CANDIDATE FOR DISTRICT JUDGE

Judgeship in Center of Interesting Battle in Four Counties.

Minot, N. D., Feb. 18.—With F. B. Lambert's announcement that he is a candidate for judge of the district court of the Ward-Renville-Burke and Divide county district, and the certainty that W. E. Leitch will be a candidate to succeed himself, coupled with the further possibility that Geo. Everson of Mohall, formerly of Grand Forks, will enter the field, the judgeship of this district has become the center of an interesting battle.

ENJOYED HIS WORK AS WAR SECRETARY

General Hugh L. Scott.

Following the resignation of Secretary Garrison of the war department, Major General Hugh L. Scott, army chief of staff, took over the duties of the office. The work proved very enjoyable to the famous old general, whose latest photo is shown above.

division now than there were three years ago notwithstanding the tremendous increase in the mail created by the parcel post and the general business stimulant, the postoffice department has cut down the number of clerks, with the result that the service is inefficient. The charge is made that mail is being carried past the point of delivery time and again, and that it is necessary to double the mail back on the next trains.

H. H. PERRY WILL BE SUPPORTED

Williston, N. D., Feb. 18.—An organization of local democrats to support the candidacy of H. H. Perry, as opposed to John Bruenger, is being formed. The organization closely follows the launching of a similar organization by the Bruenger supporters. The Perry faction will make a determined effort to win the county away from Bruenger.

PETITIONS ARE CIRCULATED

Ward Co. Commissioners Asked to Rescind Settlement in Loan Co. Case.

Minot, N. D., Feb. 18.—Petitions asking the board of commissioners of Ward county to rescind the settlement of the case of the State Loan company, against Ward county, by which settlement the county accepted \$3,000 in payment of taxes aggregating \$11,000, are being circulated in Minot and will be presented to the board shortly.

In the petition, the commissioners are asked not only to rescind such settlement, but they also are asked to institute proceedings against the State Loan company, for the recovery of all of the taxes originally assessed. The settlement between the county and the State Loan company, was made after the loan concern had started suit against the county to have the assessment set aside as excessive and illegal.

Settlement was perfected by the county under a provision laid down by the legislature, since declared unconstitutional, by which provision the legislature attempted to create a basis for the settlement of all old assessments which might, at that time, have been placed in jeopardy through litigation.

The provision was made a part of the moneys and credits act of the state legislature, since declared unconstitutional in its decision on this issue, the supreme court took occasion to score quite roundly the inclusion of certain features in the law.

Under the provision in question, the counties were authorized to accept 25 per cent of the moneys and credits taxes that might be tied up in litigation, and it was such settlement that Ward county made. This settlement is now contended, was illegal and without warrant of law, in view of the fact that the measure under which it was made has been since declared illegal.

While the petitions are now being circulated in the city of Minot, particularly among delegates to the equity convention, they will also be generally circulated in the county before presentation to the commissioners.

Of course, you can buy cheaper teas, but

"SALADA"

is undoubtedly the most economical and what appears to be 'cheap' in price will prove to be extravagant in use. The fresh young leaves of "Salada" will yield you generous value for your money.

When the other fellow asks

"Where Are You Stopping?"

you feel just a bit of pride, and justly so, in saying

The Dacotah Grand Forks

It at once puts the other fellow in a correct mental attitude toward you. He knows The Dacotah to be Grand Forks' Leading Hotel and he immediately implies that you must be O. K. if you choose the right "Away-From-Home" Home.

When Mother Bakes

She knows that right results cannot come unless she uses the right materials. The wrong baking powder, poor flour, bad shortening, or a poor stove, will spoil every thing. The good cook proves her materials by experience. But she must know what to try and for that reason she likes to keep posted. She finds it pays her to read the advertising in The Grand Forks Herald. It tells her from time to time of the new food products and the stores that sell them. In fact, the advertising columns are an educational course in domestic science.
