"What are you doing?" "Nothin', Miss Mary; just killin' Chinamen."—Woman's Journal.

ALLEGED HOLD-UP ARRAIGNED TODAY

John Sobkh Before Judge Rasmussen This Morning—Trial Friday.

A daring hold-up perpetrated a week ago yesterday on the Great Northern depot platform, resulted in the arrest last evening of John Sobkh, a Belander, on the charge of grand larceny.

According to the story told by Joseph Stahnow, the alleged robbery victim, he had received a charge of grand larceny for the purpose of taking a late train to Bemidji. About 10 o'clock two men appeared out of the shadows near the depot, and grabbed him. They threatened him with a knife if he made an outcry, and while one of the thugs held him, the other went through his pockets, obtaining \$25.

Stahnow obtained a good description of the men, and yesterday pointed out one of his assailants to Officer Aldahl on DeMers avenue, who arrested him.

When searched, Sobkh had about \$50 in his possession. He was arraigned before Judge Rasmussen on the charge of grand larceny, and his case was set for Friday morning. In default of \$750 bond he was committed to jail to await trial.

Henry Matson, arraigned on the charge of vagrancy, pleaded guilty to the charge, and received a sentence of thirty days in the county jail at hard labor. He is also accused of the theft of a suitcase from Peter Anderson, a transient, from the Peterson saloon.

James Miller, Frank Collins and Charles Hill paid fines of \$5 each for drunkenness.

Fred Robinson, colored, of Grand Forks, arraigned on the charge of vagrancy, pleaded not guilty to the charge yesterday. Today, however, he changed his plea to guilty and received a sentence of thirty days at hard labor in the county jail. Sentence was suspended, however, on condition that he leave the city, and a special warning was given him that

YOUNQUIST WILL PROSECUTE

Swanson to Be Given Preliminary Trial Tomorrow Morning Before Judge Hanson.

County Attorney Youngquist will prosecute the case against Peter Swanson for second degree manslaughter in connection with the slaying of Charles Norton, the aged porter of the Lanox rooming house, who was killed over a week ago.

The preliminary trial will be held tomorrow morning, beginning at 9 o'clock before Judge William Rasmussen.

BOTH SIDES FIGHT FRAUDS

Each Faction Will Use Efforts to Prevent Illegal Voting in Coming Election.

An organized effort on the part of citizens of East Grand Forks is being made to combat the voting fraud that has been evident at some former city elections in former years. Unscrupulous friends of officeholders have cast illegal votes, and even transients have been used as voters when it was considered necessary to swell the number of votes for a candidate.

This year, however, plans are being made to have special officers from each faction stationed at each of the polling places to challenge every voter who does not appear to be entitled to a vote, and a determined effort will be made to see that the law against illegal voting is enforced.

COFFEE CLAIMS ITS VICTIMS BY HUNDREDS

Prominent Nerve Specialist Says Coffee Drinking Has Produced a New Disease—Chronic Caffeinism.

"There is a distinct type of cases," says Dr. Wm. M. Leshy, consulting neurologist to the Manhattan Eye and Ear Hospital, "among the poorer class of people, but it is means confined to them, or functions at nervous disorder (caused by coffee drinking), to which the elastic myopia, hypersthenia or chronic caffeineism in its broadest significance may be applied.

"The cases of neurasthenia, insomnia, loss of concentration, and loss of sleep, which are more or less pronounced. General headache and nervousness, apprehension in regard to some unknown impending trouble, mental depression and irritability, insomnia or restless sleep, bad dreams, and sudden starting in sleep, awakening in profuse perspiration, general tremulousness, and diminished muscular power, cardiac palpitation, loss of appetite, and constipation."

"NOTE—It is a fact worthy of note that the American food-drink-instant Postum has come widely into popular use and favor with the neurologist, and the healthful qualities of Postum has a favoring influence on the cases of neurasthenia, insomnia, and loss of sleep, and other nervous conditions."

THORSON WILL BE JUDGE.

O. A. Thorson has been elected by the city council as an election judge in the Fourth ward of the city.

He was appointed some time ago. As Mr. Hagstead is a candidate for the position of justice of the peace, he is disqualified from acting as election judge.

ABOUT 300,000 BABIES DIE BEFORE ONE YEAR

The Census Bureau estimates that 300,000 babies die in this country last year before the age of one year, and it is stated that one-half of these deaths were needless if all mothers were strong and infants were breast-fed.

Expectant mothers should strive to increase their strength with the strength-building fats in Scott's Emulsion which improves the blood, suppresses nervousness, aids the quality of milk, and feeds the very life cells.

Physicians prescribe Scott's Emulsion; it is doubly important during nursing. No alcohol. Every drug store has it. Insist on Scott's—the white-fish-liver-oil medicine. No advanced prices. Scott & Bown, Bismarck, N. D.
