

Review of Live Stock Market

South St. Paul, Oct. 12, 1915.
Cattle price tendency lower. With around 21,000 cattle on the market the first two days this week, the killing cattle market broke fully 25c. Sellers find it impossible to resist bearish influences effectively in the cattle department this week. The continued generosity of supplies here and the wobbly market at other points for the grassy kinds of killers predominating here gave buyers an advantage of which they naturally western range steers are selling from \$7.00 to \$7.75, fair to good \$6.25 to \$7.00. Good to choice western range cows and heifers \$5.75 to \$6.50. Good took full advantage. Good to choice to choice native killing steers \$6.50 to \$7.00, fair to good \$6.00, to \$6.50, common to fair \$5.50 to \$6.00. Canning steers \$4.00 to \$4.75. Good to choice native killing cows and heifers \$5.25 to \$6.00, fair to good \$4.50 to \$5.00. Cutters \$4.00 to \$4.25. Cannors \$3.25 to \$3.75. "Shelly" old cows around \$3.00. Butcher bulls are landing around \$5.25 mostly. Bolognas \$4.75 to \$5.00. Common and light bulls \$4.00 to \$4.50.

Veal calves held steady this week. Tops \$10.50, seconds \$8.00 to \$8.50, culis \$6.00 to \$6.75, medium weights \$3.00 to \$9.00, heavies \$5.50 to \$6.50, weiners \$3.50 to \$4.50.

Stock and feeding cattle market is fully 50c lower than ten days ago and common stuff even more. Conditions grew worse instead of better from sellers' viewpoint in the stocker and feeder division this week. For the man who wanted to invest in finishing cattle the best bargains obtainable in some time were to be had as the result of continued weakness in the market. Select fleshy feeders \$6.50 to \$7.00. Feeding steers 900 to 1750 pounds \$6.00 to \$6.50, fair to good \$5.50 to \$6.00, common to fair \$5.00 to \$5.50. Stock steers 600 to

800 pounds, good to choice \$5.50 to \$6.00, fair to good \$5.00 to \$5.50. Yearlings and calves good to choice \$5.25 to \$5.75, fair to good \$4.50 to \$5.25. All common stuff finding outlet to packers only, the bulk of them going from \$4.00 to \$5.00. Stock heifers are a big half dollar lower, common ones even 75c lower than ten days ago. \$5.00 is buying a pretty good grade of heifers. Good to choice heifers \$4.75 to \$5.25, fair to good \$4.25 to \$4.75. Stock bulls, good to choice, \$4.75 to \$5.25.

Milkers and springers held about steady on the close-up kinds, while backward cows are neglected. A good many are finding outlet over the scales. Good to choice cows \$65 to \$75, extra good more, fair to good \$55 to \$65, common, fair and backward cows \$35 to \$50, or over the scales.

The hog market this week ruled 15c higher, range of sales going from \$7.75 to \$8.25, bulk of sales \$8.10 to \$8.25. Pigs sold mostly at \$6.00 to \$6.50.

The sheep market held steady for the week. Top lambs \$8.00, seconds going around \$7.00, \$5.50 top for light ewes, heavy ewes are bringing around \$5.00, fair ewes around \$4.50, bucks \$4.00 to \$4.50. Feeding lambs \$7.00 to \$8.00. Feeding ewes \$4.50 to \$5.50. Feeding wethers \$4.50 to \$5.75. Yearlings \$5.50 to 7.00. Breeding ewes \$5.00 to \$6.50.

Very truly yours,
J. R. KIRK COM. CO.

RECORD WISHES SUCCESS.

Carrington Record: A new state weekly has made its appearance, and it is called the Nonpartisan Leader. We have not seen a copy of the new publication, but understand it will be the official organ of the Non-

partisan League. It has entered a field of usefulness in spreading the gospel of nonpartisanism, as the people are sorely in need of fearless, radical papers, that are not controlled or in sympathy with the entrenched interests. It is practically impossible to get the real truth in the daily papers, and while they may not be getting any money for fighting for the established order, most of the big dailies are controlled and edited by men who are a part of the pres-

ent system of and profiting thereby. Every farmer and producer should read at least one so-called radical paper, and one that is fighting for the farmer and producer as against the interests that they have been paying unreasonable toll to for so long. The Record sincerely wishes the new paper abundant success.

The Nonpartisan League is a bad thing—for the big fellow. The worse it gets the better well like it.

FARGO, N. DAK.

To the Grain Growers of North Dakota:

In 1911, there was formed, by farmers, a corporation, for the handling of grain on terminal markets, known as the Equity Co-operative Exchange. It began business in Minneapolis, Minn. and Superior, Wis. August 1st, 1912—a little more than three years ago. It began in opposition to the most strongly entrenched combine in our land—The Minneapolis Chamber of Commerce. By that institution we have been maligned and slandered from the public platform and in the subsidized public press; and have been persecuted in the courts.

But through it all we have won. We are handling now over 500,000 bushels of grain each week; and prospects are that this will soon be increased to a million.

We are building a terminal elevator in the city of St. Paul, wherein grain may be dried, clipped, and cleaned for the benefit of the farmers. We need your co-operation. Buy a share of stock which sells at par for \$50.00. Consign your grain to us at St. Paul and Superior, Wis. Help us grow, grow with us and become a part of our great purpose.
