A. FLYGARE, Chair. Co. Com.
ASLAK O. NASSET, County Auditor.

In a private letter from Col. M. D. Manning, who at time of writing was visiting the new National park of the old battle-fields near Chattanooga, he states that the G. A. R. encampment at Louisville, Kentucky, was the grandest affair of that kind ever held, that he was looking over the battle-field of Chancellorsville and would leave for Atlanta in a few days. He will also have the pleasure of being present at the dedication of the new National Park. To those who are less familiar with the location of the various battle-fields of the Rebellion, it might be of interest to know that the battles of Chancellorsville, Chattanooga, Look-Out Mountain, Missionary Ridge, besides a large number of conflicts of less magnitude were all fought within the radius of a few miles to the east and south of Chattanooga. This tract has been ceded by the states to the Federal Government, which is now converting the same into a National Park. The grounds have been restored to the exact condition in which they were during the war and the visitors may with the aid of tablets and monuments trace the movements of the troops in that memorable several days struggle, in which the genius of Grant, backed by the never failing execution of such generals as Sherman, Hooker and Thomas, led the Union forces to victory. The opening of this park combined with the Cotton Exposition at Atlanta, furnishes an objective point of more than ordinary interest to anyone who can afford a few days excursion. The railroads have reduced the fare, we understand, to a very reasonable rate.

Ladies, Take Notice.
I wish to announce to the Ladies of Willmar and vicinity, that I have purchased the millinery stock formerly owned by my brother, and expect to open up, October 1st, on Litchfield Ave., opposite Stearns Laundry, with a fine line of millinery goods from Chicago. My hats will be trimmed in the latest style at Chicago by the most experienced trimmer, from the latest Paris and London designs. As I shall conduct the business on a strictly cash basis, I will be able to sell goods at a very close margin, or in other words, what I shall offer will be rare bargains. Hoping to be favored with part of your patronage, I remain,
Yours Respectfully,
HANNAH ANDERSON.

Holam Items.

The frost lately did much damage to corn and garden stuff. The hum of the threshing machine can now be heard in every direction.
A brand new "Skraale-hals" (baby) arrived at Heige Freese's the other day.
If Madams Rumor is correct the wedding bells will soon jingle in this vicinity.
Helge Torrison who is at present working near Starbuck, Minn., made a short visit with his parents last Sunday.

Mr. Erick Holam, who is in the employment of H. Dalager at Glenwood, visited with his parents at this place Sunday.

Mr. Engebrect E. Holm, who moved to Dane Co. Wis., some 14 years ago, has disposed of his property there and returned here again, where he has purchased a farm and intends to live the rest of his days. Welcome Mr. Holm.

Edwards Reporters.
Jim Johnson is building a granary.
Farmers are now busy plowing, threshing and cutting corn.
The humming sound of the threshing machine is our daily music.

Miss Clara Johnson returned home from Minneapolis last Thursday.
The young people of this town had a good time at Jim Johnson's last Sunday.

Mr. and Mrs. Chas. Isaacson made an overland trip to Kandiyohi last Sunday.
John Tygeson is looking blue. We think it is because his best girl has left him in the cold.

Rasmon Bros. has bought a 16 horse power base threshing engine. The boys mean business.
The crops are turning out better than was expected, wheat yielding 20 bushels to the acre as an average.

Wm. Jadrstrup visited the State Fair and brought home a bicycle. The correspondent has not seen it but it is reported that it is built for two.

WHY IT IS I.
Kandiyohi Knots.

An addition is being built to the barn at the parsonage. Threshing is in full blast and the average crops are good.

Another case of diphtheria is reported at St. Peterson's. Dr. Gibson was called Sunday night. Nels Johnson has sold his share in the threshing outfit, owned by Lundquist & Johnson to John Peterson.

Adolph Lundquist has returned to Gustavus Adolphus College at St. Peter, to again resume his studies after his summer vacation.

School has been closed at Kandiyohi Station, District No. 35 and the Sunday school in Tripoli church. Not a child was visible at the church Sunday.

The heating apparatus purchased from Osberg, Peterson & Co. of Willmar, for the Tripoli church, is being put up, and will no doubt make a noble fight with Jack Frost when the time comes.

Mr. Carl Johnson raised 2900 bu. of wheat, 900 bu. of oats and 80 bu. of flax on his farm. The wheat yielded about 28 bu. per acre. Nels Person raised 2600 bu. of wheat on his farm, average about 30 bu. per acre. John Bergquist threshed the crop on one of his farms, yield about 30 bu. per acre.

We have been told by parties that Larson's children who died of diphtheria were attended by Dr. Johnson, which is not so. Evidently some of his enemies thought that they might injure his reputation as a physician in circulating said report. It's a lie nipped in the bud, and made devoid of its object.

The Angel of Death has lately visited our neighborhood with His sharp scythe. All of Mr. and Mrs. C. A. Larson's children one girl and two boys having died in the terrible disease, diphtheria, Ellen, 12 years and Evar, 6 years died the 9th inst., and Carl, 4 years, died the 11th inst. The sorrow stricken family have the sincere sympathy of the entire community in this their terrible affliction.

A "Harvest Home" Festival Will be held in the Willmar Opera House both afternoons and evenings of Sept 28th and 27th. The house will be handsomely decorated in original designs, and a succession of booths and tents will be made attractive. Also a "Curio Corner" and works of Art will be on exhibition. On the first evening Longfellow's "Evangeline" will be represented by Readings, Tableaux and Music. The second evening Josiah and Samantha Allen will attend the Festival and give various selections and life like Tableaux. 25 cents admission for adults and 15 for children will admit anyone to all entertainment and an excellent supper either evenings. Music and a joyful time. Let everyone come and rejoice in the great harvest of this year.

A. G. Mardin says that Dakota dirt doesn't pay. From a quarter section under cultivation he received a check for \$232 from this year's crop and is thankful for clearing the seed.

Nelson Olson and Mr. Lundquist, the railroad contractor, attended the State Fair together. Olson and Lundquist are old acquaintances since the early settlement of Minnesota.

The engine purchased by Johnson & Pinney for the mill came last Wednesday and was hauled over by Byron Cole. It weighs about 6,000 pounds.

Johnson & Pinney will have their mill in running order in a few weeks, when they will be able to take care of their patrons in the full sense of the word.

Miss Marie Railson and her brother Elmer stepped on the trains here Thursday. Miss Railson was enroute for Albert Lea where she will teach this winter. Elmer is attending the State Fair.

Says E. A. Wright can't raise onions! From two small patches one 2 by 1 1/2 rods and the other 6 by 2 rods, he took up 100 bu. of finest and largest onions in the market. Just drop around and buy a bushel or two and try them. A man who can raise such onions ought to be patronized.

Those low weak specimens of humanity, who done so much of that "taking" around here last fall, seem to be putting in their work again. Peter J. Nelson, at Nest Lake, one morning found his potato patch plundered and a lot of potatoes must have been taken away. This is indeed a sinful business, and the fellow who done it should be made an example of. These thieves have long been working in security, but they will be caught some time.
