PETER VOLO WINS CASTLETON CUP

By so Doing 'He Sets New World's Record for Stallion for Two Heats.

Lettingon, Ky., Oct. 5.—Peter Volo, 2, 3 and 4 year old champion trotter, won the \$2,000 Castleton cup, the principal attraction of the opening day of the grand circuit meeting here yesterday in straight heats before a record crowd. In doing so, Peter Volo not only set a new mark for the race, but a new world's record for a stallion for two heats. His time in the first heat: 2:02 1-2 is the best made by any trotter in a regular grand circuit race this year, the only mark better having been set by Peter Volo in his match race with Lee Astworthy at Cleveland when he negotiated the mile in 2:02. In the first heat of the Castleton cup event, Peter Volo and Margaret Druen went out in front and raced head to head to the half, going the quarter in thirty seconds and the half in a minute. Margaret Druen then began to drop back. Peter Volo made the three-quarter pole in 1:31 1-2 and was then eased up, Margaret Druen finishing second. In the second and final heat Joan dropped in behind Peter and any Ross B. This order continued past the half mile post, where Ross B moved up and challenged the champion, Margaret Druen and Joan being a length behind. The quarter was reached in 31 1-2, the half in 1:01 1-2, the three-quarters pole in 1:31 1-4 and the mile in 2:02 1-4. Ross B beat Margaret Druen handily for second place. Peter Volo and his driver, Murphy, were given an ovation when the cup, donated by David M. Lock, owner of the stock farm, was presented to Mr. Murphy. Duchess, driven by McDonald, won the 2:10 heat in straight heats without difficulty. Exalt taking second money and Bonington third. The 2:07 class pace was easy for Fay Richmond, which won in straight heats. May Direct won the opening heat of the 2:14 pace, but the best she could do in the second was fifth. Margie Hal taking the third, and in the fourth May Direct came back strong, winning in a drive from Bud Elliott, Margie Hal being third, and in the fourth May Direct won easily, Margie Hal being second. The attempt of William, champion pacer to lower his record to wagon, set for yesterday, was postponed until today. East Grand Forks WOUNDED INDIAN ESCAPES POLICE

After Being Arrested For Highway Robbery, Made Dash.

Local authorities learned this morning that an Indian, who escaped from the custody of Patrolman Keller while being brought to the city police station last Friday evening for holding up and robbing a man on the DeMers avenue bridge, had been severely wounded and had recovered aid from a hospital in Grand Forks. Quickly Disappears. After Keller had arrived at the police station with his prisoner, it was necessary for him to release him for an instant to unlock the jail door. The big Indian took advantage of his release, and promptly proceeded to make his way to the park at the end of the fence around the jail and into the alley. Officer Keller at once drew his revolver and fired three shots after the fugitive, but did not suppose that any of his shots had taken effect. The next morning George Barlow of this city discovered blood spots in the front of his feed mill on Fourth street. It was learned this morning that the Indian had been hit by two of the bullets, one in each leg. He had managed to make his way to the park at the end of Fourth street, where he was found the next morning by a chimney sweep. The Indian confessed to the chimney sweep that he had been wounded, and was helped to a hospital in Grand Forks. After having his wounds dressed, he at once left the place, fearing that the police would locate him and place him under arrest again. ONE RECEIVES JAIL SENTENCE Butler, a Resident of City for a Year, Gets Thirty Day Sentence for Vagrancy. Business picked up considerably in local police court this morning, when fourteen prisoners were arraigned before Municipal Judge Rasmussen on various charges. Alfred Mopper, arrested on complaint of Joe Laboda, was fined \$10, and given a short time to leave the city. Mopper, after becoming intoxicated yesterday afternoon, left \$20 with Joe Laboda for safekeeping and received a receipt for the amount. He later came back for the cash, and refused to give up the receipt, stating that he had lost it. His story was believed, and he obtained the money from Laboda, but later returned with the receipt and demanded another \$20. He refused to relinquish the receipt to Laboda, who procured his arrest on the charge of drunkenness. Alva Butler, arraigned before Judge Rasmussen this morning on the charge of vagrancy, pleaded guilty to the offense, and was sentenced to thirty days at hard labor in the county jail. Butler has for the past year, made his home in East Grand Forks, refusing to work, and living on what he could "sponge" from his friends. The records of the prisoners, arraigned on minor charges, were given suspended sentences, and escorted to the outskirts of the city.

PLAYS IN OUTFIELD FOR THE PHILLIES

Beals Becker, New York and Cincinnati cast-off, is going to get a slice of the world's series coin this year. McGraw said Beals couldn't think fast enough for a big league club. But he has made a good record in the outfield for the Phillies and hopes to cover himself all over with glory in the big series.

- WAR DON'TS FOR WOMEN. 1. Don't be depressed. Your cheerfulness is a factor in the fight. 2. Don't be a bomb bogey, nor a sky scaremonger. 3. Don't have nerves. Just nerve will do nicely. 4. Don't talk war wherever you go. You probably know even less than the newspapers. 5. Don't knit socks for soldiers and sailors unless you either cannot afford to buy them or are over 60 years old. 6. Don't economize on food and spend on fripperies. 7. Don't be self-indulgent at the ultimate expense of the nation. 8. Don't interfere with the families of soldiers and sailors and neglect your own. 9. Don't dismiss your maids; unless you draft them into munition works and war equipment factories. 10. Don't keep your chauffeur. Insist upon his enlistment or dismissal. Then get a chauffeur and use your motor vicariously for wounded soldiers. 11. Don't, if you are one of the super-rich, be driven about with two able bodied men on the box. Send them into the factory line or the firing line. There are plenty of men over 40 and women under 40 who will drive you in your car safely enough these days. 12. Don't, if you are middle-rich, take taxis, if by taking busses you can afford to invest in the people's war loan. 13. Don't renege if your income is decreased and your taxes increased. Rejoice! Be thankful that you are privileged to supply "silver bullets." 14. Don't renounce theaters, cinemas or concerts. Go, and take someone who has been saddened by the war. 15. Don't denounce the "frivolousness" of 1915 fashions. Adapt your dress to the mode of the moment. It helps materially and ethically. 16. Don't tell everyone you meet about the war relief work you are doing. Don't over-express your energies; conserve them. 17. Don't rush round and try to help in eleven different organizations. Two, well and faithfully administered, will do nicely. 18. Don't keep your men folk from enlisting. Don't anchor them to the hearth by silken cords of selfish sentiment. Don't evade duty. Remember, it often takes a heroine to make a hero. 19. Don't think individuality. Think nationally. 20. Don't be stolid when a column of khaki marches bravely by. Smile! Cheer! Hearten them! Each man will face death for you. 21. Don't frown at apparently able bodied men under 40, not in khaki. They may be silent sufferers, or they may be serving the state in strenuous ways not patent to the passing eye. 22. Don't despise or sneer at the enemy. Wait and work. Be strong and silent. 23. Don't declare you "wish you were a man" and could go in the trenches. You know you would "funk it" and cry for your eiderdown and your morning tea. 24. Don't be superstitious! If your men folk are at the front, be
