Also come prepared to ask questions about anything that troubles you or on which you want information. Questions regarding creameries and skimming stations will also be in order. Also regarding the feed and feeding for milk cows. This meeting will be of great value to all farmers who own cows, and none should neglect to attend. The night school is the coming feature in the rural districts. During the long winter evenings two hours spent by the teacher in assisting the more mature persons in spending their time with profit will be productive of the best results. Gather them in—the youth and the adult. Let willingness to improve be eligibility.

Never in our experience have we had such a call for teachers. School boards have, almost without exception, asked for those having certain specific qualifications. In many cases we have been compelled to admit that we could not furnish the required material. This is a hopeful sign to those who are endeavoring to thoroughly qualify themselves for the work.

Two school houses have recently been burned, both of them in the night time: The one in the O'Brien district north of Atwater and the one in what is known as the Eddy district in the west part of Whitefield. The one in the O'Brien district was insured for \$350 and that in the Eddy district for \$550. In both cases the loss was heavier than the insurance carried.

The diphtheria scare in the Third ward last week was a fake, being absolutely without any foundation whatever.

What a Visitor Saw.

To the readers of the WILLMAR TRIBUNE:

I was in the city of Willmar a few days ago last week, looking over the town and its business enterprises. Was greatly surprised to see the large stock of clothing and goods of every description at such exceedingly low prices, considering the quality of the goods. I was shown suits for boys from 4 to 19 years, all in the latest styles, from \$2 (two) to \$8 (eight dollars) and men's suits from \$4.00 to \$15.00, all of the very best quality according to price. Over-coats and fur-coats of all kinds from the cheapest dog-skin coat up to the finest otter trimmed coon and buffalo coats in the market. If you wish to see and inspect these goods yourself, go to Aug. Hoglund's general merchandise store, and you will be surprised at the very low bottom prices he will quote you on all the goods he has in stock.
