

**CLUB PLANS BIG DAY THIS WEEK**

Bismarck, N. D., June 24.—In view of the celebration of July 3 and 4, in which all of the citizens of Bismarck are interested, and as the Country club members will want to participate in many of the events, it has been decided to make Thursday, June 23, a feature day at the club. A nine-hole handicap golf tournament for men, commencing at 4:30 o'clock p. m. and continuing until 9 o'clock, will be one of the features. Entrants may commence playing at any time so as to finish before dark. This tournament is in the hands of a committee who are offering substantial prizes to successful contestants. Other features will be a putting contest for ladies at 7:30 o'clock with

a prize for the winner of the event. There will be a basket picnic supper at 8:30 p. m., with members making up their own parties and bringing their own lunches. The Elks band will give a concert in front of the club house from 8 to 9 o'clock p. m., followed by an informal dance. Committees of club members will have charge of the various events. It is expected that this will be one of the big days of the year for the Country club.

**MANY COYOTES ARE KILLED IN STATE**

Williston, N. D., June 26.—Williams county is certainly making war on the coyotes this spring. Pelts have been brought in to the auditors office every week but last week was the banner one as far as numbers were concerned when 120 pelts were brought in for the bounty. One man brought in 42 and another 21. They get a bounty of \$2.50 for each one killed.

**WILLIAM LANGER**

Republican Candidate for Attorney General.

Born in North Dakota, educated in the common schools and at the universities of North Dakota and Columbia, New York. Graduated as valedictorian of his class at Columbia. A member of the law firm of Langer & Nuchols, of Mandan, North Dakota.

"The Fighting States Attorney of Morton County." Nominated and elected after two of the bitterest struggles in the political history of Morton county. At the first term of the district court convicted 48 out of 44 offenders arraigned. Have made Morton County the "driest" county in the state, without any additional tax burden to the people.

Investigated condition of the public schools in Morton County. Without having to arrest any parents, in the month of November took action and caused hundreds of school children, not attending school to re-enter the schools. Caused school officers to furnish proper books and equipment and sanitary surroundings for the children and the erection of flag poles and the purchase of flags by the school officers of the county.

Called attention to the industrial leased sites which were occupying taxation throughout the state, and was complainant and one of the attorneys in the case of the Northern Pacific Railway Company vs. Morton County in which the Supreme Court decided that these sites, involving \$30,000,000 worth of property, were taxable.

As states attorney, have been very active in enforcement of all laws—considering the most unimportant law on the statute books to be worthy of enforcement.

If nominated and elected attorney general of North Dakota, my policy will not be changed and I will earnestly endeavor to enforce all of the laws, all of the time, in all sections of the state.

**THE WINNING SPECIAL TRAIN**

Call of duty answered by Colonel Fraine and 900 loyal North Dakota patriotic youths.

Not crowded with politicians, surrounded by Pullman and Parlor car comforts, from which to extoll the virtues of a rainbow platform, but on a troop train in serious, determined expression and purpose, unattended by thought of personal conveniences or desires, this representative man has dropped all personal interests and with his loyal militiamen is rushing to concentration camp to be ready when called, to the protection of the stars and stripes.

In just this same measure will John Fraine care for your interests in the state. His personal ambitions come after duty. Has any candidate for any office ever proved this in so forcible a way?

He rests securely on his record as written in the annals of our state. His views on all state questions are clearly defined. He stands out as a regular Republican, ready to accept a platform formulated by the Republican party.

His friends ask you to do your duty by this man, John Fraine, at the polls on Wednesday, June 28, 1916.

**Halvor L. Halvorson**  
DEMOCRATIC CANDIDATE FOR  
**GOVERNOR**

A staunch progressive with an able executive record. Four years President of Minot City Commission. A well known Democrat, twice nominated by his party for Congress and once for State Treasurer. A forceful public speaker of recognized ability. If nominated will make a state-wide campaign for election and command the united support of his party.

A vote for Halvorson means party unity and Democratic success in November.

**Dr. L. S. Platou**

Democratic candidate at the primaries on June 28 for governor of North Dakota. If elected I promise to give the state an administration for all people based on good business principles and also with a view of administering the affairs of state economically as is consistent with good government. Have no pledges to make, only that I will do my best, if elected, to perform the duties of governor solely with a view of representing the people of the state.

MINOT, N. D.

June 24th, 1916.

Fellow Democrat:—

We must nominate Halvor L. Halvorson of Minot for Governor. If we do this we can elect a governor in November. The Republican party is split into at least four distinct factions. No matter whom the Republicans nominate, we can win in the fall with the right kind of a candidate.

Halvorson will command the support of all classes, farmer, business man, tradesman and wage earner. He has the respect and confidence of all. He represents no faction—and has never been identified with any factional strife within our party. Our party united will support him.

Halvorson has a personality that wins—he is one of the best public speakers in the state—he is young and energetic—he will and can make a winning speaking campaign. His personal life and public record is above criticism—and his Republican opponent will not have a single argument against his candidacy. He has the largest following of any democratic candidate. We are behind him in this part of the state unanimously. Won't you join us?

Think this over from all sides—and then work for Halvorson and see to it that your county gives him a big majority at the primary next Wednesday. Halvorson will appreciate it and we will too. And we will count you a member of the Halvorson club right up until the November election.

Yours sincerely,
