

—“so now we have our car,

bought with the extra money we earned at home, in spare time!”

\$536 cleared in 5 months! This is the splendid record of success in Auto Knitting achieved by Mr. and Mrs. G. G. Begalke. Not many Auto Knitter owners have the time and energy needed to bring out the full money-making possibilities of their machines, as Mr. and Mrs. Begalke have, but in homes all over the country the Auto Knitter helps to bring in many welcome dollars every week the year round. Wouldn't you be glad to have some extra money in exchange for some of YOUR spare hours? Read the Begalkes' inspiring story and send for free information about our "Guaranteed Wage Plan." That was how they got their start.

BY G. G. BEGALKE

EVER since my wife and I have been married, it has been our desire to have some kind of an automobile, but as time went on it never seemed possible for us to realize this wish.

When our children came, expenses of course increased. We now have three, the oldest eight, the youngest two, and the care of this growing family has always made it out of question for us to save enough money from our regular income to buy an automobile.

Finally we concluded that we must find some way to earn extra money in our spare time, so we started looking for a home occupation that would enable us to add to our bank account.

We found nothing very promising until last October, when I noticed a full-page advertisement in the Sunday paper, telling how people in our circumstances made money at home in spare time by knitting socks on the Auto Knitter. I called my wife's attention to the advertisement, and she said that it was almost too good to be true, but we were both so interested that we decided to find out more about the work, and mailed the coupon from the ad.

We received by return mail some literature explaining the proposition thoroughly, and we became convinced by reading it that the Auto Knitter Hosiery Company was offering us a genuine money-making opportunity. I said to my wife, "If others can do it, why not we?" So with her consent I sent a money order and we waited the arrival of the Auto Knitter machine.

Just before Thanksgiving the expressman delivered it to our house, and that evening we opened it and found the machine to be just as represented. The instruction book was also too clear and plain to be misunderstood, so I became convinced that we had indeed found the way to make the extra money for our long-desired automobile.

To make a long story short, we soon learned to make standard, salable wool socks, and we are now glad to say that in the four and a half months we have used the machine we have turned out 1080 pairs of men's socks; part of these we sold to the company under the wage contract, and part we sold to private customers at \$1.00 to \$1.50 a pair. My wife just went from house to house a couple of times, displaying sample socks, and after that people began coming to our house to order socks. Sometimes we had to hustle to fill our orders.

And finally, after the knitter and a stock of wool was paid for, we had a net balance of \$536.56 clear profit for our work. On Washington's birthday I celebrated by buying a brand new Ford Sedan, and our long-time wish came to be a fact, thanks to the Auto Knitter and the Auto Knitter Hosiery Company. So now we have our car, bought with the extra money we made at home, in spare time.

My wife and I often speak of that full-page advertisement we answered, and all that it has meant to us since. If we had not invested in the

Why Not Satisfy YOUR Wants Through Auto Knitting?

Even though you may have no actual need to earn money, how pleasant it would be to do so, wouldn't it? To sit down for a couple of hours in the evening at a light occupation that is really more fascinating than embroidery or crocheting, and to KNOW that every bit of standard work you turn out has a steady, always-ready market waiting for it—that is real satisfaction.

That is the advantage which thousands of women, yes and men too, now enjoy because they have learned to make a standard pattern of all-wool socks—on a handy little home-operated machine called "The Auto Knitter."

If you too had an Auto Knitter you could turn your spare time into steady earnings that would rapidly grow into really worthwhile sums of money—to be used for clothes, home furnishings, savings or any of the hundred-and-one needs and wants that keep presenting themselves—often unexpectedly, when your family income is already strained by regular expenses.

When an Auto Knitter owner needs extra money, she simply gets busy making standard socks on her machine, sends a shipment of them to the Auto Knitter Hosiery Company—and in a few days she has the money—in the form of a "check from Buffalo."

"The check from Buffalo" is a welcome visitor in thousands of American homes—and it pays for all sorts of extra comforts, pleasures and little luxuries. This money is used to help pay for new homes—to buy new furniture—to start bank accounts—to help educate children—to pay vacation expenses—to

buy vacuum cleaners, kitchen cabinets, washing machines, phonographs and farm machinery—to start mushroom and chicken-raising businesses.

More Than \$100,000 a Year Being Paid to Workers

The total number of socks being sent in to us by Auto Knitter workers this year will reach over

1,000,000 pairs, and the total amount of wages sent them in "checks from Buffalo" will exceed \$100,000. This will give you some idea of the extent of this spare time industry that the remarkable Auto Knitter machine has made possible to American homes everywhere.

The immense number of pairs is received at the factory, sorted, shipped to more than 9,000 dealers in all parts of the country, including department stores, men's furnisiers and general stores—and sold under the trade name "Olde Tyme All-Wool Socks."

Yet out of this large number of socks received, from novices as well as experts, from new workers as well as old, less than 5 per cent have to be laid aside and returned as being below the standard set for "Olde Tyme All-Wool Socks."

Each Worker Protected By a Contract

You are given a signed Five-Year Work Contract, guaranteeing a market for every pair of standard Olde Tyme Socks you produce, and fixing a definite price which you will be paid for your work, in addition to which you will be furnished with yarn to replace, pound for pound, that which you send us in the form of socks.

You can work as much as you please or as little as you please—and the standard product you complete can be disposed of promptly and profitably to the company. You are not compelled or obligated in any way to send any part or all of your work to the company unless you wish. You can make socks and sell them to your friends, neighbors and local trade. But if you prefer not to canvass or do any selling—then it is always your privilege to send your standard socks to us and receive our fixed rate of payment, together with replacement yarn.

Not a Miracle Worker—But a Real Money-Maker for the Industrious!

The money-making possibilities of the Auto Knitter are great, but their full realization depends, of course, upon the energy and industry of the individual owner. To make over a thousand dollars a year at Auto Knitting is an uncommonly good record and requires "overtime," rather than "spare time" work. But, even in two or three hours a day, worth-while dollars can be made, and our Work Contract guarantees you a market for every standard sock you knit. The Auto Knitter will work just as fast and long as you do yourself, and your pay will always be in proportion to your industry and skill.
