MILL PAYING TOO MUCH FOR WHEAT

Attorney General Threatens Suit—Manager says Grain Price will be Continued.

Williston, N. D., Nov. 16.—That prosecution will be begun against the Williston Mill company, under state anti-discrimination laws, unless the local concern discontinues the practice of buying above the "flat" price for wheat is the statement of Attorney General Henry J. Lunde in a telegram to C. W. Johnson, president and manager of the company. Mr. Lunde states that a complaint has been filed in his office against the local concern.

Needs Best Wheat. "It is essential that we have wheat of the highest quality for the manufacture of 'Opportunity' flour," said Mr. Johnson. "Seeing to it that the mill is operating in the Williston market, we have found it at times necessary to pay above the regular 'flat' price in order to obtain a sufficient quantity of Opportunity wheat."

He also suggested that if Mr. Lunde or anyone else could show him a way to obtain this wheat for less money than he was paying, he is ready to be shown. "But until such time he expects to continue his present policy of paying for wheat at a price which is worth for milling purposes."

Some weeks ago complaints were filed against the elevator which was charged with paying above the market price of Williston in order to still a commission. A hearing was held in this city at which Assistant Attorney General Francis J. Murphy and Attorney Thomas Cheney represented the state.

Testimony taken at that time was admitted in the attorney general's office, but as the elevators here had returned to "flat" prices since the filing of the complaint, it was held that no further action would be taken.

A Local Question. Whether or not the attitude of the attorney general toward the local mill concern is the outcome of the hearing held here is unknown. Mr. Johnson stated that the company is buying wheat at no other point in North Dakota and therefore as a strictly local business concern it is not possible to make a comparison of the price of wheat at other points in the state.

WARNS AGENTS TO OBEY LAW

State's Attorney Will Hold Agents Responsible for Delivery of Liquor.

Williston, N. D., Nov. 16.—Railroad agents in Williston county are to be held strictly responsible for the delivery of intoxicating liquors into this territory, according to State's Attorney William G. Owens. Mr. Owens is making a public statement under the name of the county, calling their attention to the statements of United States District Judge C. E. Arnold of Fargo in his decision affecting the recent injunction suits which were brought against the railroads.

Mr. Owens in his communication to the state's attorney has declared that the federal court has in his opinion ample evidence has been submitted to sustain criminal actions against all agents in the county, calling their attention to the statements of United States District Judge C. E. Arnold of Fargo in his decision affecting the recent injunction suits which were brought against the railroads.

Mr. Owens in his communication to the state's attorney has declared that the federal court has in his opinion ample evidence has been submitted to sustain criminal actions against all agents in the county, calling their attention to the statements of United States District Judge C. BIG CLEAN-UP IS MADE IN MINOT

Sheriff Swoops Down on Booze Peddlers and takes Many in Charge.

Minot, N. D., Nov. 16.—The sheriff came down like a wolf on the fold and there was consternation in the camps of the vendors of whiskey and beer. Armed with warrants the sheriff gathered in a large number of those who are charged with vending intoxicating liquors in the city. The state's attorney's office has been working on the case for some time and the evidence has been carefully sifted and investigated. When the raid started there was nothing to do but pick up those named in the warrants.

Quite a number of John Does and Richard Roes are included in the pick-up which is due to the fact that a number of those named in the warrants are now people in the business in this city and their names are not known. Many of the culprits worked in pairs and groups and combinations. These combinations are indicated below. The several people rounded up under the clean-up orders follow:

Sam Linn and John Doe, Fred Hines and John Doe, Scott Clark and Anna Meyers Clark, John Wallace and Eva Wallace, Florence Hines, Mary Williams, Bonnie Merrill and Dorothy Doe, Florence Chester, Hugh Hagerly and Donald Blair, Ben Doe and Blackie Doe, who have been operating, according to the officers at the Northwest, under the name of Carrie Roe and Janet Roe, two women who have been keeping a place in the west end.

Richard Roe and Fred Talley, who are charged with operating under the name of the Northwest hotel.

William Anderson and wife, W. A. Fairbank and Dorothy Talley, the latter on a charge different from that in which he is charged in another information.

John Doe, who is charged with selling liquor in the New York pool room.

Ole Pay Rhode and Madge Roe. Some of the women charged with violations of the prohibition law have been selling from places under injunctions and they may later be charged with violation of the injunction order of the court.

NOT GUILTY IS VERDICT IN CASE. Devils Lake, N. D., Nov. 16.—Not guilty was the verdict of the jury in the case of the state against Arthur Conway, charged with assault with a deadly weapon in an altercation with August Jagow. Conway was charged with having used a gun. This was stoutly denied. It was the theory of the defense that the flash of fire which was seen during the fight was caused when a pipe of tobacco was struck, scattering sparks.

TWO BIG LOADS OF OATS MARKETED. Wales, N. D., Nov. 16.—The Wales Farmers elevator received two big loads of oats from the Geo. Bullock farm, west of Ruth Lake, which were recorded only for the purpose of the market. The loads weighed 208.20 bushels and 205.24 bushels. The elevator companies here are pleased to see the coming of grain from that section and believe that if the roads were improved some of the time it might help business materially.

AGED WOMAN HURT IN AUTO ACCIDENT. Oakes, N. D., Nov. 16.—Mrs. C. H. Ladd, aged 74, was seriously hurt in an automobile accident, one limb being broken, and she also was badly bruised and shaken up. Because of her age, the injury is more serious than would otherwise be the case. The car in which Mrs. Ladd was riding overturned, and she was thrown to the hard road with great force.

FARM HOUSE HAS NARROW ESCAPE. Valer, N. D., Nov. 16.—Alex Masteller was in the process of repairing a fire at his place down the river that had started in a vacant room upstairs from some unknown cause. Some of the neighbors came as quickly as possible and soon the fire was under control. The roof was burned through in several places. Mr. Masteller estimates the damage at \$1,000, which was fully covered by insurance.

STUB IS SPEAKER AT DEDICATION. Malton, N. D., Nov. 16.—R. G. Stub of St. Paul was the principal speaker at the dedication of the new Scandinavian Lutheran church, erected by the local congregation during the past year. About ten visiting clergymen of the denomination also participated in the exercises. The church building is one of the finest owned by the denomination in the state, and it is practically free from debt.

WOMAN DIES AFTER SHORT ILLNESS. Bismarck, N. D., Nov. 16.—Mrs. Harverson, Bismarck, born at Poyippi, Wis., in 1855, and who had resided in Bismarck since 1868, shortly after her marriage, died at her home here. The remains were taken to Wisconsin for burial.

YOUNG MAN IS CRAZY WITH LOVE. Wolford, N. D., Nov. 16.—Sheriff Reisinger and State's Attorney Sperry are over from Rugby for the purpose of taking into custody a young man named Charles Tiedeman, who has been seen rather queerly.

His particular form of dementia appears to be that he is in love with the eldest daughter of Mr. and Mrs. Jacob Maas of American Lake township, and that after being several times warned by Mr. Maas to keep away, he still persisted in visiting the farm, often in the dead of night when he would crawl among the buildings, and throw things at the windows of the house.

Mr. Maas finally got tired of being disturbed, and believing the lad to be mentally unsound, telephoned the sheriff to come over and take charge of him.

The sheriff took him to Rugby, and he will be given a hearing before the insanity board.

The young fellow, who is about 25 years old, drifted in here last summer and worked for W. H. Baker during the season, and afterwards worked for the Bismarck branch of the local woolen mill.

Everyone Should Drink Hot Water in the Morning. Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clear inside, to sour bile to coat your tongue and sicken your breath, to dull your head, to constipate, to feel nervous, to feel tired, to feel flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

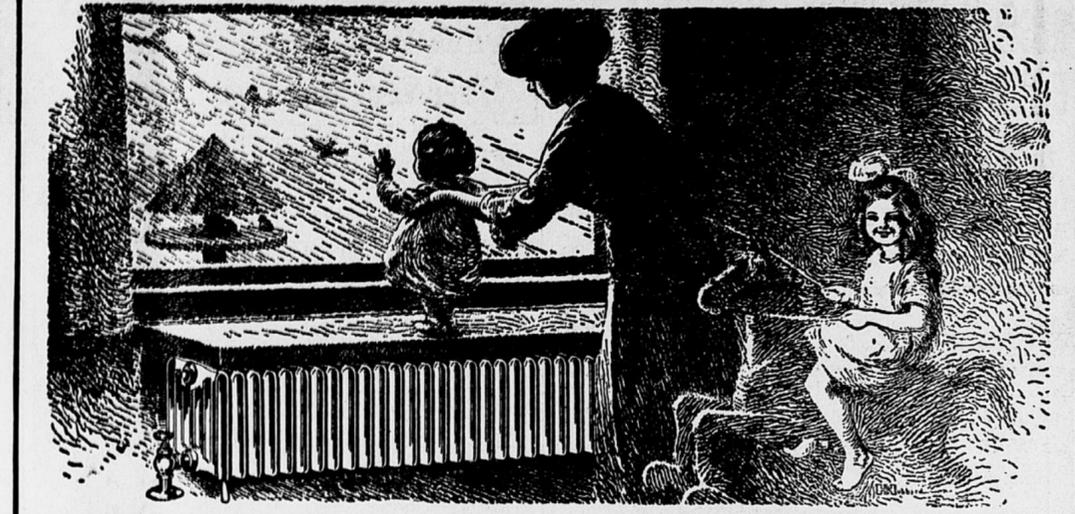

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink throughout the day water every morning to fill your system with these vital poisons and toxins, also to prevent their formation.

To feel the young folks feel; like you feel before your blood, nerves and muscles become saturated with an accumulation of body poisons, begin this treatment, and, above all, keep it up! An soap and hot water act on the skin, cleansing, sweetening and purifying, an limestone phosphate and hot water water sweep these poisons out of the stomach, liver, kidneys and bowels.

Dreary days made cheery!

When the long and depressing rains and rawness set in, the confinement to the home may easily become unbearable—even dangerous—if the rooms, halls and bays are not constantly flooded with the soft, genial warmth of radiator heating. Dampness, drafts, cold floors and fitful room temperatures are a menace—particularly in sloppy weather when children and old folks cannot throw off the hurtful effects of indoor inactivity. You can, on sodden or zero days, make an invigorating June-day climate in your home—day and night—absolutely guaranteed with an outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

In many cities and states the law now compels that all newly-built schools shall be outfitted with our ideal way of heating (all greenhouses, sanitariums and hospitals have long ago adopted and proved it to be the only perfect way). If your child is thus wisely, sanitarily protected in school, why not adopt this right way of heating in your home, since iron prices now rule so reasonable and IDEAL Boilers and AMERICAN Radiators can be so quickly and simply put into cottages, stores, churches, and other structures already built, in town or country.

No need to discard old heating devices until ready to start fire in the IDEAL Boiler—quickly put in, in the "dead of winter." IDEAL Boilers and AMERICAN Radiators are a substantial investment, as they will outlast the building. Their purchase will increase the sales and rental value of the building and they will soon repay their cost in savings in fuel, labor, repairs, and in the lessened house-cleaning and wear on carpets and furnishings. Write today for valuable book of heating facts, "Ideal Heating Investments." Six months cold weather still ahead!

Learn about this unfailing, stationary Vacuum Cleaner, at \$150. Our ARCO WAND Vacuum Cleaner has been in steady use for over three years, and no failures. It works through an iron suction pipe running to each floor of home—or other building. Keeps all rooms thoroughly cleaned of dirt, dust, cobwebs, moths, insect eggs, which are drawn to scaled dust-bucket in basement or side room. Lasts, without repairs, as long as the building it cleans. Sold in sizes at \$150 up. Ask for new catalog (free).

AMERICAN RADIATOR COMPANY

Sold by all dealers. No exclusive agents. Public Showrooms at Chicago, New York, Boston, Worcester, Providence, Philadelphia, Washington, Baltimore, Buffalo, Rochester, Pittsburgh, Cleveland, Cincinnati, Detroit, Atlanta, Birmingham, New Orleans, Indianapolis, Milwaukee, Des Moines, Omaha, Minneapolis, St. Paul, St. Louis, Kansas City, Denver, Seattle, Portland, Spokane, San Francisco, Los Angeles, Toronto, Bradford, (Ont.), London, Paris, Brussels, Berlin, Cologne, Milan, Vienna.

SHERIDAN MAY HAVE AN AGENT. Culbertson, Mont., Nov. 16.—There is much interest here over the fact that Sheridan county bids fair to have a county agriculturist. Two more agents are available for Montana and only one has been named, and that is Sheridan for an agent, Sheridan and Musselshell. At present there are eight agents in this state. The agents' duties will be almost purely advisory, helping the farmers in this way to farm scientifically. The county commissioners recently voted an appropriation of \$100 per month toward paying the salary of the agent. One-third of the expenses are furnished by the county, the rest by the United States department of agriculture and the state.

NEW MILL IS BEING ERECTED. Culbertson, Mont., Nov. 16.—Work has started on the new flour mill to be erected here by C. S. Wedge & Son. The site was secured near the railroad yards this week and workmen began laying the foundation yesterday. It is planned to have the work completed in about two months if the weather permits. The latest milling machinery will be installed.

NARROW ESCAPE WHEN AUTO TURNS. Craty, N. D., Nov. 16.—W. H. Walker narrowly escaped a fatal accident while returning in his auto from the reservation, south of Jim Lohness' farm. While trying to get out of a rut his car turned turtle, and held Mr. Walker a prisoner until Mr. Shirley of Warwick, who was driving a short distance ahead, lost sight of him and fearing an accident had happened turned back, and came to his timely rescue. Mr. Walker was only slightly bruised.

RISE YIELD. Minot, N. D., Nov. 16.—D. R. Laughridge from west of the city, reports a yield of 46 bushels of wheat per acre from a 15-acre patch. A portion of that land was never farmed before. It has been treated well and broken deep, then harrowed until it was as fine as a garden. This is the best yield Mr. Laughridge has ever received during the season.

SERIOUSLY HURT WHEN HORSE RUNS. Egeeland, N. D., Nov. 16.—While driving to town to consult a dentist, Miss Olga Olson of Starkweather, who is employed on the Archie Carrie farm, was thrown from a buggy when her horse became frightened and was badly injured. An automobile was passing the rig when the horse became unmanageable, throwing Miss Olson and a gentleman riding with her, to the ground. The man escaped unhurt but Miss Olson was so badly bruised that she was taken to a doctor's office where she received treatment.

NEARLY LOST TEN HEAD OF HORSES. Wolford, N. D., Nov. 16.—Fire which destroyed a barn on Joseph Stoll farm, near here, nearly cremated ten head of horses, only the effort of two sons of the owner saved them. A prairie fire caused the destruction of the barn.

The boys made their way into the barn, and had barely reached the horses when the flames were upon them. The horses were so scorched before they were brought out.

Stoll has a heavy loss in the destruction of the barn and grain.

HEAVY SNOW FALL IN WILLISTON. Williston, N. D., Nov. 16.—Rain, beginning early Sunday, turned into snow during the forenoon and gave Williston county and neighboring North Dakota the first touch of real winter. The rain which preceded the snow was one of the heaviest of the year and Observer Craig of the local weather bureau reports that with snow

and rain a total of 1.69 inches of moisture fell on last Sunday. Roads were made almost impassable as a result of the heavy precipitation, but with farm work all well along practically no damage is reported as a result of the sudden coming of winter. The snow extended only a short distance into Montana on the west, but was heavier until well past Minot and snow fell over western North Dakota and Minnesota.

HORSES KILLED BY SOO TRAIN. Fordville, N. D., Nov. 16.—Both horses driven by Elmer Neele of this city were killed when a Soo line train ran down the outfit on a crossing in this city. Neele was thrown from his wagon underneath a car on an adjacent track. The horses were thrown up against

the other car, and were killed by the terrific force of the impact. Neele, while partially dazed when rescued, will not suffer any permanent injury.

AGED MAN DIES IN NORTHWOOD. Northwood, N. D., Nov. 16.—Iver Berge, who has been making his home with Mr. and Mrs. Thor Lieberg, passed away. He was 90 years of age. He is survived by his venerable wife and four children, the latter being Mrs. Thom Lieberg and Joe Berge of this city, and Olaus and Amand Berge of Iowa. Mrs. S. H. Hagen, who died some years ago at Plaza, N. D., was a daughter, and there are two others deceased.

Resinol Soap clears bad complexions. If you want a clear, fresh, glowing complexion, use Resinol Soap at least once a day. Work a warm, creamy lather of it well into the pores, then rinse the face with plenty of cold water.

It does not take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the pure soap, free of alkali, is cleansing it.

When the skin is in a very neglected condition, with pimples, blackheads, redness or roughness, spread on just a little Resinol Cream for ten or fifteen minutes before using Resinol Soap.

Resinol Soap is not artificially colored. Its rich brown being entirely due to the essential ingredients it contains. A few drops can be added to the water used for bathing. For a trial size can, write to Dept. A. B. Resinol, Baltimore, Md.
