INCOME TAX DECISION

A CHICAGO PAPER GIVES THE SUPREME COURT RULING.

As Stated There, a Portion of It Will Be Declared Unconstitutional—Rents, State and Municipal Bonds Untaxable. Court Evenly Divided.

CHICAGO, April 6.—A special dispatch to The Tribune from Washington, says: The United States supreme court in the income tax case, has reversed the decision of the lower court, but the income tax law as a whole is upheld, but only by a divided court. Two important portions of the law, however, have been decided to be unconstitutional, and they are so serious as to effect materially not only the revenues of the government, but the estimation in which the income tax will be held by the people.

Rents, State and City Bonds Exempt. Under the decision to be handed down by the court, all incomes derived from rents are exempted from taxation by the federal government, and all incomes derived from state and municipal bonds are similarly exempted. In other respects the income tax law stands as it was passed last August, but the result of the constitutional in the supreme court shows very conclusively that the law can be easily picked to pieces, provided suits are brought to contest each particular point that comes up.

A Curious Fact. It is a curious fact, but none the less true, that the law which was passed at the dictation of the Populist wing of a Democratic congress: has been disturbed by the decision of the United States supreme court, clearly on constitutional grounds, in such a way that it will absolutely protect the class of capitalists most offensive to the Populist element.

The landlords of the country will pay no income tax. The owners of bonds of almost any kind, either federal, state, county or municipal, will also be free, while the business man, the manufacturer and the salaried employe, will for the present, at least, be compelled to contribute to the treasury of the United States government 2 per cent of all income in excess of \$4,000 per annum.

The first meeting of the supreme court was held March 16, two days after the conclusion of the arguments, but no decision was reached, and it was not until March 30 that they succeeded in agreeing upon the outlines of a decision, covering the opinion of the lower court.

Court Evenly Divided. The court was evenly divided, Justice Jackson being too ill to take part. Justice Fuller, Justices Field, Gray and Brewer were opposed to the law. Justices Harlan, Brown, Shiras and White voted to sustain the law. The expectation among members of the court is that the decision will be rendered on Monday in open court, but there is a possibility that the court may again be split up into irreconcilable sections, and hold up the decision. If the next congress does not repeal the law with the sanction of the president there will be a sudden rise in the price of all local public securities, as well as of all real estate, for, as they will be exempted from taxation, they ought to get the benefit of the 2 per cent which other income producers are obliged to account for.

HARRISON WILLING.

Hon. J. S. Clarkon Declares the Ex-President Is a Candidate for Nomination.

CHICAGO, April 5.—General J. S. Clarkon, who is in Chicago, stated positively that ex-President Harrison is a candidate for the presidency. "General Harrison," he said, "is not an active candidate perhaps, but he certainly is a receptive candidate. Indeed he is, I think, one of the most prominent if not the most prominent presidential candidate now before the public. As to who will be the party's choice in 1896, I am, of course, unable to say, but it is very certain that General Harrison will accept the nomination if it is tendered him."

LEGISLATURE INTERVIEWED.

Illinois L. makers Place Themselves on Record on the Silver Question.

CHICAGO, April 6.—The Times-Herald prints the views of 103 of the 204 members of the Illinois legislature on the silver question. Seventy-three favor unconditional free coinage and 41 are opposed to it; 14 favor coinage by international agreement, and 13 want coinage of the American product only; 22 are non-committal. Of 67 Democratic members interviewed, 47 are for free coinage and only 4 against it. Morrison is the favorite Democratic candidate for president.

DOLE WAS SNUBBED.

Willis Gives a Brilliant Reception, But Falls to Invite the President.

WASHINGTON, April 6.—The last mail from Hawaii brings an interesting budget of general information. An account is published of the brilliant reception given by Minister Willis to Admiral Dole, to which President Dole was not invited. It was attended by all the American officers from the highest down to the cadets, wearing their gorg ois uniforms. The band of the Philadelphia was stationed in the house and played for two hours. The reception was attended by the elite of the city and is said to have been a success in every respect.

Light Vote at St. Louis.

ST. LOUIS, April 5.—Returns indicate the election of the six Republican members of the city council, who are voted for at large by a majority of from 8,000 to 10,000. Two-thirds of the members of the house of delegates, who are voted for by wards, will probably be Republican. The vote was very light.

Democratic Mayor.

WEST SUPERIOR, Wis., April 5.—B. S. Barkweather, the nominee of Democratic and Populist conventions, was elected mayor over J. E. Agen, Republican nominee.

PAYING INCOME TAX

Officials Think Twenty Millions Will Be Collected by June 1.

WASHINGTON, April 4.—The income tax returns are coming in far beyond the expectations of the officials. To save time and avoid complications, the collectors were instructed to classify and send the returns on the 10th of each month, and therefore no reports have been received of later date than March 10. Nevertheless, as many as 10,000 returns have already been received and are now being verified and recorded. It is estimated that the returns made to the collectors prior to March 10 represent at least \$1,500,000 income tax, and that the actual amount returned to April 1 will probably aggregate \$15,000,000.

Is Exceedingly Gratifying.

It was not expected that returns to any considerable number would be made before the 8th or 10th of April, five days before the time limit expires, hence, the showing so far made is exceedingly gratifying to those having the matter in charge. Another matter of congratulation is that little difficulty is being experienced by taxpayers in filling out the blanks. So far, little or no difficulty has been encountered, and all things considered, the work of collecting the tax is going forward with very little friction. It is expected that at least \$20,000,000 in income tax will have been collected by June 1, the close of the fiscal year. The officials do not express any doubts that the supreme court will sustain all of the important features of the law, if not the entire act as it stands, and are pushing the work as rapidly as is consistent with accuracy.

NEW GREAT NORTHERN CARD.

Time Between Portland and St. Paul to Be Shortened Twelve Hours.

PORTLAND, Or., April 3.—The Great Northern railroad proposes putting into effect about May 1, a new time card by which the time between Portland and St. Paul will be shortened twelve hours. It is also proposed to run a complete through train between St. Paul and Seattle. The line between Spokane and Seattle will thus become a branch line, as the business over it does not warrant the running of a full train.

SUMMONED A GRAND JURY.

Great Dynamite Explosion at Butte to Be Investigated.

BUTTE, Mont., April 3.—Judge Speer of the district court has summoned a grand jury and instructed it to investigate the great dynamite explosion of Jan. 15, by which 59 men were killed and 100 or more injured. The judge told the jury some one was responsible for the death of these men, and he hoped the blame would be fixed by the jury.

Barb Wire Telephone.

MARSHFIELD, Wis., April 3.—There is in practical working order between this place and Hewitt, a distance of five miles, a telephone line, which is novel in the extreme. The wire used is one of the three barbed wire that incloses the right of way of the Wisconsin Central railroad as a guard fence, over which messages are distinctly sent and received.

No Sale of Paper M's Occurs.

APPLETON, Wis., April 3.—The options held by a syndicate on 60 Wisconsin mills expired at noon and the proposed \$10,000,000 deal has fallen through.

Republican Candidates Have Votes to Spare in Michigan.

DETROIT, April 5.—The Tribune says: Practically complete returns from every county in the state indicate that Judge Moore's plurality will be nearly 80,000. The Republican candidates for regents may run 1,000 or so ahead of this. Incomplete returns on the amendment to increase salaries of state officers show that it has been defeated by a decisive majority. In the Third district congressional contest practically official figures place Lieutenant Governor Milnes' majority over Todd at 1,628.
