

JACK CRAWFORD HERE TOMORROW

Famous Poet Scout Will Give Lecture at Presbyterian Church.

Final arrangements were made today for the Capt. Jack Crawford mass meeting, which will be held at the First Presbyterian church tomorrow afternoon. The meeting, which is one of a series given this winter under the auspices of the Y. M. C. A. will begin at 8:30 o'clock.

Capt. Crawford will arrive in the city tomorrow morning from St. Paul. Members of the G. A. R., the W. R. C., the W. C. T. U., the Sons of Veterans and the Machine Gun company will attend the meeting in a body.

C. L. Graber, deputy clerk of court, will preside and introduce the speaker. A special men's choir, composed of singers from the various churches of the city, will furnish the music. Geo. E. Schafer, registrar for the university, will be soloist and direct the choir. "He Promised His Mother" will be the theme of Crawford's address.

Capt. Jack Crawford is one of the eccentric lecturers of the country. He formerly was chief of scouts for the United States army, and he has had a remarkable career as an Indian fighter, civil war soldier and frontiersman.

He also has established an enviable reputation as a poet.

GEO. BERNARD SHAW SUBJECT

Sock and Buskin Society Will Take Up Well-known English Playwright.

George Bernard Shaw, most maligned of English playwrights, will be the subject of the Sock and Buskin meeting, which will be held in Woodworth hall auditorium Thursday night next.

Scenes from two of the most famous plays, "Candida" and "Fanny's First Play" will be given.

The paper of the evening will be read by George A. Benson. The subject is: "George Bernard Shaw—Genius or Jester." Mr. Benson also will read "Fanny's First Play."

The scenes from Candida will be presented by Alice Kolars, John Hesketh and Melvin Johnson. Miss Kolars will play Candida. Mr. Hesketh will be Marchbanks, the poet, and Mr. Johnson will play Rev. James Morrell.

TO VISIT STRICKEN HUSBAND

Mrs. C. F. Williams Left This Morning for Ray—Well Known Traveling Man Taken Ill.

Mrs. C. F. Williams, 417 South Fourth street left this morning for Ray, N. D., in order to be with her husband, a well known local commercial traveler who has sustained a stroke of paralysis.

Wilbur Williams, son of the sick man said today that he did not believe his father's condition to be as serious as was at first supposed. Mr. Williams was sitting in a chair in the office of the hotel at Ray when he was stricken. He was carried to his room and medical attention summoned. It is thought that he has a good chance to recover.

INSPECT LOCAL GUARD TONIGHT

Machine Gun Co. to be Put Through Paces by Fraine and Turner.

Col. J. H. Fraine of Grafton and Lieut. A. Turner, U. S. A., arrived in Grand Forks this morning for the annual inspection of the machine gun company.

This ceremony will take place at the armory at 7:30 o'clock this evening, preceded by the official roll call. The two officers are spending the day checking up the government supplies in the possession of the company, which must be accounted for to the war department.

The inspection tonight will include a drill by the company, and the usual examination of their arms, accoutrements, etc. Each of the commissioned officers will drill the command in turn. Lieutenant Turner is the officer detailed by the war department as instructor-inspector of the National Guard for this state, and Col. Fraine commands the First Regiment of National Guard.

The two officers inspected Co. C, at Grafton, Friday night, and Co. D, at Minot the preceding evening.

NO ESCAPE. (Houston Post.) On these days we should hate to scoot from peak to peak, chased by a Ute; but though no Ute pursues to kill there's the Spring Millinery bill.

A NEW GAME. (Cleveland Plain Dealer.) "Why, where's Johnny?" "Johnny's crawled down in th' sewer." "In th' sewer! What for?" "He's playin' submarine."

WARM FIGHT ON IN SIXTH WARD

Three Candidates for Aldermanic Honors are Now In the Field.

A warm political fight is developing in the Sixth ward of Grand Forks, where E. J. Sibell, has appeared as the third candidate for the aldermanic toga at the coming city election.

Other candidates are John Vallely, the present alderman, and William Perkins who announced his candidacy last week.

Mr. Sibell is a lawyer by profession and is a graduate of the state university. His announcement of his candidacy came as more or less of a surprise.

John Vallely, who now represents the ward in the council of the "city dad" is the first candidate in the coming election to have filed his nominating petition with the city auditor. The candidates have until Tuesday, March 16, to do this, and the rest of them are taking their time in the matter.

In other wards of the city with the exception of the second there appears to be no probability of any real excitement in the election. In general the present aldermen seem likely to be re-elected without opposition.

WILL OPEN WELDING PLANT

New Establishment for Iron Work to Be Opened on Bruer Avenue by E. N. Alme About April 1.

E. N. Alme, formerly connected with the Grand Forks Poultry company announces that he will open a new "oxy-acetylene" welding plant at 112 Bruce avenue, on or about April 1.

Mr. Alme has purchased several hundreds of dollars worth of apparatus for the new establishment, and will be prepared to do all kinds of iron welding.

He has been engaged in similar work with the Grand Forks Poultry company during the last three years, and is thoroughly familiar with the process.

TELEGRAPHIC CONTEST MONDAY

Grand Forks Y. M. C. A. Boys' Bowling Team to Compete Monday Night With Fargo Quint.

Monday night the bowling team of the boys' department of the Y. M. C. A. will compete in a telegraphic meet with the Fargo team. The members of the Grand Forks team are: Max Raines, Victor Chas. Charles Louhin, Harrison Barnes and Kenneth Gray.

Tonight there will be a match bowling game between the boys' department and the senior department teams.

DAVIS' CLAIM DISALLOWED

Pitcher Fails to Make Case Stick Before National Board of Arbitration.

Secretary John J. Farrell of the National Association of Professional Baseball leagues yesterday announced that the arbitration board had disallowed the claim of Fitcher L. Davis against the Grand Forks Northern League team.

Davis put in a claim for \$150, which he said was due him for services.

CONSOLIDATION IS DISCUSSED

N. C. McDonald is Speaker at School Meeting Being Given at Merrifield Hall.

"Consolidated Schools" were discussed by N. C. McDonald, state inspector of rural, graded and consolidated schools at the meeting held Friday evening in the Woodmen hall at Merrifield.

Mr. McDonald's address was illustrated by a series of charts, designed to show the advantages of consolidation.

Miss Pearl Ball of Grand Forks sang two vocal solos, and a piano selection was given by Miss Lien of Merrifield.

The meeting was well attended, especially by the men of the township. Pamphlets showing the advantages of consolidation of schools were distributed.

Mr. McDonald left this morning for his home at Valley City.

DEAN FRENCH AT BIG MEETING

Head of Medical College Participates in Important Gatherings Held in Chicago.

During the month of February a number of important meetings were held in various parts of the country. One of the most important was the meeting of several of the committees of the American Medical association in Chicago from February 15 to 17. Dean H. E. French of the university medical school attended these meetings. Two special committees of the American Medical association were the council on public health and public instruction and the council on medical education. The first of these considered four model bills dealing with public health and instruction relative to it. The council on education dealt with clinical teaching and kindred subjects. It is interesting to note that the council on medical education has made a vigorous fight to improve the medical schools of the country. It has succeeded in reducing the number of schools from 166 to less than a hundred. Most of the poorly equipped private schools of the country have been put out of existence. This same committee has inspected the medical schools of the country and published its rating of them. Its rating is according to the marks A, B, and C. The University of North Dakota is ranked in the A class.

DEVILS LAKE TO WELCOME KNIGHTS

Local Members of K. C. Order Will Attend Installation of Council.

Over 100 members of the Grand Forks Council, Knights of Columbus, will leave for Devils Lake at 9:30 o'clock Sunday morning on a special train over the Great Northern railway, to take part in the formal installation and initiation of the new Devils Lake council of the same order.

The degree work in connection with the initiation will be put on by the Grand Forks degree team, assisted by the members of the Minot team.

The new Devils Lake council has been started with a good membership, Fred Traylor, one of the leading attorneys of the city being grand knight.

Installation ceremonies of the new council will begin in the morning with solemn high mass at the Devils Lake Catholic church. This will be followed by the work of the three degrees, which will take up most of the day.

Following the installation and initiation a banquet will be held for the members of the newly installed council.

The special train bearing the members of the Grand Forks council will return to this city in the evening.

STATE LAUNDRYMEN TO MEET IN CITY

Annual Convention Will be Held March 22 and 23—Prominent Men Coming

The annual meeting of the North Dakota Laundrymen's association will be held in Grand Forks, March 22 and 23.

The program for the meeting now is being prepared, and it is expected that it will be ready for distribution early in the week.

The officers of the organization are of the opinion that the convention will be the most successful yet held. Aside from the many state laundrymen, it is expected that a number of Twin City men, laundry machinery and supply men, and national officials will be in attendance.

Among the prominent men who will attend and speak are: J. A. Barkey of Green Bay, Wis., president of the National Laundrymen's association; Geo. D. Wolfe of the Baker, Yastler & Wolfe Co., Chicago; Lane Lovell, prominent laundry appraiser; C. F. Nostger, manager of the American Laundry Machine company of Chicago; James Nankiville, secretary of the Northwestern association, and O. L. Baer of the Kelly Machinery company.

BANQUET HELD AT LARIMORE

Address on "Hog Cholera" Was Feature of Social Evening—E. I. Olsen Presides.

Farmers and business men of Larimore and the surrounding country gathered in large numbers Friday night in the I. O. O. F. hall at Larimore for the banquet which was the feature of the social evening.

The feature of the evening was the address on "Hog Cholera" by Dr. E. I. Olsen of Larimore, who discussed methods of prevention and cure of that disease.

The afternoon session which was held in the Grand theater, at which a number of interesting addresses were given, was also well attended.

MANY HEAR HULT'S LECTURE

Convocation Address This Morning Proves One of the Most Interesting of the Year.

"The Glory That Was Greece" was the subject of a most interesting lecture given by Professor Gottfried Hult, professor of Greek literature of the university at convocation this morning. Dr. Hult is an authority on Greek literature and his presentation of the subject this morning was intensely interesting to the large number of faculty and students who attended.

Prof. Hult gave the geographical location of Greece and a brief history of the country as a beginning of his talk. He then told many interesting things about Delphi and Athens with special emphasis on the Delphi Oracle and its many tales of mythology. One of the most interesting parts of the talk was the subject of the Olympian games, a national festival held in Olympia. Dr. Hult described this in a vivid reality having attended a number of the Greek festivals himself when touring Greece.

In conclusion Dr. Hult dealt with the poets, the artists and the literature of Greece which is the best we have, and gave a reading of one of the poems in the English translation.

The special music of the morning was rendered by the quartet of the Methodist church, the Misses Jennie Gale, Agnes Moe, Prof. Eneycart and Herman Wolf.

THEY ALL DASH TO THEIR CLASSES

Beloit, Wis., March 13.—Both he and she students at the college are showing some speed nowadays. When the weather permits, they dash to classes dash to their meals, and dash to their shopping. The dashing is done on roller skates. The mad quest of speed has become so general that there is probability of organizing a traffic committee. The first move of the committee, it is believed, will be to adopt safety measures and erect signs at all dangerous corners, reading "Slow down to 10 miles an hour."

CLEAN-UP BOYS GIVEN BANQUET

Pledge Support for Another Campaign in City This Spring.

Gathering at the Y. M. C. A. building 156 strong, the boys who aided in the clean-up of Grand Forks last May, marched to the First Methodist Episcopal church, where they were guests at a dinner served by the Women's Civic league Friday evening.

Practically all of the boys present signed up for another similar campaign this spring.

Besides the boys who aided in the clean-up campaign, the officers of the various public schools of the city, and the officials of the Y. M. C. A. were present at the dinner. Thomas Forte acted as toastmaster.

Mrs. F. L. McVey spoke on the work which had been done last year in cleaning up the city, and urged the boys to join in the work again during the present season.

H. H. Tuttle, secretary of the Y. M. C. A. spoke on the importance of personal and civic cleanliness, and character improvement. Thomas Smith of the Belmont school and Joseph Cutler of the Winship school spoke for the boys.

Dr. S. Johnson gave several comic readings and music was furnished by the Y. M. C. A. male quartet.

WILL REMAIN AT LARIMORE

Reinoehl Declines Offer of Position as Superintendent of Public Schools at Devils Lake.

A. F. Reinoehl, superintendent of schools at Larimore will not resign his position in that city to take a similar position at Devils Lake as was previously announced.

Mr. Reinoehl was offered the position at Devils Lake, but decided that he would prefer to continue the work which he had well launched at Larimore and therefore declined the offer.

THOUGHT BIGGEST VICTORY, IT IS BUT SMALL GAIN

(Continued from page 1)

with much success against attacks planned by the only military genius the war has produced.

There will be satisfaction in England over the capture of Neuva Chapell, however, not only because positive gains of any kind are so rare for the belligerents in the west, but also because of the fact that Indian troops have been specifically mentioned as participating in the attack. Since the first appearance of the Indians on the European firing line, they have been circulating in England, concerning their inability to face artillery fire. These stories have never been published, but have been passed along by word of mouth. The punitive expeditions at home and in the South African war, gave the Indians no idea of the prowess of artillery. They discovered it the first time when they faced the Germans. Reports stated that the Indians were not only impressed by the artillery fire, but by the holes the projectiles made in the ground and the terrible booming and size of the guns and projectiles. They were moved from the first to the second trenches, until the Indian troops discovered it the first time when they faced the Germans. Reports stated that the Indians were not only impressed by the artillery fire, but by the holes the projectiles made in the ground and the terrible booming and size of the guns and projectiles. They were moved from the first to the second trenches, until the Indian troops discovered it the first time when they faced the Germans. Reports stated that the Indians were not only impressed by the artillery fire, but by the holes the projectiles made in the ground and the terrible booming and size of the guns and projectiles.
