Some very interesting races were the features at the Swift county Fair at Benson last Friday afternoon. It's a wonder however that one of the young men who rode in the pony race did not get his neck broken. While going at break-neck speed around a curve of the track the saddle slipped to one side and the boy fell, but evidently he did not get any broken bones as he jumped to his feet immediately and started after his pony.

HAVE YOUR SCALES TESTED
The case of State vs. Hitchcock, tried last week before Justice Ramssett, was upon a charge of larceny of wheat. The farmer had weighed his wheat before bringing it to the elevator, and found a difference of seven bushels in three loads. At the trial the case was dismissed for the reason that the farmer's scale had not been tested and sealed by law. This should be a warning to farmers and merchants, to have their scales tested and sealed, as otherwise they will not stand in law, nor can anything weighed or sold upon unsealed scales be legally collected.

DIED.—Ida Maria, daughter of Mr. Over Shipstead, of Ringville, Thursday evening, of heart troubles, at the youthful age of 14 years.

She died very suddenly, being ill but half an hour before her death. She leaves a father, four brothers, seven sisters and a large number of other relatives and friends to mourn her departure. Her mother died four years ago, the funeral occurred last Saturday afternoon at the Gausdahl church, Rev. Midthun officiating.

Dr. "White Eagle" the would be mind reader and hypnotist, who was to exhibit his great skill at the hall last Saturday evening, made a fizzle out of it. His trickery was so neatly exposed that it made him feel as did the pursued fox, he felt like creeping into a hole and pulling it in after himself. He evidently found he could not fool and bulldoze the people of New London as easy as he thought. There were a number of skeptics in the town on the subject of mind reading before Dr. "White Eagle" made his experiments and now the number has increased.

WHAT THEY SAY OF IT.

Brief Extracts From Our Exchanges On the Big Willmar Log-Jam.

The Woodmen meeting at Willmar of the 20th ult. has been extensively noticed in the local papers of neighboring towns as well as by the city dailies. The papers that especially wrote up the affair and came to our notice were the Atwater Republican, Litchfield News Ledger and the Dassel Anchor. They all speak in high terms of the entertainment, and the good time they had. We would much desire that our space would admit of reproducing all the notices, but we must be content with giving the following few extracts;

THE PROGRAM.
The program was under direction of E. M. Tousley, Deputy Health Consul and consisted of speeches and music both vocal and instrumental. The Howard Lake Glee Club composed of Geo. Means, C. H. Rucker, A. J. Ellis and W. W. Woolley rendered some excellent selections and were encouraged again and again. A piano solo by Miss Camilla Kornerup was most tastefully rendered. Prof. Rognlie gave Traumeret upon the violin in his usual fine style. Miss Susan Wilcox was recalled after singing "The Sweetest Story." In our judgment the gem of the evening was the singing of Miss Ella Mossberg who is possessed of a very fine contralto voice and is well finished in her renditions. At 11 o'clock the members and candidates adjourned to the Odd Fellow's Hall and proceeded to "Monkey with the band-wagon" till a late hour. Supper was served during the evening in the Opera House. The occasion was one long to be remembered and much credit is due to Willmar Camp for the hospitality and kindness to the visitors. A choice souvenir menu card was prepared by the TRIBUNE and was an elegant job of printing. Atwater camp was on her muscle and all but 12 members were present. In the parade they made an excellent appearance and their gigantic Axe, Beatie and Wedge were subjects of much comment.—Atwater Republican.

WHAT LITCHFIELD HEARD.
Last Friday night fifteen of the Litchfield Woodmen journeyed to Willmar to witness the initiation of one hundred new members in the Willmar camp. Upon arrival of the train, the Woodmen on board, with those who had already arrived from the west, making a total of 350 formed in procession with torchlights and marched to the opera house where a public meeting was held with a choice program of music and speaking that occupied the time until 11 o'clock. The address of welcome by Dr. C. Johnson was a most happy one, and was ably responded to by editor Satterlee, of Atwater, whose bald-headed eloquence is of a superior quality. Among other speakers was Dr. C. A. McCollom, head physician, who illustrated the growth of the order by stating that while Atwater Camp, 50 days old, bore the number 3,058, the last charter issued was numbered 3,200, a growth of nearly three camps every day, something never experienced by any other similar organization. He told the ladies present that while the ordinary Woodmen were not at liberty to tell any of the secrets, he as a head officer, was at liberty to impart information, and took this occasion to say that every Woodman, upon being initiated, took a solemn and binding obligation to get up mornings and build the fires.—Litchfield News Ledger.

THE DASSEL EDITOR NOT IN IT.
If we have been informed on it we have been a hundred times that we "have missed the event of your life," in not attending big event in the history of the Modern Woodmen of America, and of Minnesota, at Willmar last Friday night. * * * The 7:33 train on that evening arrived here already loaded with enthusiastic "woodpeckers" and Dassel Camp No. 2832 helped swell the number by about 25.

All that were able to get away attended. * * * Three large halls were used in the adoption ceremony of a class of over a hundred candidates. The work was grandly exemplified by a complete working team from the Minneapolis camp. * * * A feature of the musical program was the singing of the Howard Lake Glee Club, and the playing of Miss Kornerup pianist, Prof. Rognlie, violinist, and Misses Mossberg and Wilcox, vocalists. Enthusiasm was up to a high pitch, and the event will be long remembered by the fraternity as one of the greatest in the history of the order. The Dassel delegation returned home Saturday morning tired but happy. The Glee Club sang a parting selection as the train pulled out and all was over.—Dassel Anchor.

About fifteen Litchfield Woodmen attended the meeting of the Willmar lodge on Friday evening

of last week, at which time 96 new members were initiated. They report having had a most delightful time.—Litchfield Saturday Review.

Hans Johnson, an employe of Even Raulson of Norway Lake, was found senseless last Wednesday, presumably kicked by a horse. He recovered from the shock, Dr. Johnson having been called to administer medical aid.

The concert yesterday in Music Hall was attended by a great and musically appreciative audience that numbered nearly 5,000 people. The Ovide Musin company covered itself with glory. The virtuoso himself, Ovide Musin, played in such a finished style that the audience went wild with enthusiasm.—Cincinnati Enquirer.

Hon. F. M. Eddy sends us a long and very interesting letter. He claims that the reporter of the Minneapolis Tribune misquoted him in the interview referred to and that the language was not used in any offensive sense in regard to the silver sentiment among the farmers. Healsays that he will later on state his position on the money question fully, and asks us to suspend criticism until then. C. J.

What a Visitor Saw.
To the readers of the WILLMAR TRIBUNE:

I was in the city of Willmar a few days ago last week, looking over the town and its business enterprises. Was greatly surprised to see the large stock of clothing and goods of every description at such exceedingly low prices, considering the quality of the goods. I was shown suits for boys from 4 to 19 years, all in the latest styles, from \$2 (two) to \$8 (eight dollars) and men's suits from \$4.00 to \$15.00, all of the very best quality according to price. Over-coats and fur-coats of all kinds from the cheapest dog-skin coat up to the finest otter trimmed coon and buffalo coats in the market. If you wish to see and inspect these goods yourself, go to Aug. Hoglund's general merchandise store, and you will be surprised at the very low bottom prices he will quote you on all the goods he has in stock. AN OBSERVER.

While attending the Swift Co. fair at Benson last Saturday a representative of the TRIBUNE had the pleasure to meet the noted bicyclist, Miss Helen Baldwin, of San Diego, California, who had been engaged to ride in the races at the fair. On Friday afternoon Miss Baldwin rode in a race against three crack riders of Benson. The race was supposed to be a 3 miler, making 1 mile each for the Benson riders, but owing to the severe wind the managers decided to make it 1 1/2 mile, making only 1/2 mile each for the Benson boys. Owing to the short ride, the boys could make a great spurt, and the two last of the three riders did get under the wire a little ahead of her, and no doubt they thought they did nobly. If the race would have been 3 miles as intended we believe she would have won easily, because the Benson boys would have given out on the last half of the mile. Miss Baldwin is an enthusiastic "cycle-woman," and, as well she might, no doubt takes great pleasure in her prowess as a cyclist. She is graceful in her movements, skillful, and rides her bike with apparent ease and pleasure. Miss Baldwin has made arrangements to ride in San Francisco, Cal. in October, after which she intends to visit Australia, from where we will no doubt hear of her exploits on the wheel.

Hans H. Thorson, of Edwards, was examined before the Probate Court yesterday, and was pronounced insane by the physicians, and will be taken to the asylum shortly. Has has before been committed to such an institution but was released as having recovered.

Two Willmar boys, A. C. Johnson and Frank Winblade, went to Benson last Friday and captured the first and second prizes in the three mile handicap, prizes consisting of ten and five dollar gold medals. Bravo, boys! But perhaps the fact that they were the only riders in the race detracts somewhat from the glory there is in it for them.

The Willmar Argus gives as its "opinion" that the TRIBUNE has injured the strikers' cause by its comment on the matter. That is the old song of advice from plutocratic sources. Be meek and and fawning. If the men were begging for mercy simply that might be the proper way of obtaining it, and it would be an admission of guilt. But the men want justice, pure and simple, and that will never be had in that way. On the other hand we have never "sneered" at the Great Northern R'y or its official head. What the TRIBUNE has said it has said in a straight forward and plain manner, and has sneered at no one. We demand right and justice, that is all.
