ACCIDENT NEAR BARNESVILLE

Car Blown onto Main Track From Siding Cause of the Mishap.

Engineer Pratt of the Great Northern, residing in Grand Forks, escaped injury when train No. 30, which was pulling a stock car on the main line near Barnesville, Minn., at 1:30 o'clock this morning, two men in the car being killed, while 17 horses were also killed.

The stock car had been blown from the siding onto the main track. It was scattered along about 900 feet, dead horses being strewn along the track.

The men killed are Fred Bassett and Fred Lyons, either of Little Falls, Minn., or Albany, Minn. They were in charge of the stock car. The stock belonged to Kibbe of Pierz, Minn., and was being shipped to Hannaford, N. D.

Conductor Mayer of this city was in charge of No. 30 at the time.

GOOD SUPPORT IS GIVEN MOVEMENT

W. L. Dotson Getting Funds For Transporting Band to the Fair.

W. L. Dotson, head of the Musicians Progressive association, was in Grand Forks promoting the plan for taking the "North Dakota Boosters Band" to the Minnesota state fair.

Friday, September 10, has been fixed as North Dakota day at the fair, and Mr. Dotson says the plan for taking the big band to the exposition is being very favorably accepted by many cities of the state.

"This is to be a distinctly North Dakota movement," said Mr. Dotson today. "The band will be made up of players from all sections of the state. It is not, in any sense, a local proposition."

ATTEMPT AT BURGLARY FAILS

Thieves Try to Gain Entrance to the Green and Bates Homes—Shots Heard Late Last Night.

Burglars Saturday night attempted to rob the Green and Bates homes located in the double house at the corner of Cheyenne avenue and Sixth street, but were frightened away before they could gain an entrance.

It also is reported that a residence on Seventh street was tampered with the same night, but so far as could be learned, nothing was secured.

Last night residents on North Sixth street heard shots shortly after midnight, but could not learn the cause.

At the police station today a query brought forth the reply that "nothing had been reported."

The police, however, are working on the North Sixth street burglaries, but so far without success.

MRS. MARY KERR IS CALLED

Diabetes Responsible for Demise of Woman This Morning—Ill For Some Time.

Mrs. Mary Kerr, 1723 Dakota avenue, died at 7 o'clock this morning at her home, diabetes being the cause. She had been ill for some time past.

Funeral arrangements had not been made this afternoon.

A hotel at Wheeling, West Virginia, has been a topic of discussion here lately because it displays a sign: "If you spit on the floor at home, spit on the floor here. We want you to feel at home."

LOOKING FOR TOM HOLLIS; BILLS DUE

Confectionary Man Can't be Found and Creditors Are Interested.

Several Grand Forks merchants and business men would like to know the whereabouts of Tom Hollis, erstwhile proprietor of a little restaurant on lower DeMers avenue, near the bridge.

It seems that Hollis has left, leaving behind him a number of rather large financial obligations.

Tom Kady, who runs a confectionery store, is involved some way in the deal, but no one seems to know just how.

Kady, it is said, started Hollis in the restaurant business. On the strength of Kady's participation in the deal, a number of business concerns extended credit.

Later, they tried to collect, but could get no results. One business man got the police department after Hollis and \$14 were forthcoming.

Before any more could be extracted, Hollis left. At least, this is the report today.

Several have taken their bills to Kady, but he claims he had nothing to do with the affair.

The restaurant, it is said, was sold to two other Greeks, who came here from Canada.

WILLSON OUT OF RUNNING

Looses in Preliminary Round of Minnesota State Tennis Tournament—Weakened in Final Two Sets.

Fred M. Willson, who competed in the North Dakota state tennis tournament here, has been eliminated from the Minnesota tourney. Willson was put out of the running in the preliminary round, losing to Morris Lanpher, also of St. Paul, 1-6, 6-3, 6-3.

Lanpher was unable to get started in the first set, whereas Willson played a steady game, but in the final two sets Lanpher gained better control of his service and returns and Willson weakened.
