A Bronze Medal
E. P. Sundfors has on exhibition at his flour and feed store the World's Fair diploma and medal awarded to Nels Enge, for the good qualities of his Atwater Flour. Mr. Sundfors sells this flour and naturally takes much pride in showing this medal to his customers, as it is one of the best advertisements possible for the goods he sells. The following is a description of the diploma and medal.

The documents tell in clear, concise language the particular merits for which the flour was awarded the medal, and are signed by the highest officials of the World's Fair board. The medal is a very beautiful piece of bronze set in velvet and set in a silver case. On the face is the figure of Columbus in bas-relief, standing on shipboard, with head raised towards heaven and one foot extended. On the other side is a smooth space, in which is engraved a legend telling the date and occasion of the commemoration, and the words: "To the Atwater Roller Mills." Above this are two female figures in flowing robes and holding rolls of manuscript. Below the space are the emblems of the industries and arts and a Globe.

The Wedding of Charles H. Ferguson and Miss Betsy Larson took place last Wednesday morning at the home of the bride's parents, Mr. and Mrs. A. W. Larson, on section ten, town of Swede Grove. The impressive ceremony which united them in the holy bonds of wedlock, was performed by Rev. Father Boland of Litchfield.

After the ceremony the congratulations of their many friends were received by the happy couple, and all partook of a bounteous wedding breakfast. Both of the contracting parties have spent their lives in this vicinity and are well and favorably known, and all join in wishing them happiness and prosperity. Mr. and Mrs. Ferguson have taken up their residence on the fine farm of the groom, near Diamond Lake, where they will be pleased to receive their friends.

C. E. Swan died last Wednesday night. He came to this county 27 years ago and settled on the shore of Lake Elizabeth, where he lived until he sold the farm five years ago and moved into Atwater. He was about 75 years old. He leaves a wife. The funeral will be held today at the Swedish Lutheran church, Rev. Rev. Wenner of Litchfield officiating.

The storm of last Thursday evening caused the residents of Atwater considerable anxiety. Ominous clouds rolled up from the Northwest, accompanied by heavy peals of thunder; then they began to roll and tumble, and soon assumed a funnel shape, west of town. It swept along for about three miles before breaking up. Luckily there are no houses in its path, and the only damage done was the demolishing of the granary and windmill of Jens Peterson.

East Lake Lillian.

Quite a number of young folks from Bird Island and vicinity spent the fourth at Lake Lillian.

A heavy rain-storm passed over this locality on Thursday afternoon, July 2nd, apparently doing considerable harm to the growing crop. Favorable weather, however, afterwards straightened up the grain again, so the damage done was comparatively small.

The prospects for a good wheat and rye crop are poor; while oats and barley promise to be pretty fair.

Mr. and Mrs. L. P. Owrre enjoy a visit of their daughter and son-in-law, Mr. Grantvalley, of St. Paul.

The People's Party League held a meeting in School house, Dist. No. 81 on Saturday, July 11.

Dangerous Tramps.

The people of Grove City are excited over the action of two tramps near that place yesterday afternoon, and if they are caught, the indignant citizens may decide to meet out a little justice as they see it.

About two o'clock yesterday afternoon, Miss Emma Johnson, whose home is in Irving, Kandiyohi county, started home from Grove City, and when about three miles south of town was stopped by two tramps. One of them grabbed the horse's head, and the other stepped up to the buggy, and told Miss Johnson to get out. She struck the horse with the whip and the tramp holding the horse was knocked down and about the same time two shots were fired by one of the tramps. The horse ran away and Miss Johnson was thrown out and dragged some distance. She received injuries which rendered her unconscious and when she regained her senses, the tramps had disappeared. She went to the house of Peterson Elfstrom and told her story and soon a crowd of angry citizens were scouring the country for the tramps.

Dr. Robb was called and found that Miss Johnson had received bad wounds on her head and side.

Late in the afternoon a tramp was arrested and taken to town but he was not one of the guilty ones. A telegram from Grove City this morning, states that neither of the tramps have been captured, but the search is being continued.—Litchfield Saturday Review.
