ARMY WINS

New York, Nov. 27.—The Army defeated Navy, 14 to 0.

New York, Nov. 27.—Men who govern and guard the nation, of whom President Wilson is the most prominent, are here in thousands as spectators at the annual West Point-Annapolis football game.

Streets and hotels are gay with the gold and gray of the army, and the blue and gold of the navy. Admirals, generals, cabinet members, senators and representatives are as much in evidence and policemen. It is estimated that 25,000 persons came from outside cities to see the contest.

The great double-decked stands at Brush Stadium, where the major league baseball clubs play baseball all summer, began to gather brilliant throngs hours before the game started at 2 o'clock.

The gridiron had been groomed to billiard table smoothness, and its condition gratified adherents of the navy, who wanted a fast, dry field. Betting favored the Army on its record.

President Wilson's party, which arrived in New York aboard two private cars attached to a regular train, included Mr. Wilson's fiancée, Mrs. Galt; Mrs. Bolling, Mrs. Galt's mother; Miss Bertha Bolling, Mrs. Galt's sister; Secretary of War, Mr. McAdoo; Mrs. Anne Howe, the president's sister; Mrs. Anne Cothran, daughter of Mrs. Howe, and her little daughter, Miss Josephine Cothran; Secretary of the Navy, Mr. C. D. Brown; White House physician.

At the game President Wilson first sat in a box on the navy side of the field, and arranged to sit on the army side during the second half.

UNITED STATES WILL NOT GIVE ANY RECOGNITION

Overseas Trust Fails to Get Sanction of the Government.

OPERATIONS UNSATISFACTORY

Could Not Take Part in Movement That Contemplates Preference.

WASHINGTON, NOV. 27.—Great Britain has informally asked the United States if it would unofficially approve

of the trust in to organize subsidiaries in neutral countries, and that measures of supervision are to be given the British government by permitting access to the books of the concern in neutral countries. Sweden informed Great Britain that she would not approve of such a plan.

State department officials declared that the overseas trust organizers now realize that they could not hope to get moral assistance from the American government so long as their plan contemplated preferential treatment for one set of American shippers as against others.

That feature now has been abandoned, but the representatives of the trust in London are negotiating with the British government to the end that the latter will have no connection with the new organization.

FEDERAL RESERVE BANKS OF UNITED STATES PRAISED

Edmund D. Hulbert Says They Saved Nation's Finances.

Chicago, Nov. 27.—Praise for the federal reserve bank and the effect they have had in finances of the nation was voiced before the conference of the Western Economic society by Edmund D. Hulbert, Chicago banker, who today reviewed the present financial conditions.

Conditions Changed. Hulbert said that no one familiar with the facts could doubt that had the federal reserve banks been in operation in August, 1914, as they are now, there would have been no suspension of payment in this country.

Violent contractions in money and credit are always followed by periods of expansion which, if unchecked, lead almost certainly to another crisis," said Hulbert. "We are now passing through just such a period of expansion. The function of the federal board to contract credits in a period of over-expansion is just as important as its function to expand credits in time of excessive contractions."

ADDITIONAL LANDING PLACES IN GREECE OPENED TO THE ENTENTE; SERBS RETIRE OVER BOUNDARIES

GROWING INDICATION THAT ALLIES WILL SEND TREMENDOUS ARMY INTO BALKAN CONFLICT; RUMANIA QUIET

While the Serbians continue to be driven nearer the border of their country and at points have retreated over it, the entente allies apparently are placing a formidable army in the Balkans. Allied troops in large numbers continue to be landed at Saloniki, says a news agency dispatch from that city.

Permission for landing allied forces at other Greek ports has been obtained from the Greek government, according to unofficial advices from Athens.

Some 125,000 men are said already to have embarked at Saloniki, while 40,000 or 45,000 more are on the way.

Semi-official announcement in Berlin gives the number of Serbians taken prisoners by Austro-German and Bulgarian troops at 101,000.

BANKS DO NOT ALL OBEY USURY LAWS

John S. Williams Says He Hopes Bank Associations Will End Practice.

Washington, Nov. 27.—In reply to criticism of the American Bankers' association in connection with his declaration that many national banks charge usurious interest rates, John Skelton Williams, comptroller of the currency, issued a statement last night again giving instances of such practices.

Do Not Obey Law. Mr. Williams said it was true that a majority of the national banks obeyed the usury laws of the various states, but that the reports rendered to him showed, as he announced in speeches and previous public statements, that this was far from being universally true.

The only states where there were no national banks which admitted under oath in their statements of September 2, 1915, that they were charging as high as twelve per cent on any of their loans were "Connecticut, Delaware, Mississippi, New Hampshire, Rhode Island, Vermont and Wisconsin," he said.

Mr. Williams said he had no doubt now that Dr. E. M. Simpson handled the party fund, but he did not know this at the time. He declared that if Mr. Simpson had contributed to the fund it was purely "charitably on his part, and unknown as a witness."

HEINIE SCHULTZ TO BE INTERNED

New York, Nov. 27.—Heinie Schultz, who says he is a deserter from the German army, was ordered excluded from the United States by a special board of inquiry at Ellis Island yesterday. Owing, however, to the fact that if he returned to Europe at present he would be imprisoned by the British, he was ordered interned on Ellis Island until the end of the war.

Would be Imprisoned by the British if Sent Back to Europe at this Time.

Schultz arrived as a stowaway on the Holland-American liner "Noorddyk." He said he fought at Liege, Antwerp and the battle of the Marne, and that in the latter battle most of the men in the division to which he was attached were killed. Little Display of Enthusiasm

Baltimore, Nov. 27.—Henry Ford called upon Cardinal Gibbons to pay his respects, and outline his plans for his proposed expedition to Europe. The cardinal devotedly schooled Mr. Ford's hopes for a successful fulfillment of the project by Christmas, but he was adverse to giving it his formal approval. He said he felt there were too many formidable difficulties in the way to hope for its successful culmination.

Mr. Ford asked Cardinal Gibbons to suggest the names of prominent persons whose interest he thought could be enlisted, but the cardinal said he preferred to leave that to Ford's own judgment. Ford, upon leaving the cardinal, departed for Philadelphia to see John Wanamaker.
