, which is now effective, and which has been abandoned from time to time by almost every state which has attempted to carry it, is in a position where it can be considered by the house Saturday.
