THE ENCYCLOPEDIA OF BUSINESS LAW and FORMS,

Is a Complete Dictionary of Legal Knowledge, for Business Men, Mechanics, Landlords, Tenants, Workmen, Capitalists

And all who have Business Transactions of any Kind, as well as LAWYERS and CONVEYANCERS.

This volume has a fullness and completeness possessed by no other. Its law and its forms are modern. They apply to every State in the Union, to every form of society, and every phase of business. With this book at hand, you may readily and easily understand how to be your own LAWYER in all ordinary

BUSINESS TRANSACTIONS,

How to Write Contracts, Agreements, Deeds, Mortgages, Judgments, Leases, Wills Etc., or act as Arbitrator, Administrator, Executor, Trustee, Magistrate, Supervisor, Constable, Etc.

By its possession you may save hundreds of dollars. You avoid Law Suits. Libraries worth thousands of dollars incorporated into a single VOLUME, representing the study and decisions of the most able lawyers and supreme judicial authorities. Not simply one man's opinion, as in former law books, but a book of authorities, showing the very source of the Law. Over 15000 Law points answered in most complete

Alphabetical Order,

and over 2000 Law Forms, unequalled in brevity, clearness and perfection.

It is a condensed Law Library in one volume, arranged alphabetically, so that whatever subject is wanted, can be found as easily as a word in the dictionary. Every man, from the Day-Laborer to the Millionaire may here find his rights and duties clearly defined, and acquire a thorough practical knowledge of business Law and Forms.

EVERY MAN

Has felt, at some time or other, the need of just such a book. Men in every capacity must have transactions of a legal nature. They enter numerous into every department of life. To be always ready and apt, to

MAKE EVERY TRANSACTION SURE,

to be counted a safe and expert business man, require precisely the knowledge provided by this book. It is the prudent man who avoids dangerous and troublesome matters by finding where they are before he is upon them, and the law being the record of these matters, points them out and warns the cautious and prudent against them. Only those who are IGNORANT of the Law fall victims; they sleep when they should be vigilant. Having this book will prevent many a dispute, settle many a controversy, and in a single instance may save you

TEN TIMES ITS COST.

In this book one is not left to the helpless work of copying a form he knows nothing about. He finds, in connection with each form, the principle—clearly and explicitly stated—upon which the form rests. Thus he is put on equal footing with the LAWYER in his office, and may exercise a judgment as independent and safe as if he paid one hundred dollars for it. The work is thoroughly reliable. Each statement made is based on actual decisions and the Highest Authorities known to and recognized by the law. It contains 702 double column pages, clear and beautiful type, handsomely and durably bound, and is the only book of its kind. No man's library is complete without a copy of this book. Sold only by

J. Emil Nelson,
 Willmar, Minn.

New London Newslets.

A son was born to Mr. and Mrs. H. Polman last Saturday morning.

(From N. L. Times.)

Mr. John Q. Andrews of Litchfield was in town Saturday.

Cashier Handy, of Willmar, "biked" into town Wednesday.

Dr. Mantor, the dentist, will be at New London Friday, Aug. 23rd.

Miss Lena Paulson, of West Lake, is visiting with relatives here in town.

Mrs. P. Hakanson and Mrs. A. E. Olson with their children visited at Willmar over Sunday.

Rev. John Johnson, of Minneapolis will hold religious services at the Mission Chapel next Sunday (to-morrow) at 10.30 a. m.

Mrs. John Barber accompanied by her son Lee, made a trip to Minneapolis Tuesday morning returning Wednesday evening.

Jennie Louisa, infant daughter of J. B. Johnson, of Irving, died last Saturday at the tender age of 11 mo. The funeral occurred last Monday.

Messrs. E. F. Fink and Albert Nelson are again out surveying that Lake Lillian ditch. Willie Cole is also with them and will act as teamster.

Harvey Cover, a young gentleman from Peru Ind., arrived this week. He will probably work at the carpenters trade at this place. He is a relative to Mrs. E. A. Wright.

Dr. Fair, of Paynesville, was up last Wednesday looking over the ground as he is thinking somewhat of locating here. He has been a doctor at New London once before.

Mr. Nils Mikkelsen, moved his household to Willmar this week. We regret to see Mr. Mikkelsen leave New London and wish him success in his new place of business.

Mr. John Bengtson of Kandiyohi was in town last Sunday looking for farm hands. He says that working hands are very scarce around there and they will pay \$1.50 for farm hands during fall.

Byron Cole has received a pension at last.

E. M. Tousley and W. W. Wooley of Howard Lake were in town last week in the interest of the Modern Woodmen fraternity.

Why do the waters in Green Lake appear so green? Is a question we have often heard asked. Our solution is that it is caused by the reflection of the sandy bottom. Yellow and blue make green. The yellow reflected from the bottom intermingling with the reflection of blue from the sky cause the green appearance of the lake. Few lakes have such clear sandy bottoms as Green Lake.

Dr. Johnson wishes us to announce that all insinuations to the effect that he has advised or threatened any other doctor not to locate at New London is false. He said that Dr. Adams, who intended to locate here, asked him to see his books to find out the amount and range of his practice while at New London and that his impression of the interview was that Mr. Adams would locate.

The excitement this week was the ringing of the fire-bell last Monday. Ringing the fire-bell has about the same effect with the people of our town as poking a hole in an ant hill—they come out in swarms. The barn of the place where E. H. Larson lives was on fire, but as it was on the outskirts of the village and could not be reached by the water hose, it burned up in a few minutes. The fire was set by Mr. Larson's little boys who were playing with matches.

Wheat promises a good yield generally throughout this part of the country. Jonas Lundberg who lives a few miles north of town threshed two (not large) loads of wheat and received 25 bu. of grain. The latest sown is the best this year. The wheat that headed out during the drouth did not fill hence the kernels are very shrunken. The most superb wheat field around for miles is probably the one on John O. Nelson's farm at Nest Lake. It was sown late and stood green when the other fields were heading and therefore received the benefit of the late rains. Nels Olson, of Green Lake, who has had some wheat threshed, claims to have got about a bushel to the shock.

Miss Maria Hough visited with her parents in town of Hayes Sunday.

Mrs. G. Berge and children are visiting with her parents at Lake Johanna.

Mr. O. G. Hough bicycled himself out to his home sweet home last week.

Rev. Barackman, formerly pastor at this place shook hands with us last week.

Rev. N. Frykman held services in the Presbyterian church last Wednesday evening.

Miss Rosa Mahlow returned from Henson last week where she had been spending a few days with friends.

Mr. Chas Swanson is making preparations to build a residence on corner of Wyoming ave. and 10th street.

Cashier Brandt, of Murdock, viewed our new bank building last week. He admits that it is a credit to our banker and town.

I. B. Prather's hardware store was burglarized one night last week. Considerable show case goods were stolen. No clue to the thieves.

Messrs J. Gordhamer and Oluf Hough of the firm G. & H. both set up cigars on the same day last week on the arrival of a girl baby respectively.

A lawn social was given last Thursday afternoon and evening for the benefit of the Norwegian Lutheran church. The net proceeds were \$20. A very good program was rendered, consisting of reading, recitations, and music, vocal and instrumental.

Citizens and farmers living in the country tributary to our village feel indignant and disgusted with the slowness of the R. R. Co. in building the loading platform which they agreed to long ago. We will consult the chief executive department of the state next.

Spicer Spats

Aug. Schollin is on the sick list.

Chris. Jacobson drove to Willmar Thursday.

Doc. Twitchel has broken camp at Crescent Beach.

The home of Rev. and B. Reitan was blessed with a brand new boy last Wednesday.

Spicer also has an inventor. Tom Neigard is working on perpetual motion.

Sunday school and services were held at Crescent Beach by Rev. Johnson Sunday.

The Cargill elevator is now open for business, with Mr. Peterson of Kandiyohi at the helm.

F. C. Hardy and C. E. Hornbeck, of Willmar, with families are camping at Crescent Beach.

Messrs. Jay and Dittis with families, of Raymond, fished here with fair success a few days last week.

'Tis sad! Green Lake claims another. This time it was the sad and deplorable fate of Capt. Tom Neigard to lose his highly prized—Waterbury watch.

Messrs. Hardy, Mantor, and Nordin, as committee on arrangements for the A. O. U. W. and D. of H. picnic to be held here the 21st, have left nothing undone which would add to the success of the picnic.

Judge Smith, of Yankton, S. D., departed for home Saturday, having spent three weeks at Larson's beautiful resort. The Judge is highly delighted with our beautiful Lake, and will be with us again next season if his health will permit.

The sudden change of wind Friday during the storm formed small whirlpools and waterspouts on Green Lake. Boats were rolled into the woods, bath tents blown down at Crescent Beach, all telegraph wires just of the depot were tangled and three trees were blown across the wires north of here.

J. J. Henderson says: It was the worst wind storm at our place that we ever saw. Trees two feet in diameter were blown down, sheds unroofed and our nice settings of grain—well, it will be necessary for us to thrash two sets as soon as they are sufficiently dry, the stacks being so demolished that it would be almost impossible to re-build them. Comparatively little rain fell.

St. Cloud folks are asking about accommodation for 500 strong, that wish to picnic here about Sept. 1st. All that seems lacking is a good ball ground, and if none can be prepared it is very doubtful about getting them here. The St. Cloud nine seems anxious for a challenge. Here is a chance for Willmar. Let us buckle together and get the grounds.

Landlord Larson treated his guests to an out door dinner and ride around the Lake Wednesday. The steamer was chartered to be on hand at 11 a. m. Dinner was served at the outlet of Green Lake at 1 p. m. They steamed down the south shore and reached home at 7 p. m. Captain Neigard says that everything was pleasant except the lecture he got from Mr. Larson's hired girls for not returning with the party sooner.
