COULDN'T CORNER HIM

The small-town liar had been to the city. He made a lot of extravagant statements about what he saw. Knowing his constitutional habit of stretching the truth, the crowd he was talking to waited to catch him in some patent falsehood, so that they could make him admit his lying. Finally he said he saw a building a mile high.

"Oh I guess you don't mean quite that high, do you Sam?" asked a listener.

"You bet I do," said Sam. "It was exactly a mile high by official measurement."

"Well," said his questioner, "I lived in that city many years, the last time just before the war. I never saw any building that high."

"Of course not," said Sam. "Nothing was as high before the war as it is now."

PREACHING AND PRACTICING

From an Arkansas paper: "Owing to the illness of Miss Ann Abel we have been omitting the weekly health letter written by her."

Governor Preus of Minnesota says that "life, liberty and happiness," guaranteed by our Constitution, really means "life, liberty and PRIVATE PROPERTY." The next thing we know he will be amending our Declaration of Independence to read: "All millionaires are born equal."

THE NATIONAL FARM BUREAU BULLETIN DECLARES THAT "CONSUMPTION" TAXES ARE JUST. BUT THE SALES TAX BY ANY OTHER NAME SMELLS AS BAD.

PRESENCE OF MIND

Presence of mind is a great thing. A boy came running to his father with the news that a man had fallen through the open coal hole. "Clap the cover on quick and call the policeman," said the father. "We must arrest him for trying to steal our coal or he will be suing us for damages."

Letters From Our Readers

A SUGGESTION

Editor National Leader: I want to suggest that every member of the Nonpartisan league send a postcard to A. C. Townley wishing him a Merry Christmas and a Happy New Year. Mr. Townley is the greatest leader that we farmers ever had, so let us show him that we appreciate what he has done for us and also astonish his enemies by piling up 500,000 postcards at the Jackson county jail.
 Hinckley, Minn. S. KERN.

ABOUT BOUCK

Editor National Leader: I see from letters in the Leader that a brother from Idaho, also another from Espinola, Wash., are true Americans. We need more of them.
 Will say a few of us "mossbacks" out here on the Coast have canceled our subscription to the Washington Farmer, because it has been taking too much interest in Brother Bouck's troubles. For two reasons I believe Brother Bouck is right. No. 1—He was re-elected state master of the Grange after he had delivered that address, by our Grange delegates. No. 2—The Washington Farmer and all of

MOTHER-IN-LAW WIT

A man was particularly put out because his mother-in-law had "sat down" on him for a long visit. He couldn't control his temper and showing his displeasure on every possible little occasion. To placate him his mother-in-law one day baked a fine lot of biscuits, of which the man was particularly fond. He tasted one.

"They are not fit for a dog," he said, pushing them away.

"But I didn't bake them for a dog," she said. "I baked them for a miserable little puppy."

The old Scotchman said that all whisky is good, but some is better. Likewise all standing armies are bad, but some are worse.

CHEAP LIFE

"Yes, my friends," said the lecturer, "in China human life is considered of very little value. Indeed, if a wealthy Chinaman is condemned to death he can easily hire another to die for him. In fact, many poor fellows make their living by acting as substitutes."

THE CONGRESSMAN WHOSE CONSTITUENTS ASKED HIM TO GET TAXES REDUCED MUST FEEL LIKE THE BALDHEADED MAN WHOSE SWEETHEART ASKED FOR A LOCK OF HIS HAIR.

CAUSE OF PAINS

Little Mary was told that her pain in the stomach was caused by her stomach being empty. When the guest at dinner later remarked that he had a headache, little Mary of course told him it was because his head was empty.

THE GOOD OF THE HUMAN RACE DOESN'T DEPEND ON THE MOST FLEET.

FOOL QUESTIONS

City Man—"Did you hatch all those chickens yourself?"

Farmer—"No, my friend, the hens hatched some of them and an incubator the rest."

the rest of the capitalist papers have been opposing him. What we need is more men like Brother Bouck who will dare to speak the truth. Let's stick!
 LESLIE BROWN.
 Emerson, Wash.

WOMEN AND WAR

Editor National Leader: I anxiously look every week for my Leader, as every copy has something of particular interest in it to me personally, and to all the people of the earth in general. On the woman's page is notice of a Pan-American congress of women next year. Though the women do not directly fight our battles with shot and shell and play the game of hell, they can and will accomplish what the slaughter of 17,000,000 human lives utterly failed to do—bring peace to the world by their quiet, motherly and kindly ways, and the training of the present generation, and putting John Barleycorn out of commission.
 Two things which seem most important to me for this congress is peace on earth and a universal language, making Esperanto compulsory for all high school graduates. What could 100 delegates accomplish speaking

100 different languages? So far, our great statesmen have given us war and lost everything, more than figures can express. But there is hope, for we are told that the "meek shall inherit the earth."
 K. BEZEMER.
 Willapa, Wash.

REMEMBER HIM

Editor National Leader: As Christmas draws near let us not forget that he who fought our fight and faced the hell-hounds of high finance and big business since the spring of 1915, when that band of farmers were told to "go home and slop their hogs," will spend his Christmas behind the bars of the county jail at Jackson, Minn. Let us make it the Merriest Christmas he has ever known and show our appreciation of his loyal and efficient service by sending him a Christmas present, every mother's son of us, if it is only a bag of peanuts.
 W. E. GRABENHORST.
 Dayton, Ore.

FREIGHT RATES, ETC.

Editor National Leader: I see the railroads are always howling that they don't get a reasonable rate of insurance on operating their rolling stock. Poor management is the cause. I live on a spur only 43 miles long, and they will pull a business car over this spur most every week, with one to three "white shirts" therein—too nice to ride in a day coach with the passengers.
 We get \$1 per 100 pounds of wheat at our local flour mill, and then come around and buy flour of them for

PISO'S
