UNCLE SAM NOT NOTIFIED OF KIMBERLEY'S REPLY

To the Nicaraguan Government—Matters at a Standstill, But Steps Will Soon Be Taken to Enforce the Demand, It Is Said.

WASHINGTON, April 20.—No information has been received here concerning Lord Kimberley's reply to Nicaragua's answer to the British ultimatum, but it is believed that Great Britain will shortly proceed to collect the claim or debt, as it is viewed from the British standpoint. The fact that Great Britain's exercise of force will not be exerted so as to affect the United States interest is indicated by the fact that neither the American nor the British ultimatum has been notified of Lord Kimberley's response. It is said such notification would be given if United States interests were to be even remotely imperiled.

The British mode of action against Nicaragua is believed to be a "pacific blockade" of all Nicaraguan ports, but not interfering with the United States or other commerce. The latest information shows that Great Britain can at once bring to bear the formidable fleets for blockading purposes on the Pacific side and the other on the Atlantic coast of Nicaragua. Two fleets, 19 ships in all, are variously disposed, but all could be rendezvoused for a demonstration of force. The extent of the fleets indicates the preparations for emergencies Great Britain always maintains.

CHINA SATISFIED.

Li Hung Chang Authorized to Sign the Terms of Peace Agreed Upon.

TIENTSIN, April 21.—An imperial edict has been issued authorizing Li Hung Chang to sign the terms of peace in accordance with the Japanese ultimatum. The indemnity to be paid by China is 200,000,000 taels. The edict further authorizes Li Hung Chang to grant possession of the Liao Tung peninsula to the 40th deg. of latitude and the island of Formosa to the Japanese; also to consent to the opening of Peking and four new ports to commerce and to giving the Japanese power to open cotton factories and other industries in China.

Another imperial edict grants sick leave to the viceroys of Canton, and orders his retirement to his native province.

Chinese Preparing to Leave. SIMONSEI, April 19.—The conference of the peace commissioners lasted five hours. All the envoys were present except Viscount Mutau. It is believed that this conference was the final one. It is stated that the Chinese plenipotentiaries are preparing to return home.

Armistice Extended to May 8. LONDON, April 18.—The Times publishes a dispatch from Kobe, saying that the Japanese refuse to disclose the terms upon which peace has been arranged with China until the treaty was ratified, which must be within three weeks. The armistice, therefore, is extended to May 8.

Ch Refuses Certain Demands. LONDON, April 20.—A dispatch to The Times from Peking says it is understood that China has refused to concede Japan's demands in regard to opening certain ports to foreign trade.

ARMED MORE'S BIG LOSS.

The Indian Territory Town Damaged to the Extent of \$200,000.

ARMEDMORE, I. T., April 20.—Twenty-four hours ago Armedmore could boast of being the largest and most prosperous city in the Indian Territory. Now the entire business portion of the city is wiped out by fire and 150 business houses, among which were many two and three-story bricks, are a smouldering mass of ruins. The aggregate loss entailed is variously estimated at between \$300,000 and \$500,000, with the latter figures probably coming near the correct amount. The insurance will foot up to but one-third of the loss.

TO PROTECT THEMSELVES.

English Creditors Will Compel Pierce's Promoter to Surrender.

YANCKTON, S. D., April 20.—The English victims of J. T. M. Pierce, the fraudulent school bond manipulator, have organized the "Realization and Development company," which company proposes to collect all property of Pierce's which it can acquire title to, and to take hold of such enterprises as the Yankton and Norfolk railroad, in which he was the moving spirit, and by completing them, recover at least the principal of the money lost through speculating in Pierce's paper.

A NEW PRINCIPLE.

Case of Simultaneous Last Settlement Decided.

WASHINGTON, April 20.—In the case of L. J. O'Toole versus W. P. Spicer, at Watertown, Ia., for homestead entry, where both parties settled simultaneously on the land in question, Secretary Smith has decided that it must be sold to the highest bidder. This establishes a new principle, a similar one never having come up for decision.

Excitement Subiding.

BRADFORD, Pa., April 20.—Large crowds of men stood about the purchasing office of the pipe lines awaiting the next turn in the oil situation. When \$2.40 was announced as the price a murmur of disappointment was heard and the crowd dispersed. The excitement of the past 19 days has subsided and business is going along as usual.

Two Judges for Kent.

MANDAN, N. D., April 18.—The murder case in which Myron B. Kent, alias W. W. Hancock, is the defendant, was called during the morning in the district court. The prisoner filed an affidavit of prejudice and his attorney, Judge Winchester, and the judge said he would call it another judge.

MRS. PARNELL UNCONSCIOUS.

Mother of the Irish Leader Probably Assaulted and Robbed.

BONDSTOWN, N. J., April 20.—Mrs. Delia T. Parnell, mother of the late Charles Stewart Parnell, who lives at Ironside, overlooking the Delaware river near here, was found bleeding and unconscious by Charles Casey, son of the farmer who has charge of the farm at Ironside. While descending a hill which marks the boundary of the property formerly occupied by Mrs. Parnell's father, young Casey heard

the moans of some one apparently in distress.

Hurrying to the spot from which the sound issued, he found Mrs. Parnell lying beside the fence with her face covered with blood. By her side were two small pieces of board, a piece of fence paling about three feet long, and a brick. Help was obtained, and she was carried to the house of Farmer Casey. Dr. Shipps, who was hastily summoned, made an examination and found that besides several bruises about the face, the woman had a lacerated wound on the right side of the head, from which the blood flowed freely.

Mrs. Parnell is unconscious and because of her advanced age, her condition is regarded as critical. The authorities are unable to determine whether she was assaulted or fell and received her injuries. Her hand bag was found alongside the railroad track near by, with her pocketbook missing and papers scattered in all directions. This circumstance lends an active probability to the theory that she was brutally assaulted and robbed. Mrs. Parnell frequently came to this place at night and remained until a late hour.

UNIVERSITY SUMMER SCHOOL.

That of Minnesota Will open July 29 and Continue to Aug. 25.

MINNEAPOLIS, April 21.—A circular of information concerning the coming session of the university summer school has been issued. The school will open July 29 and continue until Aug. 25, to be conducted by Professor D. L. Kiehle. The school will include university and elementary sections, the former counting upon the regular university course for a degree. Thorough courses will be offered in history, Latin, zoology, botany, German, English, geography, descriptive and physical, rhetoric, reading, physiological psychology, sanitary science, physics, physical science, physical culture, domestic economy, music, drawing and kindergarten work. Besides this complete list of studies lecture courses upon special topics of interest to the teacher will be offered, and educational congresses will be held, as last year.

J. W. SCOTT DEAD.

One of the Foremost Newspaper Men of the Day Passes Away.

NEW YORK, April 21.—James W. Scott, proprietor of the Chicago Times-Herald and the Chicago Evening Post, died at 3 p. m. at the Holland House, this city, while on his way to Old Point Comfort, Va. His death was very sudden. He was taken with pains in the left side during the morning and a doctor was called. He said the pain arose from the passage of a stone from the bladder, and administered morphine. At 1 o'clock Mr. Scott became unconscious and the doctor was hastily summoned again. He found that apoplexy had supervened, probably brought on from the pain, and Mr. Scott died without recovering consciousness. Mrs. Scott and a little niece were the only relatives with him.

THE FIGHT A GO.

Fitzsimmons Declares Himself Ready to Put Up.

INDIANAPOLIS, April 20.—Champion Jim Corbett has received the following telegram from his manager: "Fitzsimmons will put his money up Monday next sure, and it's a go. Take care of yourself."

"That settles it at last," said the champion, "and I now for the first time feel sure that the match is a go. I shall close my theatrical dates at St. Louis two weeks earlier than I expected, and after a rest of three weeks will go into active training at Asbury Park. I am certainly glad that the match is closed for I have been anxious to show the world the merits of the two men. I expect to win, as I think I outclass Fitz."

ALISON WAS THERE.

Heavily Cheered at the Banquet of Travelers at Meriden, Conn.

DES MOINES, April 20.—A special to The Register from Marshalltown, Ia., says: The banquet by the traveling men was a success. Covers were laid for 150, representing not only traveling men, but local workers in the Republican club. Senator Allison talked vigorously and was greeted with hearty cheers. Senator Allison believes in bimetallism by international agreement. The demonization of silver in 1873 was not to make money scarce, as gold was more plentiful from the increase in California and it was then considered that it would continue, as silver was swept away largely into silver countries.

Has a Big Plan.

MADISON, Wis., April 20.—The Chicago and West Colorado Railroad company, capital stock \$15,000,000, have filed articles of association with the secretary of state. The company proposes to construct 800 miles of road in Wisconsin.

Activity in Iron Mines.

NEGAUNEE, Mich., April 20.—The Wheat mine will double its present force as soon as men can be secured, and work to full capacity during the entire season. Recent heavy sales of ore to Chicago commissionaries guarantee the activity of the mine during the entire season.

COMPLICATIONS WILL ARISE.

Dissatisfaction Over a Department Order Respecting the Death of Lewis.

WHITE EARTH, Minn., April 15.—The Chippewa commission has received instructions from Washington to allot no lands to persons of mixed white and Indian blood who have had scrip issued to them under former treaties, and to cancel the allotments already made to such persons. The enforcement of such an order will work great hardship in many cases, and serious complications may arise in consequence.

SALES OF STATE LANDS. Auditor Dunn Says There Will Be None for Some Weeks at Least.

ST. PAUL, April 15.—State Auditor Dunn has received a number of inquiries of late as to the date for the next sale of agricultural lands, which is usually held in the spring. Auditor Dunn has been unable to reply definitely as to these inquiries, as nothing can be done until the outcome of the measures now pending in the legislature relating to the state lands shall have been determined.

Consequently no announcements of sale will be made until the legislative adjourns. If neither of the land bills goes through the usual six weeks' notice required under the present law will be given. Under the terms of H. F. 359, the Staples measure, if it should become a law, there would be no sale this year.

George Ciprico Dead. MINNEAPOLIS, April 15.—George M. Ciprico, the well known economist and former tragedian, died at 3 p. m. Sunday. His death was a surprise to his many friends, as, outside of a limited circle of associates, his illness was unknown.

Iowa Republican Convention. DES MOINES, Ia., April 13.—The Republican state central committee has fixed the date of the state convention for July 10 at Des Moines. J. R. Lane of Davenport was selected for temporary chairman.

WASHINGTON, April 20.—Commissioner Miller of the internal revenue bureau has informed Secretary Carlisle that telegraphic advices received from the collectors of the several internal revenue districts indicate that the aggregate amount of income tax shown by the returns which were filed before the 16th inst., will be about \$14,965,000. Delayed returns and corrections, it is believed, will considerably increase the amount.

The total expenditures on account of the work, including necessary salaries and allowances to the end of the present fiscal year will not exceed \$135,000.

The best judgment of the treasury officials is that, but for the adverse decision of the supreme court, the amount carried by the returns would have been about \$30,000,000, which, during the pendency of the income tax bill was the estimate of the department.

Had No Right to Vote.

LAFAYETTE, Ind., April 20.—In the superior court Judge Everett held that in the suit of Mrs. Helen Gougar, who sought to recover damages from the election board for refusing to allow her to vote at the last November election, that under the national and state constitutions, women were excluded from suffrage, and decided against Mrs. Gougar. The decision is important, because it is a test case.

BOSTON, April 20.—The National Society of the sons of the Revolution is holding its annual convention in this city at Faneuil Hall. JEFFERSON CITY, Mo., April 21.—Of the seven murderers who were to have been hanged in this state on Saturday, the 20th inst., Governor Stone granted a respite in each case until Saturday, May 11. The parties respited are: Jacob Heize, Henry Kaiser and William Taylor, all of St. Louis; James Murray, St. Louis county; Edward Murray, Gasconade county; John Burph, alias Joseph Duxie, St. Joseph, and James Crisp of Webster county. This makes the sixth time that Heize and Kaiser have been on the brink of the scaffold and were saved by a respite from the governor.

MUST PAY THE TAX.

Fight Between a Railroad and a Wisconsin County Ending.

MADISON, Wis., April 20.—A long fight between Forest county and the Northwestern road ended in a favor of the former. The bill provides for levying a bigger tax than the railroad wants to pay. A resolution was adopted, requesting Messrs. W. A. Jones and L. A. Lange, who are on the committee for the revision of the rules, to get pointers from the Illinois legislature. Before retiring, Speaker Barrows announced the following members of the appropriation committee: Messrs. Lamberson, Treat, Anderson and Yawkey, Republicans, and Conway and Schellenberg, Democrats. Assemblyman James T. Ellerson of Wautoma has been appointed game warden.

PREAMBLE AND CONSTITUTION

OF THE

Peoples' Party State League of

Minnesota.

Adopted January 9, 1894.

PREAMBLE.

Being imbued with the faith of our forefathers that "all men are created free and equal, and are endowed with certain inalienable rights; that among these are life, liberty and the pursuit of happiness," and recognizing as we do the present condition wherein centralized capital, made possible by corporate monopoly, is destroying individual rights and freedom, we bind ourselves together in a grand fraternity known as the Peoples' Party State League of Minnesota, with the solemn pledge that we shall never cease demanding "inalienable rights," and that we are unchangeably opposed to all governmental and industrial systems that infringe on the same; and that in order to carry out the foregoing, the work of this organization for the coming two years shall be to educate the people on the influence of finance on national prosperity; the injury of commerce by the monopolistic ownership of land; and, in order that the people may reign and maintain their rights and letter express their desires, it becomes necessary to elect U. S. senators by popular vote, and believing that the Initiative and Referendum, in conjunction with an equitable system of proportional representation is the best system where- to accomplish this purpose, we pledge ourselves to use our best endeavors, personal, financial and organic, to educate the people in all great principles of the Peoples' Party, to the end that all men may be equal before the law.

CONSTITUTION.

ARTICLE I.

SECTION 1. The officers of this League shall be a President, Vice-President, Secretary and Treasurer, and an Executive Board consisting of thirty-nine members, as follows: President, Vice-President, Secretary and Treasurer of this League, and five members from each congressional district, to be chosen by the delegations from the several congressional districts, to be elected annually at each state meeting.
