## "Black Sheep."

From their folded mates they wander far,  
Their ways seem harsh and wild;  
They follow the beck of a baldfar  
Their paths are dream-beguiled.

Yet happy they sought but a wider range,  
Some loftier mountain slope,  
And little reeked of the country strange  
Beyond the gates of hope.

And happily a bell with a luring call  
Summoned their feet to tread  
Midst the cruel rocks, where the deep  
Midst the lurking snares are spread.

Maybe, in spite of their tameless days  
Of outcast liberty,  
They're sick at heart for the homely ways  
Where their gathered brothers be.

And oft at night when the plains fall dark  
And the hills loom large and dim,  
For the shepherd's voice they mutely  
hark,  
And their hearts go out to him.

Meanwhile, "Black sheep! Black sheep!" we cry,  
Safe in the inner fold;  
And maybe they hear, and wonder why,  
And marvel out in the cold.

—Richard Burbon.

Most Nutritious Food Sold in Grand Forks

Grand Forks women should know that "Minnesota" macaroni, besides being so delicious, is also four times as nutritious as beef-steak and six times as nutritious as potatoes.

"Minnesota" macaroni contains more proteins than most foods and is therefore more strength giving and less fattening. If it is served often in place of meat the whole family will be much healthier. And, besides, it will reduce the cost of living as "Minnesota" macaroni costs only one cent a dish.

There is a big difference in macaroni as sold in the stores. Inset on "Minnesota" macaroni, made from genuine Durum wheat, with all the wonderfully nourishing gluten left in. You can get it in long pieces or cut into uniform lengths.
