A remarkable incident happened last Tuesday evening after the picnic at Ole J. Pederson's. One of our young gentlemen had a rig of horses and buggy, and amidst the profoundest interest in playing games the team and buggy disappeared as if a spirit from above had gulped them. But the rebus was solved in the most ridiculous manner, as the team was home before Ole was.

IRVING ITEMS.

During the heavy rain shower last Sunday morning lightning struck Lars Walen's house. It tore up the chimney and destroyed some of the milk in the cellar, otherwise doing no damage.

Lightning struck Gabriel Johnson's house on Wednesday night. It tore up the chimney and the floor. Gregor was shocked by it so that he did not feel well for a couple of days.

I. J. Anderson had the misfortune last Thursday, while grinding feed, to get two of his fingers into the feed mill and got them so badly cut up that they had to be amputated.

The population in Irving is constantly growing. A fine little nameless newcomer girl arrived at the home of Gregor Johnson last Sunday morning. Both mother and baby are doing well.

Mr. and Mrs. Peter Hultgren attended a wedding in Burlbank last Friday and Saturday.

The Irving creamery received 8099 pounds of milk last Saturday, it being the most received any day since it started. The creamery is running in good shape and everybody seems to be satisfied.

Miss Jennie Thompson came home Saturday to make a short visit with parents. Sunday morning Hans was seen trotting over there like a good little boy. He evidently did not care for the heavy rain as long as he could only get a square look at Jennie.

On Monday morning Hans wore a 2 by 6 smile, and when asked if he had been to see her, said, "Just for a little while." Jennie left for Paynesville on Monday, seemingly light-hearted.

Camp meeting will be held in Swift's grove in Irving on the 19th of June, to be conducted by H. Arthur Barton of the Atwater circuit of the M. E. church. Meetings will also be each afternoon and evening following.

John Erickson will have his new house finished so as to move in next week.

A COMMUNICATION.

From a remark made in the Willmar Tribune of June 4th, I see it stated that there exists trouble between the Town of East Lake Lillian and the County Commissioners, regarding the delinquent capitol land rents, and such complaint appears as a slur upon said supervisors.

I, as town clerk of said town, am always present at the meetings of said board and have not observed any action taken contrary to legal rights. Therefore, I find that the statement as given is incorrect.

The delinquent lease fund, from the State Capitol lands situated in the Town of East Lake Lillian, which according to the law of 1891 belongs to the said town and due 1894, could not be re-taken and used for the Crow River ditch project by law of 1895, without the consent of the legal voters of the town, at a regular town meeting.

The supervisors have no authority, as I understand, to give the people's rights away, whatever, on one hand; and on the other, I think it is the supervisor's duty to defend that town's right which they as a board represent.

Let us do unto others as we will others should do unto us.

Respectfully,

L. P. OWRE.

We understand that the Willmar Seminary will add several new departments next year, including a full musical course.

P. G. Anderson was here for a short visit last week, also to attend the Commencement exercises at the Willmar Seminary.

The Tribune office has turned out something fine in the line of wedding stationery lately. You will find our styles and quality correct in every particular and charges reasonable.

The June settlement of the taxes was completed last Tuesday evening, June 11th. This is pretty fast work. Town and school treasurers may now replenish their treasuries.

Prof. and Mrs. H. S. Hilleboe will leave shortly to visit with relatives in the State of Iowa. We understand the Professor will teach a summer school at some point in the northern part of the state.

Ditching is likely to begin on the Lake Lillian ditch this week. We understand that a railroad contractor from the cities got a big slice of the work. The average price per cubic yard for moving the dirt will be nine cents.

Cards are out announcing the marriage of P. N. Olson to Miss Sarah Molin, daughter of Mr. and Mrs. L. Molin, next Monday at the Svea church. The contracting parties are well and favorably known residents living south of Willmar, and the TRIBUNE extends congratulations.

The Willmar and Kandiyohi base ball clubs played a game of ball on the latter's grounds day before yesterday and the score stood 14 to 4 in favor of Willmar. The boys say that but for some wild throwing Kandiyohi would have been shut out entirely. The return game we understand will be played here Saturday.

Hon. and Mrs. L. O. Thorpe were very agreeably surprised by a large number of friends last Thursday evening, who had taken the opportunity, it being the 25th anniversary of the wedding of their worthy host and hostess, to express their respect and well-wishings. Rev. Giere of Belgrade was present and made an appropriate speech.

Mr. O. B. Berkness dealt with his subject in so masterly a way as to leave no chance for criticism.

Miss Josephine Collin showed very plainly the power of kindness in her oration.

Mr. Kron delivered a good speech embellished with flowers of speech.

Previous to conferring the diplomas, Prof. Hilleboe made a powerful address.

The occasion was an impressive and enjoyable one.

FOURTH OF JULY NOTES.

The various committees met last night, but too late to get the reports in this week's TRIBUNE.

The Willmar Fire Department have made arrangements for a grand ball. Delegates from the various hook and ladder companies met last week and decided on the matter. The Willmar Opera House has been secured for the ball and the Willmar Orchestra to furnish the music. The reception committee consists of Messrs. A. Mandell, I. T. Cramer, Harry Ward, John H. Costello, Louis Moline and C. N. Ronning. Floor managers will be G. W. Tyler, John Costello, A. Mandell, A. M. Olson, John Olson, Chas. Jorgenson, P. Bonde, C. Christenson, O. Lundquist and A. F. Nordin.

The Benson band has been engaged to furnish music during the day. We have been unable to learn for certain what other musical organizations will be here, but we think it is reasonably certain that one of them will be the Clara City Cornet band.

The Benson Base Ball club will be one of the competitors for the handsome B. B. purse. It is likely that the afternoon game will be played by the Benson and Willmar clubs.

We understand that the Litchfield base ball aggregation has become weak in the knees and has backed out from their promise of playing here. There will be no trouble in finding another club willing to take their chances of getting the \$75 purse.

Large colored posters are out announcing the celebration, none too soon. We expect that the committee will have the country flooded with posters next week.

It is about time to buckle down and make necessary arrangements for floats, etc. Towards the eventful day our merchants will be more crowded with business and have less time.

The committee on speakers can as yet not report favorably. They were expecting to hear from "Bob" Evans and Gen. Baker at the latest.

W. A. Sperry sells the only Steel Section Open Wheel Wind Mill.

B. C. Boyd and sisters departed for Minneapolis yesterday for a visit.

Sperry defies competition in prices and quality on wind mills. Try him and be convinced.

Sperry warrants his wind mills against cyclones and tornadoes. No one else dare to do this.

Farmers who have good milling wheat will find it greatly to their profit to take the same to Willmar Roller Mills.

Send all fire claims against railroad companies and usury cases to C. E. Burke, No. 1015 N. Y. Life Building, Minneapolis. Best references.

No charge unless successful.

Mossberg's Wonderful Healer is absolutely the only remedy on the market guaranteed to cure barb wire cuts and sores of all kinds on horses and other animals. Heals without leaving a scar. Try it.

TO THE PUBLIC.

I wish to announce to my old patrons that I have opened a feed store in the building south of the post office, where I will be pleased to see you all, and as many new friends as possible. I am ready to sell you flour, feed, etc., at rock bottom prices.

Respectfully,

Erik P. Sundfors.
